Club Girl

Evelyn Glass

Club Girl Evelyn Glass

Gabby Ward doesn't believe in love and the rest of the lies told by the world.

Abducted and trafficked from her home ten years ago, Gabby Ward has been through more than any other women in her age, with the scars to prove it. When she finally escapes from the cruel bondage of her pimp, she discovers that most of the world doesn't want to take in someone like her.

Desperate to find some way out of the reach of her pimp, she finds herself in the employment of the Hell Brigade MC as a club girl, earning her pay the only way she's known how: on her back.

Nick Parker was supposed to be just another guy in the club to tick off before her day was over. But when he makes her a tempting offer--a tantalizing glimpse of something more than just endless servitude--Gabby doesn't know what to think. Half a life time of hiding her trust in others has left her wary of offers that sound too good to be true. But there's something about Nick, something about him that leaves Gabby hoping that maybe, just maybe, there might be a tiny ray of hope in the darkness.

Come along this wild ride with bestselling author Evelyn Glass as Gabby and Nick navigate through the murky waters of their past in an attempt to reach the future that they're meant for.

EXCERPT

When his motorcycle came to a stop outside the clubhouse, she got out, took off her helmet, and handed it to him. "Thank you for a lovely meal!"

Now that she decided on her next course of action, Gabby was feeling supremely confident again. After all, she made a living out of seducing men. This was her job, and she was damn good at it.

He took off his helmet and hung it on the bar. "You're welcome."

She ran a hand through her hair and watched as his pupils dilated. Good! It was working. Gabby put a hand on his arm. He tensed, but didn't say anything. Leaning forward, she claimed his lips. The touch was brief, soft, but the sensations that careened through her veins were unpredictably tumultuous. Need and heat mingled in equal quantities and stormed through her senses. She sucked in a deep breath of air and inhaled the scent of him; spicy and strong. It hit her nostrils and doubled the desire that simmered in her belly.

Her tongue licked his lips, and he granted her access. She explored the crevices of his mouth, enjoying the feel of his mouth against hers. His breath was hot. She gripped his shoulders as she clung to him as a drowning man does to anything that can keep him afloat.

Sheri says

Missing Too Much

I had wanted to read Club Girl since I read the description. I love MC books and this sounded really good. So much was missing from this book. How did she get away from her captor? Who was the snitch? The sex was tepid and boring. There was no chemistry. There were numerous grammatical errors and some of the sentences didn't make sense. I so wanted to like this book but I couldn't.

Beach Girl says

Not quite sure

I absolutely love interesting characters and Gabby is definitely interesting. The problem I had was the misspellings, typos, and stilted writing. I think I'll read the second one and hope for a better editor.

Madison Carroll says

Hmmm

I am not one to leave a bad review, but I am an avid reader and this book is just not good. It makes no sense and doesn't make you like the characters in the book.

Readread says

It was short but good

Rachel Riley-meek says

New twist

This mc book has a new twist with a compassionate intelligent alpha biker taking on a pet project with a girl that was slaved as a prostitute from age 12. Takes her under his wing gives her hope and falls in love with her and that was just the beginning.

RangerGirl says

This was just so/so...so.

Ms. Glass - please see the definition for contractions. It is = it's; I will = I'll. You may need to get a word count in but if you put a little more thought into your storyline, you could probably make up for the contractions. Perhaps get spell-check, as well? Maybe an editor?

Do not even CARE what happens to the main characters. Boring does not even begin to describe this book. No character development, no interesting secondary characters. I already know who the snitch is and now Joseph is back? Really? She didn't see this coming? Maybe now she'll grow a pair and file charges. She [doesn't want to sit in court day after day]. Really? What about the other girls? Pah!

Don't bother with this one.

Mandy says

This could of been so rich and gritty. The storyline is really good but the writing is too simple and stilted for my taste

Petra says

Great read
