Never Take a Shark to the Dentist (and Other Things Not to Do) Judi Barrett , John Nickle (Illustrator)
There are many things you should never, ever, ever do.

Like sit next to a porcupine on the subway (ouch!). Or hold hands with a lobster (double ouch!). Or take a shark to the dentist (triple ouch!).

Bestselling author JUDI BARRETT and imaginative illustrator JOHN NICKLE give us a raucous look at the perils of taking giraffes to the movies, goats to the library, and pigs out to lunch...and other such silly stuff.

Shannon says

This book is just ok. The illustrations are cute, and it's short enough that it will probably hold a child's attention.

Laura Aldridge says

Some humorous illustrations and scenarios. But I'm really struggling to understand the point of this book. Basically focuses on all the negative aspects of various animals and then one that you can exploit for your own benefit?

Nah. Skip this one.

Sonja says

Loved, loved this book! Made me laugh! Cute illustrations! I agree with all that is said!

Meghan Hunt says

Wonderfully silly!

Remya says

My three year old had a hard time figuring out the funny side of the book.may be it is for the older kids!

Nicola says

Miss 3 and I like to explore different books and authors at the library, sometimes around particular topics or themes. We try to get different ones out every week or so; it's fun for both of us to have the variety and to look at a mix of new & favourite authors.

This was a random picture book that I chose. I didn't like it. I didn't like the repetitive 'never' through the book or the message that gives and Miss 3 ASD didn't understand the humour.

Kat Harrison says

From the author of "Cloudy With a Chance of Meatballs" comes "Never Take a Shark to the Dentist". The sparse text is witty on its own two feet, but really comes to life with John Nickle's incredibly nuanced art. The illustrations are as detailed and vibrant as animated movie stills - and chock full of funny. A great book for animal lovers or kiddos that ponder, "What if?" to some of life's silliest quandaries.

Mikaela Fu says

This book is a fun book about taking the shark to do things. It could possibly help ease some of the kids nerves when doing things like going to the dentist.

Tracy Morton says

This book tells the children all kinds of things that you should not do with different kinds of animals. It has very little text. I am not sure if a very young audience would get it though.

Kristin Nelson says

Animals Should Definitely Not Wear Clothing and its sequel were much better books. This book lets the illustrations show the reasons but I miss the words Judi Barrett chose to explain the situations in the other books. The giraffe at the movies page is pretty neat though!

Mirko Liang says

Nice

Stephanie Weatherly says

While I am not sure my kids totally understand why this book is so funny, they always choose to read it at night. They love the page with the giraffe at the movies and the ants at the picnic.

Ruth Ann says

Advice for the young!

Nancy says

Can't wait to write with kids after reading this. (All the "answers" are in the illustrations. I am wondering if we'll be able to write without them, or if we'll feel the need to say, "because you will be crushed/hurt/ruined" etc. -- and if that will matter.)
