Awe-Struck

Twyla Turner

Awe-Struck Twyla Turner

Madison "Sunny" Stone's life was turned upside down when she unexpectedly fell in love with the world's "Sexiest Man Alive" and superstar actor Gabriel Wolf. But being thrown into the spotlight, getting ripped apart by the media and a devastating accident has Sunny questioning whether loving the man behind the stardom is enough.

Gabriel Wolf has never experienced a love the likes of which Sunny has shown him. Being an orphan and a loner, the light that the beautiful and plump screenplay writer has brought into his life is making it hard to let go. Even when she suddenly breaks it off with him after the close call of the life-threatening accident. Gabe refuses to give up hope that they can make it through the storm, but there is someone in the shadows threatening everything he's striving to hold on to.

Will Sunny and Gabe be able to come back together, even with all of the outside forces trying to keep them apart? Can they find their 'happily ever after'? Find out in Awe-Struck the exciting conclusion to Twyla Turner's debut novel, Star-Struck.

--karen Green-berry says

Wonderful conclusion

What a fitting conclusion to Gabe and Sunny's story? The author has done a great job of making the reader fall in love with their story. I felt every emotion that the author intended for us to feel.

Sunny demonstrated her love for Gabe in many ways, but it was especially touching when she brought his mom into the picture. Gabe showed his love to her everyday and it was a beautiful read.

Jasmine says

The Perfect HEA

Awe Struck was the perfect conclusion to Sunny and Gabe's story. I enjoyed this series so much. I laughed I cried I even got mad a few times. I loved the growth between the 2 main characters they were so perfect for each other. One word...Josiah... he mad me itch just a horrible human being. I'm so sad Gabe and Sunny story is over and I wish I would've discovered this author sooner. I plan on reading more of her work ASAP, whether is available on kindle for free or not lol. Yes I not only recommend this book, but this series and this author. I always relate to her heroines and her stories are always so positive. Keep up the good work Twyla...much love and many blessings.

Shaquaila says

Hot dayum, can I just say that Sunny&Gabe are hot together. They have to be two of the most loving people to come together. you will love the end to their over the top love stories you will ever read.

Kimberly Lewis says

Loved this book!

I just discovered this author last weekend and I've been binge reading her books ever since. This is my eighth book and it was phenomenal. I was pretty hesitant to read this book because it a whole actor thing but I'm glad that I did they were such a cute couple. I felt like I was on a roller coaster of love with Gabe and Sunny and I was rooting for them the whole way.

It's so hard to find romance books for the interracial BBW genre that are actually substantive, which I find quite funny since the average size of an American female is a size 14, but I digress. I will admit Ms. Turner is definitely one of my go to authors now. I get warm fuzzy feelings when I read her books. LOL! Keep up the phenomenal work! ?

Kim says

Awe-Struck by Twyla Turner takes us deeper into Sunny and Gabriel's love story. Things have heated up and now, not only are they dealing with the paparazzi and internet trolls, they've also got a case of someone seeking to actively destroy their relationship.

Told with the same humorous, light tone, Awe-Struck pulls the reader along, with Sunny and Gabe's mutual longing for one another, sexy romps in LA and NYC, the promise of a suspenseful situation and even a Dirty Dancing flash mob moment (loved it!).

Picking up where Starstruck left off, we follow the couple through Sunny's recuperation after an accident caused by overzealous paparazzi and what appears to be the demise of their relationship. Gabe is ready to take their relationship to another level, but Sunny--spooked by her accident and the realities of being with someone as sought after as Gabe--breaks it off with him and, upon being released from the hospital, goes home to New Mexico with her parents. Gabe knows he'll have to up his game to get Sunny to change her mind and come back to LA with him. Will his plan succeed? And will Sunny's plan to help Gabe find his birthmother lead to the family reunion she thinks he needs? Well, you'll have to read Awe-Struck to find out. :)

The only thing that knocked me out of the story was the Josiah subplot. It wasn't so much the subplot in itself--it was when we suddenly went into Josiah's point of view. Since he had never been a POV character, going into his head felt unnecessary to the plot. We could have seen everything through Sunny's or Gabe's eyes. If there had been more chapters in Josiah's POV, it would have felt more relevant, but since we only get two or three from his viewpoint, it became intrusive. Also, I wish the suspense of who was stalking Sunny and Gabe had carried through a little longer. It would have added another layer of tension to their relationship that would have been a great way to lead up to the story's climax. Even though the suspense level is good, just a wee bit more would have added even more emotional highs to the story.

But those two issues didn't prevent me from getting sucked in and completely ignoring my husband while we flew home to Stockholm from Salzburg, Austria. And after a while, he was reading over my shoulder, trying to see what would happen next. Gabe and Sunny are a charming and very sexy couple. I wonder if we'll get more of their story...:)

Helen Bowen says

I love Sunny & Gabe!!

This is the perfect conclusion to Star Struck!! Twyla your story flowed effortlessly & I enjoyed each stroke (pun intended)

Jennifer says

1. 2.5 stars. I didn't like the first book in this series all that much and I didn't like this one all that much either. The problem I have with this series is that while I love a HEA, I don't do fairytales. These books were

so unbelievable, if you threw in some magic, it could be fantasy.

2. Sunny spent a lot of this series as an insecure, pitiful MC and I hate pitiful female MCs. I don't mind shy, reserved, quiet or submissive female MCs because those are the ones who get turned out in erotic novels. But, Sunny just irked the crap out of me. Gabe did too; they are supposed to be two grown ass people but they sounded like silly college co-eds.

3. This book is full of drama, but little believable angst given the plot. You have insta-love/obsession based on sex, a cartoon villain and an accident that makes the MCs realize how much they love each other. Characters like Donna come around to support Sunny and Gabe just because Gabe gave a page-long monologue professing his feeling (cue one of the million eye-rolls this book induces) despite the fact that there is SO MUCH TO QUESTION with this relationship.

4. This book is full of page-long monologues about nothing. I take that back; these monologues are people confessing their feelings - feelings I didn't feel or even believe - so, I guess it wasn't nothing. These "I love you so much" monologues were not convincing. Nothing about this story is convincing. Or real. Once again, is this contemporary romance or fantasy?

Avid Reader says

Part two of a two book series about a plus size 30 something woman and a hot movie star with his own insecurities. A cute sweet read with a HEA but nothing extraordinary here.

Pros: the book is not about a perfect 20 yr old beauty and a beautiful male billionaire CEO, the characters are likeable, it is an interracial story that doesn't describe the Black woman as if she was white (e.g., hazel eyes, light caramel skin or barely kissed by the sun, with long straight flowing hair) or make her sound illiterate to define her race, and the race angle was not heavy handed and didn't stereotype the female lead.

Cons: The suspense in the plot was under developed, the dialogue was a little repetitive in places, the description of the characters didn't match their dialogue (by the dialogue you would think they were in their early 20s sd not mid 30s), it is hardly evident that this is an interracial romance based on the very light role race played in the story (this is both a pro and a con), the characters didn't seem to grow very much.

This writer will be interesting to watch as she matures. I recommend this book (really the series) as a quick, easy, no thought required beach read if you like sweet romance novels with a clear HEA.

Rita says

I am really enjoying this author's writing. The characters were real and I could relate to them. I like the storyline. It was funny, heartwarming, sexy and it had a little action and drama. I will keep reading this author's work.

Mspraise50 says

This is the continuation of Sunny and Gabe's story.

The amazing love story continues with more twists and turns and road blocks to Sunny and Gabe's love. They decide to stick together and not let anyone or any forces try to tear them apart.

I love this story because Gabe is a man who truly loves his woman with all he is.

Gabe: "You're doing a phenomenal job, Sweet Girl. You're showing the the country what I see every day; someone funny, bright and adorable. I'm so proud of you".

At last Josiah get's the beat down he deserves from Gabe and I am sorry he was not able to put him down for good!

This is a great read, great love story and had the butterflies fluttering in my tummy every time Gabe demonstrated how much he loved his "Sweet Girl". This is a real romantic story and what I think romance should be about!

Definitely worth the read. Highly recommended!

Kelly says

Perfect Ending!

I held onto Starstruck & Awestruck for months before I read them; I could kick myself for waiting so long to enjoy this beautiful love story!

Sunny & Gabe gave me life; the chemistry, the sassiness, the great dialogue made for a great read! Kudos to the author!

Henrietta Hudson says

Bought this right after reading the first part.

I loved this very much! Gabe and Sunny were a great match together. What she went through was sad. The actor who was on the revenge kick should have been taken down all that he did to Sunny. I loved her parents and it was good that sunny help Gabe connect with his family. I've read several of you books and enjoyed them. I hope you keep continue writing wonderful stories. May you continue to be blessed with a creative mind.

Noreen Joseph says

This is the continuation from star-struck and again this author did not disappoint. Gabe whatta man. A man that knew what he wanted and didn't allow anything to deter him from that goal. Alpha in every way and can lay it down. My girl Sunny evolved and received her happy ever after. I did not want to see this series end it was that good. Until next time Chica, keep writing.

Elle1986 says

Welp that is one nice way to wrap up this story. I will keep it short and sweet, this book was a good read, I actually enjoyed both books. I think I was provided with just enough of everything to be satisfied with the read.

Signing off... The underdog came out on top.

Bee'sBooks says

Yes, Yes, Yes!!!! Another winner for me from Ms. Turner. Awe-Struck is book #2 in the Struck Series and I loved every minute of it.

This book still centers on Madison "Sunny" Stone and Hollywood hunk Gabriel Wolf. However, this part of the story really focuses on how Sunny and Gabe are struggling to find some balance in their whirlwind love affair. Sunny is now Gabriel's girlfriend and both of them are at times fighting to find normalcy in their relationship, when the outside world and paparazzi are hounding their every move.

I don't want to go on too long about this story, but it gave me everything! There were paparazzi, accidents, relationship breaks and reunions; love, laughter, fights, crying, some cussing (;-)), jealous co-stars, kidnapping, trampy Hollywood vamps, best friend girl fests, fabulous vacations, getaways and loving (okay, now:-)). Whoa child, this book just left me feeling full and warm and fuzzy and just gave me a good amount of "OMG" and "Awww, that's so sweet," mixed in with some side-eye, sprinkled with some "Oh no he didn't just try it!"

I am loving Ms. Turner's books! I feel like she just has the gift to me and ya'll need to support it! That's it, the end, I am done.

P.S. Can't wait for that new release Twyla, but you already know that.~)
