Christopher Robin Gives Pooh a Party (Winnie-the-Pooh story books) A.A. Milne , Ernest H. Shepard (Illustrator)

There is going to be a party for Pooh, because of what Pooh did to save Piglet from the flood, and everyone is invited. Eeyore thinks the party must be for him, and the present too, but nobody listens to poor Eeyore. This book is part of a series of "Winnie-the-Pooh" story books.

From Reader Review Christopher Robin Gives Pooh a Party (Winnie-the-Pooh story books) for online ebook

Skylar Burris says

I prefer these older, original, classic version of Winnie the Pooh to the ones that are put out today. They are actually far less wordy, but they tell the same stories using richer vocabulary and more succinct narration.

jacky says

This takes part of *Winnie the Pooh* and turns it into a board book. Much easier package for young reader than the whole book or for a parent to read a loud in one night.

Cassandra says

This is a nice simplification of Milne for very young children; my daughter loved it when she was 2 1/2 or so, still too young to care for the longer versions of the story. I particularly like that the illustrations are the old ones (not Disney), chosen with an eye to making the story make sense. Now that she is older we will be moving on to the full story, but these were a very good introduction, and Milne's prose (even abridged) is quite pleasant for reading out loud 87 times.

Ashley Newell says

I have been loving this classic collection, until this one. Poor Eeyore.

Dolly says

Part of the original Winnie the Pooh Treasury set I got when my oldest was born. They are longer than the board books we have featuring Pooh and his friends, but are still great for young children.

Emily says

I had not heard of this Pooh book written by A.A. Milne before either. I feel that this one is not as good as some of the others. However, Milne still has a creative and unique way of writing.
