**Are angels knocking at *your* door?**

Do not forget to entertain strangers, for by so doing some have entertained angels without knowing it (Hebrews 13:2 NIV).

You may be asking, *Are angels real? If they are, can I experience their supernatural ministry... today?*

Author Kevin Basconi shares ten years worth of real-life, modern-day supernatural encounters that show you the important role angels play in your everyday life.

Unlike other theological teaching books or bible studies about angels, Kevin presents a fast-paced, vividly written journey spanning six continents and multiple nations as he revisits amazing angelic encounters and visitations of Jesus that both he and dozens of others have experienced.

Your life will be transformed as you learn how:

Angels work to answer your prayers and meet your daily needs. To activate your ability to see and discover techniques to work with angels. Angels are involved in miracles, healings, and the approaching global outpouring of God's Spirit. Jesus modeled angelic ministry and continues to employ angels today.

How to Work with Angels In Your Life is Book 2 in the *Angels in the Realms of Heaven* series.

Work with the angels in your life and get ready for God to empower you to accomplish the extraordinary!

### **Jan Dunlap says**

Overall, I was disappointed in this book. It reported many of the author's personal incidents of seeing and working with angels in healing ministry, but so much of it was repetitive that the book could have been half as long. There was also not much concrete guidance in how to grow your own awareness of angels in life, other than a prayer at the end of the book. I was expecting more prayers, meditations and encouragement for learning to recognize and actually work with angels around us, but maybe no one can spell it out due to its spiritual dimension.

This book will be thought provoking for almost anyone. It will challenge both Christians, and those who are not currently Christians but are intrested. I personally expected this to be either light information like one reads in Guideposts Magazine, or so far outside mainstream Christian doctrine that it was offensive. This book is neither of these. It takes a serious look at Angelic work within God's Church in cooperation with Christian activity, and continously links Scripture references for each of the primary points made. It supports following Scripture as the primary reference, and cautions against potential evil spiritual personalities in a Biblical way. I recommend this as an interesting view of the subject matter, and will be reviewing other references relative to this in my own research.

#### **Interesting**

Although I enjoyed reading the examples of angels visiting the author, I found my attention waning. It seemed a little long with a lot of scripture, which some people may enjoy.

#### **A very personal manifestp**

I only got 15% into this book and it just didn't catch me. Maybe the timing isn't right for me to read it. This is a very personal account of one person's journey to being born again. The the pages I read it comes across as dogmatic and single focused. However beautiful the author's experience was and is, it doesn't reach out as a sharable experience. I just didn't relate to him. I'm currently a student of law of attraction and believe in the laws of the universe and a higher power. I doubt God has only a single conduit to his infinite possibilities. I'm happy the author has found Jesus as his saviour.

---

As a lifelong Christian, Jesus's teachings have brought me to many other religions, philosophies, and theories. I believe that was his intention.

I believe the angels guide me in all I do and have guided me to put this book away for now.

They will guide me back, if it's meant to be.

### **Janice Spina says**

How to Work with Angels is a thought-provoking look at how angels are in our daily lives. The author documents how he ministers to his flock and in what way angels have enabled him to perform numerous miracles in every city he has preached the word of God.

The author leads the reader in scriptures throughout the book explaining in detail the meaning of each. He encourages the reader to pray and open his/her heart to God through prayer.

I found this book to be awe-inspiring. It warmed my heart and brought me closed to God in my daily life.

### **Donna says**

Angels are ministering spirits sent to serve those who are heirs of salvation (Heb 1:14). But so few people are aware of their presence. Nor do they know how to activate their angels, (or how they can inactivate them with their words and attitudes). Or how to work with them.

They are powerful agents and we must learn to use them in the way that God intends so that they are a benefit to us in accomplishing what God wants done on this earth.

Most books about angels are written from a theoretical point of view, recounting what the Bible states.

Very few people have had encounters with angels of which they are aware (even though the angels have acted on their behalf).

Kevin Basconi teaches you that angelic encounters today are real, are necessary and are increasing. He teaches you how to become aware of angels, how to treat them and how to encourage their activity on your behalf.

This is a long neglected area of teaching that the Church needs greatly today.

Kevin Basconi gives you real-life descriptions of angels working today, not historical examples from the Bible. That should be enough to encourage you to have similar encounters.

---

I have had approximately 10 encounters with angels which involved seeing them, feeling them and/or communicating with them. Each encounter made me aware of the power that is available to us and made me even more aware of how we must develop our awareness of angels in every situation and learn to use them as God wants. Most of my encounters involved life-threatening situations that could have led to death or to life-changing injuries. Without the angels, our lives would not be as they are today.

I want more of angels working in our lives. This book will help this to happen.

### **Eye opening experience**

If you are looking to see into the ministry of God through angelic ways then this divine book is what you need to read.

## **Jan Mcleod says**

Angels are ministering servants of God from heaven and nothing to be fearful of. The book shows how each of us can be involved in the powerful angelic ministry of discernment. God wants us to benefit from this gift as any other. Through regular people (not famous, well known individuals) and the Holy Spirit we can be part of what God wants to accomplish on earth.

The book is not offensive or preachy. It should be read slowly and thoughtfully with an open mind and heart. We will need spiritually "eyes" to see into the realm of the spiritual world, and the author clearly explains how we can be involved in this ministry of discernment.

There are many testimonies from people about their experiences with angels, as well as frequent Scriptural verses.

All Christians and others who are interested in this topic should read this book. There are two others in the series by Kevin Basconi.
