Shadow Heart: Slayer

Claudy Conn

Shadow Heart: Slayer Claudy Conn

Her name is Nikki Walker, and she is a vampire slayer. She never thought she would have to use her slayer powers...but she does.

She is on the trail of an ancient and secretive vampire called Deadly Moon, and Nikki wants to destroy her. She has her reasons.

His name is Damon Drummond who some of you have met before, and already know that he is a hunk of an unusual vampire. He is bent on keeping Nikki away from Deadly Moon.

The sociopath vampire, WB, who had been Pentim Rawley's right hand man has taken over the Pentim clan, and is turning out to be even more of a problem than his predecessor had been. In fact, if someone doesn't do something soon...Dublin will go dark under his power, and other cities will follow.

Damon and Nikki are on opposite sides. He is a potent vampire--she is a skilled and powerful vampire slayer. Problem right there...but, when they look at each other, sparks of all kinds fly. Too much stands between them. He will live forever...she will not...and yet...

Angela Blair says

I am so hooked on this series...Claudy Conn is an amazing author. The story line and characters seem to flow through to the next book flawlessly! She keeps you interested and wanting more!!! I highly recommend this book!

Vonnie Faroqui says

For those following Claudy Conn's most recent work, in particular the Shadow series, book 2, ShadowHeart -Slayer does something surprising in series literature. It forms a cross connection between two of Claudy Conn's paranormal series. Don't worry I won't spoil it for you, but I will tell you that this is one hell of a heroine. Nikki Walker is my kind of roundhouse kicking, vamp slaying gal and, in ShadowHeart -Slayer, she makes all other slayers seem contrived and juvenile. Nikki Walker is exciting, and in spite of being a little inexperienced fighting the evil undead, she is a more believable slayer than Buffy and other paranormal slayer-wanna-bees. It is possible that some of her appeal may come from the hero Claudy has matched her with.

Damon Drummond is a vampire. He is ancient, and more powerful than any vampire she has yet encountered, more mysterious, and oh so darkly desirable. In all respects, except for one, he raises her alarms and yet, for Slayer Nikki Walker, it is that one point where he staggers her comprehension. There is something that is just Not Vamp about him and that makes her hesitate. That something means everything to a slayer and because of it she can't figure out if she should plunge a wooden stake through his heart or give him the key to her own. For his part, Damon has no doubts about how he feels towards Nikki. She is his to protect, and confound, simultaneously winning her heart, while thwarting her sole purpose, in denying her the vengeance she pursues. Separately they are formidable enemies, but when they combine forces the sparks fly and the chemistry explodes.

Claudy Conn knows women and what women want from paranormal romance and vampire fiction. She gives you just enough heat to ignite your desires and then sweeps you away into a wildly exciting adventure. Her romances are always thrilling and able to stand on their own, but it is her gift for being able to weave them into the broader context of a series that sets her novels apart. If you want lust, you want Conn. If you want magic and mystery, you want Conn. If you want tension, darkness, fear, excitement, and drama, you want Conn! You want everything Conn's got and then . . . you'll want it again.

Judy says

ShadowHeart Slayer by Claudy Conn
Shadow Series Book 2

Damon Drummond isn't your usual vampire. For one thing he's not out for blood like most other vampires. A handsome man of mystery from his head of raven hair to his silver tipped black boots. Four hundred years old and he's having issues like wanting to protect a slayer. A stubborn, fiery haired, beautiful slayer! He's regretting a decision that has come back to bite him in the arse and he's trying to keep his friends safe from

being discovered by Count Vlad Dracula.

Nikki Walker is a slayer....a vampire slayer. So why in the world is she feeling pulled towards the handsome Damon, who of all things is the very thing she kills? She is out for revenge and it's brought her to Dublin. Everything about her brother's murder points to a woman vampire named Deadly Moon and she will stop at nothing to find and kill her. Justice for Jack, nothing less will do. Only Damon keeps blocking her, the one man who knows where Deadly Moon is. Well him and having to save the world with her slayer skills.

If you enjoy series books you'll definitely want to take the time to read ShadowLove Stalkers, the first in this series. Damon is introduced in this book along with some of the others who are in ShadowHeart as well. I enjoyed seeing some of the characters from the Legend Series in this book too. I didn't feel left hanging at the end of the book but you do know that there is definitely more to come in book 3, ShadowLife Hybrid.

WildAboutBones says

This second in Conn's Shadow series is filled with vampires, a vampire slayer, demons, wizards, a Fae prince and an unlikely romance. I think this paranormal romance is actually better than the first book in the series.

Nikki, born a vampire slayer, has "*super hearing, super speed, and super strength ... [and is] immune to most vampire magic*" but can be killed as easily as any normal human. She's after the vampire that murdered her brother, Deadly Moon, rumored to be the most deadly of the ancient vampires turned by Dracula himself.

Damon, the 400 year old enigmatic vampire from book one, is intrigued by the petite, beautiful slayer. He is not the usual type of vampire as Nikki finds out. He refuses to let himself be drawn in by her, a human who will age and die leaving him to mourn for eternity. But he can't help but watch over her.

When Nikki first meets Damon she is appalled to find herself attracted to him, that she lets him kiss her. A vampire! The chemistry between these two is off the charts hot.

WB, formerly of Pentim's clan, who we met briefly in book one as well, took over the clan after Pentim's death and made it a bunch of thugs who are threatening the safety of all vampires by not being discriminating and careful. Damon knew he and Chad should have killed him when they had the chance. Now they have a major problem.

Clara with the strange "scenting" power, also from book one, returns with a small part in this story. Chad, the lead from book one makes a cameo appearance.

Claudy Conn does an excellent job of making this a stand alone story while incorporating some of the characters from the first book and introducing us to several new characters. Ya gotta luv an author who can work in a reference to Stephen Hawking in a paranormal romance. {grin}

The war is still brewing and now the fae are becoming involved. Can't wait for the next book in the series. I hope to see more of Chad, Shawna, Damon, Nikki and others from these stories in future books.

This is another one I couldn't put down and read in a single sitting. I got so caught up in the action I was sad to see it end. Fans of the paranormal romance, urban fantasy and vampire genres should enjoy this as well.

Dawn Sullivan says

This is the 2nd book in Claudy's Shadow Series. In this book we get more engrossed into the vamp, Fae, magical world.

It is so well written that when reading this book it totally played out like a movie. It felt like a combination of Buffy the Vampire Slayer and Underworld. We get the best of both worlds with added extra's.

Nikki is a fiery haired vamp slayer hell bent on revenge. Will she accomplish her revenge without losing herself in the process?

Damon is a special vampire, we meet Damon in book one. He is always so mysterious. A mystery Nikki wants to unravel.

These 2 become a team to rid the world of the gruesome vampires wanting to take over the world.

Claudy's take on Dracula and the surrounding world is fantastic. I love her twist to the tale.

This book takes you on a fun journey, its filled with action, mystery, mayhem, magic, emotion, lust, passion and sizzling romance.

I loved it! A must read :)

Jenny Delandro says

Claudy has linked this story to the Fae with Breslyn saving several characters....

The love and romance felt more real than the usual rush - it builds up slowly and although they try to resist the attraction - it continues to build and grows deeper...

Not the roller-coaster ride of #1 but it was like watching the tide swelling up and swallowing rocks and sands and then gently lapping back and forth.

Rushing off to complete tasks required in normal world then settling back in a comfy chair to visit Claudy's world in the next installment of the intriguing tale.

What more could you ask for? ** cheeky grin **

Rochelle says

This is my first book by Claudy Conn and I really loved it. This vampire story is my kinda vampire story! I loved Chad, he is so alpha male who loves to tease but in the end ended up with the girl, Shawna been that girl was strong but had a soft vulnerable side as well which is good as they were perfectly suited! I'm so glad I chose this book and I am looking forward to reading the dark and mysterious Damon!!!

Michelle says

I love Claudy's books but this series has quickly catapulted into my favourites, the characters are likeable and easy to relate to. Damon is my favourite of Claudy's heroes... so far! The world building is easy to follow and develops into an intriguing and fresh look at the vampire mythology. I love how it ties in to her Fae series while still being unique. It has lots of possibilities for moving the plot forward. The witches, slayers and demons are a high point for me.

I thoroughly enjoyed this story and I can not wait to see what is in store for the characters, it's definitely a story that has longevity and I could revisit it time and time again

CoffeeTimeRomance andMore says

ShadowHeart Slayer is a nonstop, action-packed read that will grab the reader and practically leave one breathless. It is indeed intense with excitement from the beginning to the end. The refreshing characters know how to take aim at the audience and pull them in for the thrilling ride. Nikki and Damon are magnetic players showing a wide range of emotions and expressions, even the really dastardly bad guys come into play. Claudy Conn has created a great plot and a storyline that keeps the story flowing while bringing the audience into some high-flying excitement. Nikki and Damon are magnetic players who make this read excellent.

Lori says

I absolutely LOVE this series!! I would give this book 6 stars if I could, it was just that good. Once I started it, I found it completely impossible for me to put it down.

The world that Claudy creates in her stories is beyond words, and I absolutely love the characters. Damon, oh my how I love Damon. Of course who doesn't love a hot sexy vampire.

I've already purchased the next book in this series, and can't wait to see how the story unfolds. Thanks Claudy for another amazing book!! <3

Delphina says

I am beyond tired once again. That seems to happen every time I read one of Claudy's books. I never seem to be able to put it down and end up staying up most of the night. This book is part two of her vampire series and features Damon, one of the characters from book one, and Nikki, a slayer. I love it when female heroines kick butt :). This book sucked me in from the first page and did not let me out until I had read every page. I adored the characters and felt like the story line made some nice developments. I am really interested to see

how the main story arc plays out. I was beyond excited to have Breslyn and Ete making an appearance in the story and am very interested in how this series will mingle with her fae series (it is one of my all time favorite series). I can not pinpoint what it is about her writing exactly, but it is beyond addictive. I can not wait to begin the next book!!!

Summery: Her name is Nikki Walker, and she is a vampire slayer. She never thought she would have to use her slayer powers...but she does.

She is on the trail of an ancient and secretive vampire called Deadly Moon, and Nikki wants her dead. She has her reasons.

His name is Damon Drummond, whom some of you have met before and already know that he is a hunk of an unusual vampire. He is bent on keeping Nikki away from Deadly Moon.

The sociopath vampire, WB, who had been Pentim Rawley's right-hand man, has taken over the Pentim clan and is turning out to be even more of a problem than his predecessor had been. In fact, if someone doesn't do something soon...Dublin will go dark under his power, and other cities will follow.

Damon and Nikki are on opposite sides. He is a potent vampire--she is a skilled and powerful vampire slayer. Problem right there...but when they look at each other, sparks of all kinds fly. Too much stands between them. He will live forever...she will not...and yet...

My thoughts:

First off thanks to Claudy Conn I was able to read this book.

Second I absolutely love this cover. It's now in my top ten.

Third If you haven't read any of her books this series is a definite to read.

Fourth Can't wait for the next book to come. :D

The Review:

Shadow Heart-Slayer picked up the pace quicker then the first book and that was simply yay. I love how the book is was set up. Nikki slowly gets smarter though out the book and Damon well he's just a big tease. The whole book he taunts her from their dreams too just standing in the room with her.

There were two main conflicts throughout the book. First we learn about them and how awful the bad guys are. Then in the last 20% The battles are fought and the problems are solved. Simple and easy fights in a book are my favorite.

Now some questions:

1)When you read a book do you prefer long fights or would you rather they be simple and over with?

2)When you think of a vampire slayer what do you see? Do you like the thought of them being with vampire

the very being they live to hunt for?
3)What are your thoughts on the cover?

Melanie Tikalsky says

This is the second book in the shadow vampires series. I loved it. Fast paced full of twists and turns. The book also brings back some of the other characters from the first book in the series.

This book is Damon and Nikki's story and it is hot hot hot! I literally could not put this book down.

Sassy says

Oh how I loved this second book In the *Shadow Vampire Series!!!*

Shadowheart-Slayer was a story that just took me right into the story, as so many of Claudy Conn's books do. I loved that this series is not your everyday, hum drum Vampire story that is out there in masses. Miss Conn takes a refreshing new twist into her Vampires. They are hot, hunky and 'amazing', well some are evil as well. The story has Vampires, Vampire Slayer, Demons, Wizards, oh my!!!

Our heroine is Nikki, the Vampire Slayer. Nikki has very special talents required of a Vampire Slayer and is after the Vampire that murdered her brother.

Our hero is Damon, a 400 year old Vampmpire that you met in book one of this series, ShadowLove-Stalkers. Although Damon is intrigued by Nikki's beauty and 'special talents' he refuses to allow himself to be drawn into her any further knowing that she is a human with a limited life span and he will live on long after she is gone. He does, however, want to continue to watch over her and protect her.

There is lots of action, intrigue, suspense and some very romantic scenes that will take your breath away and will keep you entertained from the beginning to the end of this wonderful story.

I am so looking forward to book three in this series, Shadowlife-Hybrid.

In Claudy Conn's usual style, grammar, spelling and punctuation were spot on. Thanks once again for another terrific read, Claudy.

My Thoughts and Review

Oh My ! This series keeps getting better and better. Who would have thought a vampire and a vampire slayer not me ! I am just so loving this series it is nice to be excited by a new author its been a while for me so this is a nice treat.Claudy's books are just full of mysteries and by that I mean her characters they are all so mysterious and are not what they all seem on the surface and yet so much more.

We met Damon in book one of the series and I was falling for him then with his mysterious ways about him and his talk and dark brooding looks but, after reading his story I am totally in love.He is tall dark and dangerous and a very powerful and yet has a caring and sensitive side to the 1000 plus year old vampire that one would not expect.Nikki Walker vampire slayer is on the war path to avenge her brothers death.. But , at every turn Damon is in her way.The person Nikki is after is a very close friend of Damon's and he just cannot believe she would murder someone in cold blood even for a vampire.

The two go round and round.Damon is so much more than a vampire and Nikki does sense this he knows way to much about her. He says she has untapped powers that need to be released in order to fight the war they have ahead of them. War she is not here for war she is here for one purpose only and that is to kill the vampire that killed her brother.

Nikki and Damon make an odd couple right? A slayer and an ancient vampire? These two have a connection whether they want one or not the sparks are always there between these two.You feel heartache for the couple as there looks to be no future for the both of them one mortal and one immortal.

Nikki and Damon team up for what's ahead and develop a relationship not knowing where it would take them they will have to just have to live in the moment right ? New characters are introduced to us and the people who look the most normal have secrets themselves and it is so hard to trust anyone as they are not who they seem.Chad from book one graces our pages in this story and I was glad to see him there as Damon and he have developed a lasting relationship.

The story had so much going on that you need to pay attention so many developments coming to life.The story was a page turner from the very beginning trouble followed Nikki everywhere.We saw her grow more powerful throughout the story which would have made her brother Jack very proud .Their story was full with wonders and laughs and magic and so much more.The Camaraderie between the two main characters had me smiling on and off throughout the book. More of the puzzle comes to light but, the danger is still there and they are all still in for another adventure.The stories new characters were all so amazing I am talking about the good one of course not the bad ones ! LOL Just love them all ..

This was another amazing read and an enjoyable tale .As always can't wait to read the next in the series to

see what happens next I am on pins and needles!A recommended read to all and Claudy is at the top of the list for people to read in my book anyway. Kept the stories coming Claudy.....your biggest fan.....
