Code of Justice J.J. Miller , J.J. Miller

A beautiful young actress is found strangled in her Los Angeles apartment.

A young man with looks, money and an eye to play the field is accused.

In this debut, criminal defense lawyer Brad Madison has returned to do battle in the courtroom after a stint in the military. But the ghosts of Madison's war in Afghanistan have wreaked havoc on his life and put his marriage on the skids. Kicked out of home by the woman he loves, Madison wants back in but has much to prove and a lot of trust to regain. His big chance arrives in the form of a case that looks hopeless at first, but Madison never loses faith. In this courtroom drama, the personal and professional become tightly intertwined—Madison fights with all he's got because it's all on the line.

Joyce Marin says

Easy to read. Could not put it down. Excellent storyline and could not fall asleep until finished. Waiting for more to come our way. Thank you for the journey.

It's a excellent read, he is quite the storyteller, always coming through at the end. Thank you very much for getting this and others in print;

Eileen M Gilpin says

Another Perry Mason

Moves like a made for TV movie. Fast and to the point. No wasted dialogue. A nice change from some other mysteries out there. Courtroom drama is to the point, not dragged out with endless witnesses. Good read.

Marcia says

Good for a novella

But much too short and not well developed. I knew from the beginning who the killer was. It was really too easy to figure out.

Pamela Nolin says

Interesting plot-

I really like the character of Brad Madison. I like your storyline, and hope he gets his family back. I noticed quite a bit of typing errors, and errors in sentence structure with both books I've read. It was fairly distracting.

Lynn K Mooney says

SHORT BOOK

It did not take long to read bugg the story line was very compelling and very realistic for this day and age.

Cala says

Compelling legal drama

This book is quite short, but I liked the story with of his Brad and Jack prevailed in court for their client Bobby Timmons.

Barbara Trice says

Code of Justice

Great Book! I would recomend Code of Justice to everyone who loves great court cases with great endings. I hope to find more books by

J.J. Miller

Amazon reader and Goodreads reader

Sally L. Moran says

Code of Justice

I did enjoyed your short story. The characters are good , but it needed more storyline. Thanks for a short read.

Joy H. Lee-Story says

Fast, easy read.

Fast, easy read. Good for long plane ride. Nothing wrong with the writing, but nothing compelling about it either. I think author will improve with time. For now, good story, but the writer seems to feel readers need more information than really they do. I will buy the next-in - line book. But then, I am a sucker for lawyer stories. Good luck, J. J. Jhls

Michael Duffield says

Great read!

Excellent short story! Crisp clear and edge of your seat drama. Great author. Look forward to reading more in this series.

Bob Jacoby says

Exciting, ends when justice prevails and does not waste time with repeated info or unneeded text. Thanks!

Great read. I'll now look for more of his offerings. Was not too wording, wasting my time. Thanks for a good story.

Carole Corralejo says

Again, one helluva story!

This is the second book I've read of his and again I'm impressed! He's got the flair and excitement going in every page! Keep writing, Sir! I love reading your work! Thank you so much for your creativity and compassion!

Pasty vanderkooi says

Good short story read in about an hour. Enjoyed . I like mystery nove!s.?

you want to read a short story this is it. I like lawyers competing in a court room . Brad Madison is a

Tulay says

Good novella.

Liked his writing style, gave short introduction of main characters. So far not much about his wife I liked. Fast moving discoveries ended courtroom drama very suddenly.

Don A. Whitehead, Sr. says

Too Obvious

Story is just too obvious all around, especially who turns out to be the murderer. Also I don't think very many men would put up with a wife who uses the family situation as a "hammer".
