Claiming Cooper A.F. Crowell

Her first crush.

Her first rejection.

Cooper O'Loughlin is everything Kinsley Allen has ever wanted.

Just when Kinsley should have been starting life, finding herself. She ended up running. When she landed back home to deal with the fallout from the one night that had changed her entire future she never imagined she would end up tied back to him.

Much like every other time before, Cooper shut her down before she could admit her true feelings. She was in love with her best friend's brother.

In the dark shadows, secrets hide. Time was up. Kinsley's consequences followed waiting to exact their revenge.

There's no place safe, not even home.

Elizabeth Swain says

Cooper and Kingsley... this is their story of coming together and reaching for their HEA! Elizabeth @ White Hot Reads

Cooper is a hard headed, brooding, protective, sexy cowboy and he is in love with Kingsley. Can Cooper overcome all the obstacles in his way to get the woman that he loves? Kingsley doesn't see the obstacles, only the darkness that has followed her. Why would anyone want to be with her when trouble seems to follow? One night at college gone bad and she is running home, laying low and keeping the secrets of that night close.

I read this story in one night... as in it was so good I didn't sleep but had to find out what happend. AF Crowell is putting out another great series and this one has sexy cowboys!! YES!!!!

A.BookNerd.Bookseller&Bibliophile.Blog says

What an emotional story: Kinsley is running from a tragic event back to her hometown and right to her crush, Cooper.

I loved that this had a feel of a second chance/friends to more vibe to it (this has been my go-to read for awhile now).

I also delighted in the addition of the supporting characters: Kinsley's best friend, Anna and Cooper's brother, Ashton. I'm looking forward to reading more in the series and discovering more from the author.

From reading One Last Snowy Christmas, I knew that I would just fall in love with the characters in this series more and more.

This story is unexpectedly told through Kinsley's POV, but it definitely doesn't take away from the story at all.

With a pretty good little mystery mixed it, that took me far to long to piece together, it was a nice, refreshing story.

Definitely a must read!

Received an ARC at no cost to author...This is a well rounded book, we felt so many different emotions signifying what a great job the author did to be able to do that. You have sadness and hope, mystery and eventually happiness. Cooper and Kinsley have known each other for years, but he never really noticed her as a love interest until he got a divorce and then his feeling changed. Kinsley has always had a crush on Cooper but she never had a chance, and now that he is finally free, what will happen with them? well you need to read. Enjoy!

Jenn Allen says

OMG I absolutely LOVED this book! This entire family pulls you in and makes you love them all. Kens and Cooper have this amazing tension, this build up between them that kept me flipping pages! There is sadness, there is heat, there is a danger that swirls that kept me on my toes. This is a great story and I cannot wait for more of this series!!

I received a copy of this book and am voluntarily leaving an honest review.

Kellane Ayanna Mitchener says

Wow, what an incredibly heartwarming and emotional read. I loved Kinsley and Ash's friendship and her and Anna's as well. My favorite though had to be of course Cooper and their relationship. They really grew together and were there for each other in pivotal and excruciatingly tough times in their life. They love and friendship they had for each other was so beautiful even though at times I wanted to scream just say it Cooper?? and he did so thank you for that. I can't wait to read Ashton and Anna's story there certainly is more going on there.

I'll Claim Cooper

I was so glad yo see this author come out with a new series I have just loved her stories in the past and with this new title she has cemented herself as a one click author for me. I just fell in love with Cooper and how he tried to make things work within a failing marriage while trying to fight feelings for the one girl he shouldn't want. Kinsley I liked how she fought back and didn't let him win. She battled for what she wanted and made she she didn't just settle. I a! Looking forward to the other brothers books. Great start to a new riveting series.

Whynter Raven says

Absolute loved it

A.F. is amazing. Very emotional read. I'm so happy Cooper and Kinsley found their HEA. Can't wait for Ash story.

I read this book in one sitting. I could NOT put it down. The first couple pages were a bit confusing, but once I got into it, it became clearer. I liked the cowboys, the small-town feel, the romance, and all the suspense. There was a lot of that.

Kinsley has always been in love with Cooper, but Ashton, Cooper's little brother, has always had feelings for Kinsley. That added a lot of tension and angst in the book. For someone who was "in love" with someone, Ashton sure had a way of showing it (getting "favors" from girls where Kinsley could see). I had to shake my head at that.

There were a lot of factors to the book that made it a nonstop read. There was a bit too much movement, in a way I thought would be significant later. It wasn't. That was my only complaint. Other than that, there is seriously so much is going on. It's addicting! And there was also a lot of sweet romance that ever girl dreams about.

Lu Bielefeld *read.laugh.love* says

I liked the story.

It was my first reading by this author.

Heroine was attacked and defending herself ends up wounding the attacker and is now threatened by a stalker.

Our hero was married and now divorced because his ex-wife cheated on him with his best friend.

The hero has feelings for the heroine but ends up pushing her away so he does not hurt his brother who likes her too.

Things get complicated when our heroine is attacked again

Kim Brewing says

I've been eagerly awaiting this book since reading One Last Snowy Christmas.

Kinsley is best friends with Ashton but has been in love with his brother, Cooper for years. Even though she let her feelings be known years ago, they were never reciprocated. After a life altering event at school, Kinsley returns home. We aren't told what happened right away and there some suspense connected with the part of the story line. Cooper has one failed marriage behind him and is trying to move on. He ends up moving home to help with a heartbreaking situation that is happening.

Can these two finally have their time? Or is it all one sided? What about what happened at school - has it followed Kinsley home?

I loved the pace of this story. It kept me hooked from page one. Looking forward to more

Becky says

Amazing family to follow

Wow this was such a great story. A story of love, family, friendships, romance, happy times and sad. There is drama and slight mystery. Sexy times and emotional one's. To sum it up this book is about life. A crazy life, what with attempted rape, stalker and crazy ex's. But at the heart of it, it's about lives and love and heartbreak. This is Cooper and Kinsley 's story but it sets up so many more books what with him having two other brothers. Wonderful story and characters most you'll love some you'll want to throat punch! Next Ashton and Anna 's story. I recommend reading the Christmas novella by this author , it sets up this wonderful families story. It's not required but recommended.

Jamie Ellis says

First time reading this author and so glad I chose this book....I'm hooked to the O'Loughlin Brothers. I loved the loyalty they have for family, friendships and are book boyfriend worthy lol! I mean did you see the cover to this book woohoo gorgeous! Oh and the perfect princess right next door.

Kinsley was a great female character, but one whom seems to run from her problems then confronting them. I mean an incident from high school has her running off to college then a major one happening in college and making her run back home. Don't get me the one in college is a huge incident but it seems like a pattern or is it?? Really got a kick out of her relationship with her bestie and neighbor Ashton. He thinks he is in love with her though and her heart really belongs to someone else.....and she's been in love with Cooper it seems her whole life. The only problem with this is he's Ashton's older brother. And Cooper doesn't want to upset his brother. So we've got that going on with maybe a blast from her past, and incidents that need explained and a few twists abound.

I really, really, really loved this book and can't wait to read Ashton's story. My review may seem a little everywhere but it made sense to myself when it was going through my head. Just know you will love this story and the total hotness, closeness and well hotness again of the O'Loughlin Brothers.....I WANT ONE! Highly recommend this book.

Thanks Jamie Nibarger Ellis
