Q and Sade Jade Jones , Pebbles Starr

She likes to dance to the rap jam...

She's sweet as brown sugar with candied yams...

Honey-coated complexion...

Music camay...

Let's hear it for the girl...

She's from around the way...

Sade is not your typical around the way California girl. Coming from a good family, in the rough part of Compton, the senseless murder of her mother at a young age leaves her family in shambles, and Sade forging a way as a woman without the gentle guidance that only a mother can provide. With her razor sharp tongue, and free spirit, Sade is trying hard to blaze her own trail, despite the wishes of her controlling father and bougie ex boyfriend.

Q is the Robin Hood of Tree Top Piru. Under the hardened, heartless exterior that he puts up, is a man longing for the stable love he's been missing from his baby mama Camari. With enemies lurking around every corner, and treacherous women always trying to claim his heart, a chance encounter on a doomed night sets him on the path to finding the sense of calm that he's been longing for in his chaotic life. Is Q even capable of loving someone that needs to be loved? Or has his heart been entirely shut off from love because of the ways of the women in his past?

Will shared experiences create unbreakable bonds between Q and Sade? Or will secrets, lies, and jealousy rip them apart before their love affair even begins?

Get into the story of Q and Sade, two star crossed lovers from Compton. Romeo and Juliet ain't got nothing on this real hood love story!

Pamela Johnston Ward says

A Must Read

If you have never read a book by Jade or Pebbles, then you are really missing out. As usual, they don't disappoint. This is a must read. The twists and turns will have you anxiously turning the pages. I started reading last night, and I didn't stop until I saw the to be continued. Then I got mad, because I was wanting the rest of the story. Q is Bae and a Boss. Sade better watch out before I take her man. LOL! I can't wait to get part 2. Great job ladies.

Great Read!!!

This was such a good book. This book showed the softer side of a thug. People think thugs don't have hearts. I was on the edge of my seat the entire time. I could relate to the characters. I will be recommending this book to all my friends!!!

Andrea Provost says

Jessika says

Good

It was good. I like how Sade didn't give in to Q off rip. She made him work for it. That ending though??
Man ohan Q is about to be on a rampage since somebody got a 3 for 1 special!!!

Tesha Joyner says

Okay

Gotta say this was another love story. Not sure how things will end for them but its some secrets that will be revealed that are going to cause problems. Sade and her brother Shadow have some issues since their mom was killed. Not aure how Shadow will feel once he seea what has happened to his sister. Will hr be able to live with hissself and wil ahe forgive him? Jayde and LaMar finally do things together. Will she tell Sade about things that happened with Shadow? Q has finally found love and will his baby mama cause problems for them. I like Sade and Q. She is happy with him & he seems to be happier and dont have an attitude all the time. Ready for part 2 to see how things will go for Sade.

Q and Sade

Shadow ain't worth a damn! I hate how things ended because so many problems came about all because of greed. The way Q and Sade met was very interesting because neither backed down from the other. Romello truly thinks he's that dude and Camari had to learn the hard way that the ones she got over on are the very ones she needs now. Sade's dad is sorry and he pissed me off how he constantly talked to her. Lamar was foul but I'm hoping he proves to Q he still has his back. Mimi needs to learn to take a hint and I do believe Sade helped with that. Jayda was a mess but she was a genuine friend although she felt she had to be secretive with Sade. I wish things were different for Kai but things happen. Hopefully Q will take heed to what Arlo said about wanting more out of life especially since he's found the one.

Satisfied Reader

Q and Sade was so great together. She was the calm to his storm. Camari is definitely playing a dangerous game by the name of Romello. I can't believe Sade's dad would go to the extremes just to be on top. My heart goes out to Kai she was innocent in all that. Jayda have to break it to Q and LaMar with the info she knows. Praying for Safe and her unborn. Can't wait to see what unfolds in pt.2

Zarkia says

Loved it!

I really thought this would be just another typical urban fiction love story. I was completely wrong. The storyline really captivated me from beginning to end. Shadow is definitely something else ?! I'm excited for part 2.

Andranishaa says

They have done it again

Good read, I must say. I kinda felt sorry for Sade, especially when stupid daddy told her the real deal with her ex. I liked how Q had Sade's back. That was unexpected. Jayda moving on was a good look for her. That ending tho...I had to read it twice just make sure I didn't miss anything. Nah, I'm patiently waiting for pt 2?? So I hope yall hurry up????

Jasmine Love says

Omg!!!

I am love with all of tjese characters! Sade is super relatable and to see the layers of Q unfold is such an incredible thing. I am on pins amd needles waiting for part two!!

Tondalier Thompson says

Love

This story has so much realness to it. It makes you feel like you are right there experiencing it. This is a must read. You got a mixture of street lit and romance in one book. There is a part of a series of just 2 books with the 2nd one is out already so there is no wait. Come on and meet Q and Sade. Let them take you on a rollercoaster ride of love.

Porsha Myers says

Not a west coast fan

Not a big fan of the west coast life style so it took me awhile to really get into the book. I did enjoy the storyline overall and how I was left wondering what was going to happen next. I would definitely read part 2 because I want to know how all of the loose strands are going to come together.

Marci says

Damn

Part 2 now please. This was soo good Shadow low down azz going to be sick when he finds out his sister Was a casualty of his foolishness. I'm mad her Sade dad for using her to further his career.
