Witch in Disguise Elle Adams

Everyone knows Blair's secret now... and it's up to her to deal with the aftermath. With her love life in tatters and her family beyond reach, now isn't the best time for her unpleasant former co-worker Blythe to show up on the doorstep begging for help.

A strange curse is spreading through the town and turning its victims' personalities inside-out. With her boss missing, her best friend indulging in death-defying broomstick stunts and her neighbours hiding secrets, she has her hands full.

As if that isn't enough, Blair finds herself with an impossible quest to handle and a potential relationship to save.

Can Blair keep it together and undo the curse before the town falls apart?

Relina Skye says

Witch in Disguise is Book 4 in A Blair Wilkes Mystery Series by Elle Adams. Blair is still trying to adjust to her half witch and half fairy identity. She feels like everyone is looking at her strangely, but then she notices that there is something else going on. The people whom she knows the most are acting strange and not in a good way. Blair takes it upon herself to get to the bottom of things especially when outsiders start to get involved.

Overall, this is good addition to the series.

Mary E says

Good Mystery

I wasnt able to guess the ending as Blair tried to figure out who is passing out curses in Fairy Falls. Loved it!

Janet Wilson says

“Skye, the cat, is a mystery wrapped in an enigma.”

Much more interesting than many of the other paranormal books. This mystery is a real stunner. What is it that’s going on in this town anyway? Is someone trying to take over the covens? Read on To unravel the mystery and enjoy.

Donna McLaughlin says

Which is witch

I have read all 4 books in the series so far. If you like a good old witchy story then these are good books. There's a few spells, a bit of glitter, fairies and pixies. Need I say more.

Amy Villarreal says

Really enjoyed this

I can’t wait for the next book in this series. Great imagination, characterization and fun plots. Start with the first and you’ll be hooked.

Krista Walsh says

Loved it

I absolutely loved this series. I simply can't wait for the next installment. A very enjoyable read. Loved all books by this author

Tami Janneck says

A fun read.

A fun and entertaining read. I enjoyed getting to know the characters. A great book for a snowy day by the fire.

Bob says

Great series .

Elle Adams has created a great character with this series. I'm looking forward to the next book in this series. I hope she is busy writing.

Jana Gundy says

A good cozy to enjoy

I'm a big fan of this series and always enjoy reading about the antics and situations Blair gets herself into. This time, people are changing personalities and important people are missing. Blair finally gets comfortable with her fairy witch self and she has that talk with Nathan.

Kyla says

Miaow!

As Blair gets closer to learning more about her parents, she's also coming to terms with her dual nature. I must say, I really get a kick out of her fairy cat! 4 books went by super fast and now I'm stuck waiting until November for book 5: Wah!

Tiffany says

Good series

I enjoy this series. They are easy and fun to read. This one seemed a little shorter than usual but still good and keeps you waiting for the next one.

Tammy says

I could not stop reading!

I gave this book 5 stars because it was that good.
I love all the characters, and the wonderful, intriguing story lines.
I am looking forward to the next one.

Elves, fairies and curses,

Another good read. Alright it was a mystery but not one that actually had a dead body. The it was a nice twist at the end.
Now that she has been outed as having fairy blood, people start treating her differently. Some shy away completely whilst others treat her as a freak. It is only a handful that treat her normally. Her first day back at the office starts badly and gets worse when the meanest girl in town asks for her help. Not only is she being nice but she seems to have lost her mind reading talent. The more she looks into it the more people seem to be affected by the curse. Now someone is trying to bring hunters into town. Are the two items linked? Who is behind the the scheme?

Each book is better than the last

I love cozy mystery 's. And paranormal ones are even better. While the first book in the series was a little slow each subsequent book has gotten better and better. I can't wait for the next one to come out.
