Love's Compass Jayne Rylon , Mari Carr

All roads lead home when that's where your heart is.

Northern Exposure

Silas Compton always planned to take his place at the head of Compass Ranch, but when the girl of his dreams catches him making out with her boyfriend, he exiles himself to Alaska rather than risk destroying his best friends.

When an accident sends him home years later, the attraction between them is impossible to resist. Colby and Lucy welcome him home, but he can't forgive himself for the damage he's caused. But things are starting to unravel at the ranch, he has to step up. This time, his family is at stake.

Southern Comfort

Seth Compton has loved the boss's daughter for years. Trouble is, Jody is too young, too feisty, and too damned independent for his dominating ways. When returns from college with a diploma and a fiancé, though, all bets are off.

Jody never expected to wake up from her bachelorette party tied to sexy-as-sin Seth's bed. He seems determined to show her they belong together, but his past disinterest is fresh in her memory. He wants her? He'll have to work for it.

Lucky for Seth, he has plenty of rope.

Warning: This book is overflowing with sexy cowboys. We cannot be held responsible for any random YEEHAWs, hot flashes or a sudden longing for hogtying while reading.

Busygirl says

I cannot wait for this next book in the series! So addicted to the characters & their interesting lives!

Rosey says

Amazing characters and storylines to keep your interest. I was pleasantly surprised. I'll be buying more of this author.

Laura's Book Addiction says

I WANT!!!!

Sarah says

This is the first of the Compton brothers series. This has oldest brother Silas struggling to understand his attraction to two of his best friends one his a sweet young virgin Lucy and sexy Colby. I really like that the guys are new and unsure with this love/attraction and it's really refreshing seeing them work it through and develop I strong relationship. Love the big family and people they add along the way. I'm not usually a fan if a book written by two people but this is a great team and can't wait for more.

I loved this second book in the CB series. I love that Jody is a take charge sassy cowgirl with the love of f**k word. Seth has tried hard to ignore is feeling for the much younger Jody but when she comes home with a boyfriend it's the final straw and he starts making abducting plans. This book did make me sad but the writing and HEA is amazing.
