McQueen Frankie Love

**"I'm not from Vegas. I'm from f\*cking middle America and I was raised to protect the ones I love."**

**My name's McQueen. Some people judge me because I strip for a living, but I don't give a sh\*t about those as\*holes.**

I play hard, but f\*ck harder. And no woman is going to change that.

When I meet JoJo, I expect a one-night stand, but a revealing photograph pushes us together, and now she needs me to be more than that.

For JoJo, I can be more than a stripper, I can be her man. Except I know she's hiding something ... and I can't protect her if I don't know her secrets.

**My name's JoJo. I have two priorities: Fighting and Family.**

According to my mob-boss father, women are commodities. The only ring I should be interested in is the one on my finger. That's why he's arranged my marriage.

Time is running out: I only have four weeks to live my life on my own terms. So when McQueen shows up the gym, I give in to what we both want.

But what starts as a no-strings-attached afternoon, quickly becomes a fight for my life.

If I tell McQueen the truth, life as I know it will be over ... and so will his.

**\*\*\*WARNING: McQUEEN** features an alpha male with a desperate need to protect his woman. It's sexy as hell. You might need a cool shower after, or a really hot bath \*winkwink\*. xo, frankie

*\*\*\*Previously published as a four-part serial: McQUEEN. This contains all five parts. It's a full-length novel with a HEA.*

## From Reader Review McQueen for online ebook

### Miranda Whore says

#### Smoking hot...

I'm loving this series, hard.

JoJo is a crazy good heroine. A fighter in the ring, but sweet and giving out. Loved her connection with McQueen, but her family life was insane. She was loyal to a fault for sure.

McQueen is everything you want in a bad boy player turned one woman man. He's adorable in a clueless sort of way, in denial about his feelings all the way until they slapped him in the face. Might like him more than Ace! Which says a lot because he was the real bad boy of the group and I love a good bad boy.

Four stars and five wet panties.

[Her fighting ability being useful. A bit contradictive. She was able to stand up to the gangster, but not the stalker.

Who's the stalker? Her bei

DNF @35%... STOP THE INSANITY! OMG I just can't! How the eff does this have such high ratings?! Why do women think it's ok to have the mentality that Jo has?!!! Family first, sacrifice your own happiness for others, do as your told, bow down to men... blah blah blah utter bullshit. OMG this seriously was making

---

my blood boil & stomach knot up at the pathetic moron Jo is. McQueen deserves a woman who isn't so subservient & weak.

#### **Fighting**

Jojo what a girl and McQueen so full if himself but somehow they just fit together. The stalker at 1st I was thinking it was Kit then I'd thought her brother in law and then I went back to kit. Grotto the jerk glad to see him back in jail and love her family need stories about the brothers...

### **Kelly Quartieri says**

This is my FAVORITE so far of the series! McQueen & JoJo are awesome characters! The storyline definitely went in so many different directions than what I anticipated! I would HIGHLY recommend this series! Now it's time for Jack. ???

### **T. says**

McQueen is the male stripper of the foursome bad boy crew. He is the headliner for the new women catered casino that was opened by the team. He's pretty shallow when it comes to the women, he just uses them and has no strings attached. He works out at Kits gym where he's trained by Kit (the best old timer in Vegas) and his crew (a female MMA trainer names JoJo). He and JoJo flirt but its nothing serious.

JoJo is a great fighter and decides that she no longer wants to train - she wants to fight and Kit needs to be her trainer and find her a professional fight before its too late. She has to go into her family business in one month's time and has that time to live life to the fullest. She decides to let McQueen into her bubble for that month and see what happens.

This duo is powerful! Once again the lies and secrets has the potential to ruin - but with a Las Vegas Bad Boy in the folds - things work out well.

#### **Good read**

This was a good read. McQueen is the "poor" stripper of the Vegas gang. He falls for JoJo at the gym. Both have some secrets and bridges they need to cross to be together. Cute couple

### **Sally says**

I was pleasantly surprised by this book.

It's steamy with a decent story line.

I'm not usually a fan of books that have a stripper as the Hero, but it worked in this book.

I liked JoJo and McQueen together and how their story played out.

### **Miriam Vihovde says**

Been there, done that. At least this book had a bigger plot twist than the other three, but i still saw it coming early in the book. I like the love story, so why not.

---

### **Barbara says**

Another great book in the series. Both JoJo and McQueen are conflicted, thinking this should be a one-time thing but wanting more. McQueen has to figure out what that feels like - wanting more than just one time. JoJo has to figure out what she's willing to give up. This is a really good standalone story.

stop the presses, McQueen is the bestest of this whole series ...just saying. <3 if u need to help with the changing of these covers ... tell me how Frankie and i will do it... i love the Amazon book covers so so much!! <3 <3 <3

I love Frankie Love's style. so amazing!! I love this series ...picking a fave ... McQueen is definitely my favorite male of the group. the others just don't seem a cool, steamy or awesomeness enough ...now don't get me wrong ... but he is just that awesome. & JoJo is my favorite lady for these dudes. so not gotten take any crap from any one ... well her family maybe??! loved this read. way cool. i had to laugh over a review ... if u know anything about Frankie ...well any of this genre ... u will not get away from the cussing in this genre every ... so don't read it ... it is something u have to get over if u r going to read it ... u don't get sweet romances here. lol!! there are other sweet romances, with that style if u prefer ... Frankie and many other authors ... give u what they write ...they are totally honest about it ...and that is that. u take it or leave it ... don't leave a negative review ...when they give it to you straight. i gotta go change my own review ... i don't see any mistakes ... someone said the writing was screwed up in the next few books after i had read ACE ... i didn't see them ... i'll correct that Frankie ... maybe u corrected them way before i ever read them. thx!! awesome series ... if u like the steam, hotness and all that ... loved this one bestest. Ace probably 2nd favorite dude! ( ;

not a fan of the book, think Jojo is the kind of character girl i hate most. cant freaking stand up for herself until she have no choice kind of thing, so annoying to read when she keep going back & fro on what she wants.
