A Girl and Her Wolf

Jody Morse , Jayme Morse

A Girl and Her Wolf Jody Morse , Jayme Morse

When Samara and Declan go away on their honeymoon, Emma and Colby are left with babysitting duty. With the rest of the pack also gone, they are eager to enjoy two weeks of relaxation in a quiet house with Davenport. But things in the Tala pack are never quiet. Bennett the ghost is still hanging around the house, much to Emma and Colby's annoyance.

When Colby gets his hands on Emma's diary, the two mates are forced to revisit old memories, all while they deal with the blunders of babysitting.

This action-packed, humorous novel, which reveals some of Emma and Colby's deepest secrets, is a Howl series accompanying novel. It is meant to be read after Cursed, as it may contain series spoilers.

roy f hartman says

Not worth it!, samara is mentioned but not in it!!

Honestly it was a heavy disappointment!, thought it would be my first favorite book series ever read, but the ending must be convincing and perfect this is all but that not only did they drop the ending but started another book with no real ending just reference too the entire series!!

Jody Morse says

It's here!! Now available on Kindle & Nook.

A Girl and Her Wolf comes before the epilogue in Cursed, but it's marked as Howl #7 because it does contain series spoilers, so you should read it once you're finished with the rest of the series. It's very different from the other books in the Howl series and focuses on Emma & Colby.

Paranormal_Madness says

What I Liked:

-Emma and Colby. Their relationship is pretty adorable, and probably the most well written and most fleshed out relationship in the entire series. The others just seem to come out of nowhere, but not these two. They obviously love each other and have a few adorable moments. I was glad some of the less important and more annoying characters were absent.

What I Disliked:

-Plot. I'm sorry, but the plot of this book was really stupid. It was so far-fetched and unbelievable, even for a werewolf book. Even for this series—which has gotten pretty far out there in the past—and I couldn't actually believe how stupid the characters and the situations were. Nobody would ever behave that way. (view spoiler) Things in this book happen because they need to in order for the story to advance, but they don't ever make sense.

-Troy. He was an idiot, and a pretty unbelievable villain. His deal to Colby and Emma was stupid and random and it made zero sense that he would even risk making a deal with them if he already had what he wanted. It was just a way to add some action to an otherwise boring story.

Overall, this book probably didn't need to be written. It honestly served no purpose that I can tell. The writing wasn't bad, but for the price, it just didn't seem worth it. If you're a huge fan of the *Howl* series, you'll probably love this book. It just wasn't for me. **1.5**

Ann says

A fun read! I enjoy the character dynamics. Cute little short story of Colby and Emma's relationship. I hope there will be more books in this series. I think there are more characters that need their story told to round

out the pack.

Tasha says

Last book in the series and I am sad to see this series come to an end but I was so happy with the previous book's ending. This has been a fun read throughout this entire series. Thank you for writing such a wonderful series that was filled with so much fun and drama and everything that I could want in a book

Kathy Harrington says

It was nice having this book from Emma's and Colby's POV. It filled in a lot of their background story while the rest of the pack stayed in the background.

Genesis says

I really enjoyed reading this. It was very entertaining. I loved Samaras story and it was fun reading Emmas story.

Rebecca says

Its about time that we get to see the side of Emma and Colby
