A Curvy Mermaid and a Dragon Shifter Romance

A flying dragon and a mermaid can fall in love, but first he has to convince her to return from hell.

Cage Gylden is one lucky son of a dragon. He should have died when his soul shard was stolen, but his mate saved his life.

Too bad he's never met her...and she's in hell.

As a warrior he will do everything in his power to defeat the Black Dragon and rescue her, whether she wants to be saved or not, even if he has to sacrifice his own life.

Everyone Azynsa loves gets hurt... or dies. She won't allow herself to feel for those around her, not since her police officer father died and her mother's people, the Mami Wata mermaids came for her. But, she will not allow anyone else to sacrifice for her, ever again.

Fated mates or not, these two are in for one hell of a time trying to save each other, and themselves.

Lisha says

Hooked is an understatement (and I wasn't going to a pun)

Aidy Award is a GENIUS when it comes to writing, and the Dragons Love Curves series is no exception. If you haven't started at the beginning, GO BACK and collect them all. But please note that Cage Me is actually book 4, not 3; you will find book 3 "Bite Me" (Jada and Ky's love story) in the 20 Shades of Shifter Boxset.

"Cage Me" is the love story of Azy and Cage, and it's filled with so many twists and turns that I just had to keep reading. I DEVoured this book because I couldn't wait to see what happened next. Get your fill of a mermaid warrior, her dragon warrior, demons, witches, plot twists, and traitors alike.

I'm going to sit here and (im)patiently wait for the next book to come out.

Elodie says

Wow, I do think I loved this book as much as Cage Me and Sass Me.

Aidy Award was able to renew totally her story of fated mates for the Wyr's dragons.

There is no hunt no doubt about who is who, but a crazy rescue mission followed by an epic battle.

Cage is not like his brother's looking for his mate, he knows who she is but can't reach her until he goes to Hell, literally.

I loved the gold dragon, he is far from perfect, he makes mistakes and bad decisions all in the name of love, only to protect who he cares for, but he is also able to accept his errors, apologize and right his wrongs.

Azy is a complex one, such a b@d@ss girl, she had no choice but to embrace her mermaid's mother way when she lost everything but she wants also to walk on her two feet choosing her own road. She needs her own freewill back in order to be able to fully give her love to Cage. She fights for what she wants, she is no coward.

I'm also very curious about Jett and Fallyn, they are two very appealing characters in their own way.

The story is very fast paced, all the events are perfectly linked, letting me by the end of the book in need for more.

Melissa Headrick says

Mermaids and Dragons.. yup she went there

Azynsa and Cage have the most struggle getting together than any of our other couples thus far. What more could you really expect tho, he had to literally go through hell to rescue her stubborn fish butt. More of our story unravels.. and double trouble is coming....

Linda Dunn says

Opposites Do Attract!!

Who knew a Golden Dragon and a Mermaid were destined to be mates. Cage Gylden knew it, but with Azynsa that is another story. The two of them have not even met yet. The odds are stacked against them from the start. Azynsa was captured by the Black Dragon and taken to Hell, literally. Cage has had to train furiously to be battle ready so he can rescue his Mate. That proves to be difficult as he has lost his ability to shift into a Dragon.

This story is jam packed with battles and blood lust combat as Cage desperately needs to conquer the Black Dragon to say his Mate Azynsa. As always Aidy Award delivers exciting action, humor and let's not forget, sexy hotness thrown in for good measure.

The story has us wondering if Cage and Azynsa will find each other and have their own HEA.

Cage Me: A Curvy Mermaid and a Dragon Shifter Romance

Dragons Love Curves Book 3

By Aidy Award

??????????

This is a compelling, enchanting and magical read! I have to admit that I fell in love with the characters immediately. Oh wild it's a great addition to this Dragons Love Curves series. This book hits its stride right out the gate! You will be excited and captivated by the story. Aidy has build an intriguing world we even visit hell for awhile but of course the main characters are fighting the black dragon demon dragons. I really enjoyed the main characters. Azynsa is strong a quick learner and tough for mermaid yet she feels everyone she loves leaves her. Cage's dragon is magnificent and lethal, a real fighter. All he wants is to embrace his mate and rescue her from hell. I enjoyed Azynsa's fiercely independent nature and how she wants to destroy the Black Dragon with Cage. You can't help but enjoy Cage and Azynsa's relationship it's so blazing hot it's off the chain. Of course there is soul mate moments, the pull to be a mated pair and whoa, when they get together, it's scorching hot. This series is quite unique and enjoyable to read. I have enjoyed the descriptions of the ladies necklaces I can imagine how beautiful they are. You will enjoy this book it's full of humor and will be enjoyed by a lot readers, especially if you enjoy magic, drama, paranormal romance and scorching hot scenes that's a spectacular story. Aidy Award is a talented and gifted. Aidy Award gives you a wonderful story of dragon shifters and their mates. I absolutely would buy and recommend this book a spectacular read.

Michele Henderson says

Wow the series just gets better with each book

Mermaids mermen, Dragon shifters, demons, Dragon demons. Cage a golden Dragon shifter was tricked by a succubus into giving his soul shard to her. Cage lost his ability to shift and was dying until his mate Asy who had been kidnapped and held in Hell and was given his soul shard that Cage began to heal. He goes to hell to

save Azy from the black dragon and demon dragons when it all goes awry. I highly recommend this book and series.

Stephanie Villere says

This is Cage Me, book 3 of the Dragons Love Curves series, written by Aidy Award. This series is about these hot AF dragon shifters and their battle against evil as they search for their fated mates. It's a magical fantasy that will have you hot and steamy as you read of their exploits. Cage is a golden Wyvern and, once he learns that his fated mate is being held in the underground's of hell, decides to launch a rescue mission to save her. Who will help him? Who can be trusted? Sometimes things aren't as easy as they may seem. You will love the characters and be wishing for many more stories in this wonderful world of true love, sacrifice and finding the courage that is needed! I'm ready and waiting on the next glorious book in this series!! Don't miss even one word!

JodyL says

If you love paranormal books you will love this!

Cage has recovered from his sickness when he gave his soul shard to the wrong person but he still doesn't have his dragon. He knows that he has to go into hell to save his true mate.

Azy didn't leave hell with the others because she feels as if she needs to get Fallon out of hell and away from her father.

This book has an epic battle happening between the demon dragons against Jett, Azy, Fallon and Cage.

There are also different scenes involving the mer, Ninsy, the white witch as well as the other mates. So many things going on in this book to keep you reading without putting it down.

I liked Cage, sometimes Azy got on my nerves because she went about things in a "pushy" sort of way. But I guess that is her personality and what makes Cage ultimately fall in love with her.

Join in with the rest of us Aidy Award addicts and read this series. You won't be disappointed that you did.

Diane Wilson says

This is a series that needs to be read in order.

I admit that I mistakenly read this series out of order having seen a teaser for Baby Me that interested me but found I needed to read Cage Me first. I read Cage Me, then Baby Me and then went back to read from book one.

I enjoyed this book but not as much as Bite Me. It did have action and heat but not as much, I did like that Cage moved from his ancestral home from Denmark (even though it was destroyed) to coastal Spain which works not only better for his Mate Azy (a Mermaid) and himself who needs the sun.

It was also fun that the newest mated pair was the first to get pregnant given the sex-drives of all these dragons. It was also interesting how fast the gestation was for a dragon/mermaid baby. I look forward to reading Baby Me to see the birth of these little ones.

Cage me Dragon

Cage an Alpha Dragon and Azy a fierce sexy half human half mermaid heroine. Say has to survive hell and work to get back to Mami Wata and a sexy dragon. Cage is determined to do whatever it takes to break his mate from the clutches of the Black Dragon. With the of friends and foes along the way Azy escapes hell but the fight against the Black Dragon is not over. This series is shaping up to be a good story to dig in to

Shelita says

Bad ass woman & the dragon who loves her!

Loved Azy & Cage! She is so courageous staying in hell to help someone she just met! And Cage is pretty cool, if a little too alpha at times.

The different species and how they interact is very interesting. And I'm looking forward to the next book! I do believe we've met a certain red dragon's mate. Can't wait to hear that story cause she has really been thru it!

Betty says

Hell did freeze over!

Love, love the Dragon series book, but I love all of your books! All of your characters are so vivid and alive.

Corinne Akers says

Aidy Award once again writes a sexy, funny, suspenseful storyline about a dragon shifter! Cage is a golden dragon, Azy is a beautiful mermaid & they're mated. Will they be able to stop the Black Dragon?? Will they workout their differences and fall in love? I'm so excited for everyone to read this book, I loved so much about it!! ????? all the way!!

Kaye says

HELL IS ON IT'S WAY AND NOTHING IS SAFE!!!

Ok, Mate going crazy! Or is he already gone? Well you're in luck. He's both. He's going to need every and all kinds of help for this one. One hot sexy as hell, drop dead gorgeous, alpha male will have to use everything he has to get him and his love and him out here alive. Yep, all the twists, turns and unpredictable surprises around every corner. Plenty of knives stabbing him in his back. The only thing he can think about is his mates safety. He's already out of his league. Ok, Now The Shuts about o hit the fan. Yep. It's break out the

bad ass he's know for and will stop at nothing to save his love. LOOK OUT GUYS HELL IS COMING FOR YOU!!!

Emily Pennington says

After Cage's soul shard had been stolen, he had discovered that Azynsa, a half-mermaid, was his true mate when she had been able to heal him and save his life. But before they could get together, she was kidnapped by the Black Dragon, the king of hell. Until Cage was mated, the rest of his Wyr could not, so they were all depending on him.

So now, no longer able to shift into a dragon, Cage had to train harder. He urged his sparring partner not to take it easy on him. He needed to be strong, able to fight for his gold dragons and to rescue his fated mate. So Zon hit him on the chin and knocked him to the floor, worried that Cage would be mad at him. His second in command walked in to tell him they captured Portia, the succubus who had stolen his soul shard while he was under her allure. He went to question her and make a deal as part of his plan to get Azy back.

Azy was hiding in plain sight in hell. Fallyn knew where she was, but her confusing answers when her father, the Black Dragon, questioned her did not compromise Azy's hiding spot. Azy held tightly to the shard which somehow connected her to someone. She couldn't communicate, but she felt hope. And if she just thought about protection, her scales would get stronger, more would cover her arms, neck, and belly to protect her from the excessive heat.

Finally Cage and Jett arrived to attempt rescue. Constant battles with the demon dragons and the Black Dragon himself were daunting, and Azy, wounded in one of the battles, began to weaken from the lack of water. Could Cage and Jett get her out of there in time with only the two of them battling all the minions of hell?

I loved this author's writing style, light and humorous right from the start in this third book of the series. The story line is fast-moving and the characters draw the reader in from the beginning. Find out if Cage can save his dying mate, and what kind of favor Jett will demand of him in return for his help in hell.
