Expired Regrets

Megan C. Smith

Expired Regrets Megan C. Smith

This Novel was previously published, and has receive minor updates and been republished with Blue Tulip Publishing

I was a hopeless romantic, enjoying my life as I finished out my senior year of high school. My life was that of a typical student, nothing exciting happening to me until the day I met him.

Bryant was everything I wanted, but never knew was possible. The problem was, he didn't feel the same way. Or at least that's how it appeared.

But our chemistry was undeniable, unavoidable and soon consumed us both. We fell hard and fast, and we crashed even harder leaving a wake of destruction behind us after a tragedy rocked our relationship.

Leaving behind Tampa and Bryant was the hardest thing I ever did, but I had to, for my survival. But one day, when my life hangs in the balance, Bryant is the only one who could save me, and all I could do was think about every moment I regretted not spending it with him.

Note: this is a new adult novel and contains sex and graphic language. This is not intended for young adult readers.

Just when I thought I had Megan C. Smith's books pegged as a good reads, she came out with guns a blazing with Expired Regrets. This book swept me in, pulling me late into the night. I loved the flow of the story line and the characters were captivating. This book definitely pulls you in emotionally and leaves you aching. It's a love story that will stay with you. I can't wait for the next book in the series. 4.5 stars. ~ International Bestselling Author, Shawnte Borris ~

Cassandra says

OMG This book had me from the first page until the last...Have tissues ready!!! I cried and felt the pain of the Rose's loss. I loved the love that Jordan had for her and how they tried to make things work, but yes the heart knows what the heart truly wants! I love Bryant and his love for Rose. I want my own Bryant and Jordan!!! Megan you did an amazing job of not just telling the story but making me feel the story, I felt her heartbreak, I felt her happiness, I felt her sadness. I cant believe this is the first book written by Megan, it was very well written!!!! Thank you for sharing this story with me, I was not disappointed in the slightest!!!! I want more from you!!!!

Stephanie Christensen says

omg this was the first book that I've read of Megan's an I fell in love immediately with her writing an her ;-)
lol

rose is a sweet girl...her mom is overprotective but I think that has to do with roses ex boyfriend he was a total douche. anyways she meets Bryant at the horse stables..but he's a typical guy he wants rose but he don't then he does. Bryant the hot collage guy that gets around don't do relationships until rose, well that's only after rose says enough an starts getting interested in Bryant friend.. they finally get together but some really heavy life reality is thrown at them. is there relationship strong enough to make it thru? or will rose move away like her original plan to go to Tallahassee collage an forget all about Bryant an there love they had? or will they be brought back together due to a tragedy??

Philomena Callan Cheekypee says

What a wonderful story this was. This story flowed so well. The characters were fantastic. I sat & read this in one sitting... I was glued from page one. So many turns in this book had me gasping & saying no way this can't be happening!!!

Received in return for honest review

Irma says

You're everything I've ever dreamed of and never thought I wanted, much less deserved. When our lips touch, all I can do is feel as a charge runs through me, igniting me on fire. You are the light to my life, the sun in my world. I need you like my lungs need air.

This is a triangle love story with a strong female character. A heroine I could easily slap some senses to *chuckles*. Why? See it for yourself.

Book Junky Girls says

Our 3.5 Star Review

Rose is in her senior year of high school when she meets Bryant, a college senior, at the horse stables where she works her horse. The attraction between the two is intense, while their alone. She faced with telling his friends about her, Bryant acts like Rose is no one "just some high school girl". She's rightfully pissed and when Jordan pays attention to her and is not embarrassed by her younger age their romance begins. She has everything with him, safety, comfort, commitment, but for some reason she just can't get Bryant out of her mind. And when Bryant finally fights for her she knows she has to give it a shot otherwise she'll always wonder what-if. Their relationship is intense and when the unexpected happens they think they have it all figured out until the tragic happens. Four years later what happens when they encounter each other again?

The base story was ok, but the ending, well the last 20%, felt completely rushed. They sort of have their HEA, but questions you had didn't get answered which annoyed me a bit. There will be another addition to this series a companion novel by the looks of it for Jordan, but I doubt all the answers for Bryant and Rose that I had will be there.

Kristy Torres says

"I want everything I shouldn't, as always."

Regrets, we all have them. There is always at least one thing people wish they could go back and change. There are times we do things that we don't realize we are going to regret, until it's too late. I know my regrets, do you?

This book, oh this book!! I am still having trouble putting my emotions into words. Ms. Smith nailed this!! At one point, and only one point, I put this book down. The emotions were just so much and I could no longer see through the tears.

"I just don't get why God feels the need to test your strength so much. You have grown into an amazing woman despite the challenges."

Rose and Bryant's relationship are put through the ringer. Will they survive the "tests"?

Though Ms. Smith has removed my heart multiple times and ran it through the blender, nothing is better than an author making the reader FEEL. You will need tissue, and quite a bit of it. But I do promise that it is worth it!!

Jeanie Robinson says

I received an ARC of Expired Regrets that has me begging for MORE!!!!

You're everything I've ever dreamed of and never thought I wanted, much less deserved. When our lips touch, all I can do is feel as a charge runs through me, igniting me on fire. You are the light to my life, the sun in my world. I need you like my lungs need air.

Megan has scratched a wound that I had tried to block out of my life. Things were said in this book that had me feeling. I had feelings and emotions that I really didn't even realize existed. I had flashbacks of parts of my life that only her words could make appear. She made it worth reading every single word and not just read them but engorge on them. She left me breathless at times and gasping for air. I loved every second of it.

The worst part I actually think is the name. I hadn't read a book that had a name of one my kids like this. Angelica! My oldest and most proudest moment in life is having your OLDEST, A GIRL, and have an angelic name. That. Tore. Me. Up!!!!

I LOVED LOVED LOVED this book! Next, please? :)

Julie says

I'm jumping for joy!

This is a beautiful story between Bryant and Rose, a relationship that starts out with nothing but mixed signals. Once things pick up and are going fantastic, something very unexpected happens and tears the two apart. Several years pass with no communication, and friends in their circle avoid topics involving the two at all costs. Rose has lived in Tallahassee for the past four years with no intentions of ever returning home to Tampa but when she's asked to return temporarily, she decides she really has no choice. Something very unexpected happens and lands Rose right back in Bryant's reach. This story is the kind I've been waiting for and didn't even know it until I got to the end and realized I had a smile on my face with complete satisfaction even though this isn't the conclusion and book #2 is sounding just as exciting and oh, I so want to know what happens! On to book #2.

READ THE BOOK

Deva Arthur says

Megan C. Smith's Expired Regrets is a rollercoaster ride of emotions told mostly through the experience of the main character, Rose. The stage is set with a horrific car accident and then takes us back in time to meet

Rose as a senior in high school who reminds us of all the extreme teenage feelings of jealousy, friendship and falling in love. When she meets Bryant her world forever changes and Smith takes us on a heartwrenching four-year experience of Rose and her friends' lives. This author also shows us the point of view of Bryant in a portion of the book, which helps the reader to understand another point of view that brings the characters to life. As I read this story, I smiled at the recollection of feelings of being 18-22 and cried at the heartbreaking experiences and revelations of all of the characters. The ending leaves you wanting more! Smith's first attempt at authoring is a great read for the young adult crowd, as well as those of us that have already lived some of the experiences so well described in her book.

Michelle Mulvey says

Received an ARC by the author in exchange for an honest review. This book was awesome. It made me happy and sad at certain parts and even had me crying. This books is proof that true love really never dies and time heals all wounds!

Jill S (Love Affair With Fiction) says

Expired Regrets is a sensational debut novel from Megan C. Smith! This love story takes you on Rose's journey from High School through college graduation. We see Rose as she first meets Bryant at the horse barn and they feel the first stirrings of attraction and begin to explore a relationship. When he runs hot and cold with her she meets his friend Jordan, whom she also has an instant connection with. Bryant and Jordan made a compelling love triangle. I became so emotionally invested in the characters that I found myself torn because I didn't always know who I wanted to root for! Rose goes through many trials, misfortunes and struggles as she becomes a woman alongside these two young men. It is wonderful to be able to watch her grow and mature in her relationships throughout the book.

This book took me along for the ride. It was an emotional read! It had me laughing, crying, yelling - you name it, I did it while reading this story! I thoroughly enjoyed Expired Regrets and definitely recommend it (just make sure you have a few tissues handy!) I am anxiously awaiting Megan C. Smith's release of her next book in this series, Secret Regrets!

Angel says

*** I was given a copy of this book for and honest review***

This is a triangle love story with a strong female character.

Rose is young in her senior year of high school and has already been through 1 tragedy, only she doesn't realize what's ahead, she meets Bryant at the barn and instantly falls for him, However he feels like he is to old for her, He is a senior in college after all,

Then she meets a friend of his Jordan, he is the complete opposite of Bryant,

for the record i'm team Jordan all the way.

Bryant just pissed me off more times than i can count. he is suppose to be the mature one after all and all he seems to do is play head games and disappoint Rose over and over again.

I won't say much about Jordan cause i'll ruin it for you all if i do ;) The things that happen to Rose and all the tragedies she's had to Endure had me feeling so much pain for this girl, but she was strong through it all for the most part.

this is a story of Friendship, Love, Loss and tragedy.

Angie Griffith says

Omg that was an awesome book i couldnt put it down for the last 6 hours. Phenomenal story. I think i have a new book bf bryant is yummy. I love the story line of their throughout 4years. My favorite scene was releasing Angelicas ashes. Great writing i almost thought Jordan was leading man in the beginning. a love that blossomed. Thank you for sharing this is am emotional and sweet love story.

K.S. Smith says

Expired Regrets by Megan C. Smith will have you flipping the pages as fast as you possibly can. This is a story of love and coming of age for the main character, Rose. She starts out as a young high school girl and grows into a beautifully mature adult right before your eyes. The love triangle of Rose, Bryant and Jordan has you constantly rooting for the happiness of all three characters. Bryant and Rose have an instant heated connection that has you hoping they will end up together at every turn; but Rose and Jordan also have a connection, a safe connection, which may be just what Rose needs. This novel follows all three of their ups and downs and has you screaming at them in frustration, laughing at their antics and crying when they are faced with more obstacles than young adults their age should be faced with. But, in the end you come out with a smile on your face and of course, wanting more. I highly recommend this novel, Megan C. Smith has done a magnificent job displaying her talents as a new author and Expired Regrets is proof of that.

Mamackn says

What an amazing roller coaster ride! We have all had those moments when we need to choose one path over another. There are always moments we look back on and regret not doing something. This book is amazing! An emotional journey that will have you reaching for the box of tissues at more than one point. Each moment is beautifully executed to give the reader the best experience possible.

Don't regret not reading this book!
