## **Lonewolf's Woman** Deborah Camp

Orphaned, penniless, and determined to keep her family together, Elise St. John hastily arranges to marry the half-Apache Missouri landowner, Blade Lonewolf, who has agreed to adopt her younger sister. It is a marriage in name only, intended to make the unconventional adoption acceptable.

But as they try to form a family—a Baltimore debutante who can't even cook and an outcast Indian whose heart is closed to love—they are beset by needs and desires they never anticipated. Living with Blade becomes a sweet torment.

His vitality awakens Elise in a desire that's too dangerous to acknowledge—but just as impossible to ignore. For Blade, true love becomes a tantalizing promise held just out of reach. It is only when they are in greatest danger of losing everything that they find the fulfillment of their most splendid dreams.

## From Reader Review Lonewolf's Woman for online ebook

### Lella52 says

Una storia che mi ha fatto sognare: adoro il "vecchio West"! Donne indomite che sfidano la natura avversa e uomini coraggiosi e ...affascinanti!

---

### Leanne says

It's a romance which is nicely balanced, there's a baddy, social commentary and a handsome, sensitive protagonist, a lovely summer holiday read.

---

### Maleka says

Oh it wud b awesome to have an epilogue

---

### Alexandria Andrews says

Great book! Really sucks you in. I could hardly put it down. Definitely a must read if you enjoy a little blazing romance every once in a while :)

---

### Melanie says

I enjoyed the characters in this one - there's something about a city girl finding love with a half Apache farmer!

---

### Coffeerequired says

Typical of this genre,it was a fast,easy read. In other words,couldnt put it down until it was finished.

### Rose James says

#### Lonewolf's Woman ( Wild Hearts Book 3)

This book by this author deserved the 5 star rating. It was a geat book, and it was told in such a delightful story, that it held my interest throughout my reading it. It has a lot of unexpected events happening that were not looked for. I really enjoyed this book and I know that you will enjoy it also.

### **Georgia C. says**

#### **wonderful romance!**

I read a lot. and I read various genres. this is one of the absolute best romances I have ever read :) I adored this couple. everything about them. I listened to this as an audiobook and it was incredibly read. if you need a good romance to brighten your day try this one. it's fantastic!

---

### **Katrina Passick Lumsden says**

I actually kind of liked this book. It's definitely not one of my favorites, and I doubt I'll ever read it again (or even skim my favorite parts like I do with some others), but it's a fairly sweet story. The premise was actually kind of original, and the characters remained pretty consistent. More importantly, the characters weren't perfect, but were flawed in *believable* ways, and I found I was still able to like them despite their flaws. Which was refreshing.

There was, of course, the classic problem of the hero and heroine not communicating and foolishly assuming things about the other, but Deborah Camp at least gave the reader some sanity in the form of Lonewolf's cousins, who tell him his assumptions are ridiculous and he needs to knock it off. Airy and Dixie did the same for Elise. I'm a sucker for the love stories about Indians/half Indians, so it was nice to read another fairly good one.

---

### **Diana\_Nikolova says**

I reached chapter five and I give up.

There are too few characters. The main hero didn't open up a bit and I know nothing about him except that he is grieving his late wife.

It is boring and pointless to keep reading :(

---

### **star Mik says**

I absolutely loved this book. it was so good. One of favorite books I ever read!!!!!!! I DEFINETELY GIVE IT A A PLUS

---

### **Melanie says**

Not as interesting as I thought it would be. The guy is too beta for my liking and the woman is unbelievable at times.

---

### **Jill M says**

This book was very mediocre compared to some of the author's other works.

There was a lot of modern language which was jarring.

I couldn't figure how the h went from a pampered rich girl to being able to cook and do farm work in such a short amount of time, either.

---

### **Martinez Ava says**

I read these out of order (oops) but I thought this was sweet. A bit cheesy at times but a sweet read.

---

### **Jennifer says**

Lonewolf's Woman by Deborah Camp

3 of 5 stars

Didn't really capture my interest but at least moved along enough that I didn't give up. Characters were pretty flat. Not interested in anything else in the series. Probably won't pick up another book by this author.

From Amazon:

Orphaned, penniless, and determined to keep her family together, Elise St. John hastily arranges to marry the half-Apache Missouri landowner, Blade Lonewolf, who has agreed to adopt her younger sister. It is a marriage in name only, intended to make the unconventional adoption acceptable.

But as they try to form a family—a Baltimore debutante who can't even cook and an outcast Indian whose heart is closed to love—they are beset by needs and desires they never anticipated. Living with Blade becomes a sweet torment.

His vitality awakens Elise in a desire that's too dangerous to acknowledge—but just as impossible to ignore. For Blade, true love becomes a tantalizing promise held just out of reach. It is only when they are in greatest danger of losing everything that they find the fulfillment of their most splendid dreams.
