Holy Smokes what an emotional RIDE!!!! I seriously can't wait for Part 3, Chloe's Revenge..... This was by far my favorite in the series, this showed so many sides to Chloe! I can't believe how long it took for Patrick to show up, men I tell ya!!! What a great read...again thank you Eve, just awesome!!! Counting down to part 3...Hell yeah!!

Okay...I loved MOST of this book. First let me say that I am DYING to read the next book and see what happens. I'm not sure what I think will happen due to certain events in this book. Like the fact that Patrick didn't try and get in touch with her for so long and then when he shows up he is all gung no with some shaky story...then with the ending...I'm not sure if he's still up to something or if it is truly going to go in favor for Chloe. Definitely a cliff hanger in the end which has me trying to wait patiently. Personally, I loved Jesse and would have totally run off with him.

### Tamara says

Liked this book more than the first part as there was some real action and suspense going on this time, especially when Chloe meets Jesse and Fransisco. Nice ending of this book and looking forward to Chloe's revenge !

### Lucy Lit says

This book was better than Part 1 – and I liked Part 1! The story continues with Chloe's adventures in Paris. There were steamy encounters with sexy men and well-crafted descriptions that capture the flavor of the city. This book engaged ALL of my senses – I could see, hear, smell, touch and taste Paris -- and I didn't have to clear TSA security! The pacing was brisk and the story advanced well (with just a couple of drawn out segments). The writing is sharp and engaging with lots of romance and sex. I won't give away the ending except to say that in watching the action between Chloe and Patrick, I cannot WAIT for the final book to be released!

The second installment of Deceived is awesome. Chloe travels to the most amazing city on Earth, Paris. She has accepted a job offer with Patrick's best friend, Ryan, as his assistant is opening an art gallery there.

Still hurt from Patrick's deception, Chloe hopes to put him out of her mind and heart and move on. She meets a wonderful artist who she thinks might just be the man for her. She decides to take things slowly but finds herself in trouble.

The ending was amazing and I can't wait to grab book 3 in the series.

I'm not sure WTF I just read, but it was ridiculous. My God does this chick get around! And has she never heard of condoms!? Christ, she's got a stranger from a plane coming on her crotch and some dirty artist trying to stick it in her ass. Wrap it up! Ever hear of an STD?

It read like a high school student wrote it. Like there was no thought put into it. Just an author flying by the seat of her pants. None of it was particularly interesting or made much sense. I won't be reading book 3.

Just finished Book 2. Enjoyed book 1 better, probably because I didn't like Francisco from moment he showed up. I would have liked to have seen more of Jesse. With that said, I can't wait for book 3 to come in March to see what happens.

Liked the 2nd part alot better. The story developed nicely and I loved it was set in Paris!

### **Francine Petro says**

I agree with a lot of the other reviewers, I feel that part 2 kind of found its groove. I did enjoy the ongoing story of Chloe and How she tried to get over Patrick. The scene with Jesse in the Bathroom on the plane just classic! Francisco definitely disturbed me which obviously was the intent. during all this time when she was in Paris I was wondering what was taking Patrick so long to get there!! I'm really looking forward to part 3 Chloe's revenge.

Loved this book. Chloe has a new job in Paris with Patrick's best friend Ryan, as his assistant. With her heart still battered from patrick's deception, she is trying to move on with her life and find new love. She soon finds herself with two male suitors, one who she meets and has a quick affair with before never seeing him again, the other, a slow burn that she soon finds herself in deep with. I loved the ending and am now really looking forward to Book 3, called Chloe's Revenge.

I liked the first part of this story better than this part however, it still peeked my interest. I wish that Jesse would of played a bigger part over Francisco. From the first we met him I had a feeling I wasn't going to like him. I cannot wait to see what happend in part 3.

Ok, so you're in love with your boss? You think he is cheating? The next day you're on a flight with his friend to Paris, while youre getting head from a stranger in the plane's bathroom?  
Then you're doing the deed with the artist? And now running back to the boss? I don't like her, she puts the S in Slut, W in Whore..and is just a stupid-naive hoe-slut bucket!! You deserve to be alone.

Bishhhh Please...
