Nicola says

There are seven Dance fairies and they are: Bethany the Ballet Fairy, Jade the Disco Fairy, Rebecca the Rock 'n' Roll Fairy, Tasha the Tap Dance Fairy, Jessica the Jazz Fairy, Saskia the Salsa Fairy and Imogen the Ice Dance Fairy. Their magic ribbons are needed to help people dance properly. The goblins are drawn to music that matches their ribbon and feel the need to dance. They also temporarily gain ice magic and ability to freeze people. Rachel is staying with Kirsty again and they need to help the fairies!

Hold tight to the ribbons, please.
You goblins now may feel a breeze.
I'm summoning a hurricane.
To take the ribbons away again.
But, goblins, you'll be swept up too,
For I have work for you to do.
Guard each ribbon carefully,
By using this new power to freeze.

Tim Roast says

I read this with my 7-year-old daughter who loved it. Anyone who has read any of the rainbow fairy books before will know why. They are designed perfectly for her age group. Each story features best friends Kirsty and Rachel having to help a fairy friend from Fairyland in their perpetual battle with Jack Frost and the goblins. This one is no different.

This story is about one of the dance fairies, Jessica the jazz fairy, and, just like the other dance fairies, she can't find her missing magic dance ribbon. This means that until the ribbon can be found jazz dancing will be ruined.

Naturally it is Jack Frost that stole the ribbon to use the magic to improve his and the goblins dance moves, but when the King and Queen of Fairyland demanded he return the ribbons he asked his goblins to hide them. It falls upon Kirsty and Rachel to help Jessica get her ribbon back.

Of course there are the multitude of clear and simple pictures along the way to bring the text alive too.

As for my daughter she loved, in addition to the story, the opening poem and the hidden ribbon you have to find somewhere in the book.

Overall a typical rainbow fairy story.

Dolly says

Our oldest is enthralled with this series and I am so glad that she is becoming an avid reader. She only has two books left in The Dance Fairies series, so I'll be interested to see which series she picks next. This book was about the same as the others. Not very interesting to me, but it only takes about 5-10 minute to read each

one, so I read it after she does and we can talk about the books.

Dec 2011 update: My youngest finished this book, too, and is looking forward to reading the last two books in the series. This is the first Rainbow Magic series she has read and I am sure she will read more.

Chloe Schofield says

This collection of the rainbow magic books is "The dance fairies" This time Rachel and Kate have to help the dance fairies collect their dance ribbons back. Each book focuses on a difference dance fairy and the adventure Rachel and Kate go through to find the dance ribbon. I think these books are perfect short stories for a younger child but as an older reader I can see how basic and pick out the flaws within the book and that is why I have given it a 2 star rating.

Stephen Theaker says

Perfect for bedtime reading - chapter a night and you're done in a week. Simple enough for a five-year-old to follow, but with a few new words here and there. Very little to the story (each of these books amounts essentially to one chapter of a normal book), but makes a nice stepping stone to other books. This one was much, much better than the previous one I read in this series (one of the Party Fairy books).

Annie says

lol

Cecelia says

Rachel and Kristy went to a party at Alexander's house. It was a jazz party but the dancing wasn't very good because Jessica the Jazz Fairy's jazz ribbon is gone. The dance ribbons help make the dancing well. Rachel and Kristy found Jessica the Jazz Fairy there. They help her get her magic ribbon back from a goblin that they also find at the party. They chase the goblin right into the pool and he came out shivering. He was cold and wet so Jessica said she would make him warm and dry again if he gave them the ribbon.

Jessica Bingham says

I read this for a program we were doing at the library centered around this book. The program was a lot of fun. We had brownies and fruit punch, just like in the book. I also taught the children some simple jazz steps. We also made magic wands with the "dance ribbons" attached. The book (the entire series) is really good for children who are beginning to read chapter books. The font is large and the sentences are simple. There are also illustrations throughout the book.

Laura-Lagoona-Thalia-Sadie- says

All Rainbow Magic Books ROCK!!!!!!!!!!!!!! I mean, when I didn't have them at home, I would borrow them from the library and read them whenever I could. Even though most of them had the same concept I still read it.

Betty says

The goblin got wet by the pool and wanted to be dry.

Lorelei says

I really liked it, and I liked the fairy so I chose it for my Dad to read. The pictures were nice and the ending was nice, and the fairy was nice.

Anna says

Kirsty and Rachel got the goblin into the water and the Jazz fairy said, "if you give me back my ribbon I'll make you all nice and warm again." He gave her the ribbon and she made him all nice and warm again.

Twyla says

Kirsty and Rachel have to find the jazz ribbon but the goblin wouldn't give it back but when he falls into the water he trades the ribbon to get warm

Amanda Harris says

Set at a jazz-style party, Rachel and Kristy help Jessica the Jazz Fairy find her "jazz" music ribbon that was stolen by a troll.

This is a cute, little fantasy read with lightning fast pacing and little to none characterization. I would recommend this to 1st-2nd grade readers or reluctant 3rd grade readers. I would never just say this book is just for girls, but more than likely, that will be the target audience. I would also recommend this read for kids who love fairy books.

Read-a-likes would be the Flower Fairies Friends series, Disney Fairies chapter books, or even the "fairy-type" books written by Gail Carson Levine. For obvious reasons!

Katie says

I liked this one a lot
