His Dream Baby: A Miracle Baby Romance

B.B. Hamel

His Dream Baby: A Miracle Baby Romance B.B. Hamel

He's coming for his dream baby.

And he wants me to be the mother.

I never asked to be a mom, but when my cousin made me swear to watch over her son after she passed away, I agreed to adopt him.

But I had no clue his father was still around.

Connor is gorgeous, but he's such an a**hole. He's the sort of cocky jerk my cousin would go for, and not at all my type.

He wants his baby back, but I made a promise. I don't care how charming and handsome Connor is, he's still a total stranger. I'm not letting him take my boy without a fight.

But Connor wants more than just his baby. He wants my body, and he's not shy about it.

He says we're going to have a big family. He says he's going to get me pregnant over, and over, and over.

It scares me how appealing that is. I want to feel his hard body against mine, lips crushed against my lips, hips pushed tight against my hips.

Connor says he's getting his baby back plus a little extra.

It's crazy, but I just might give it to him.

His Dream Baby is an over-the-top bad boy romance with tons of steamy scenes, some graphic violence, and bad language. It's only recommended for readers 18+.

His Dream Baby is a STANDALONE, full-length novel. No cliffhanger. Guaranteed HEA. Includes bonus content!

Nate says

I enjoyed Conner & Leah's story. It was so intriguing...couldn't put it down. What a roller coaster of a ride. I'm voluntarily leaving a review for a copy of the book.

Jenny says

Horrible

If I could have given less stars and still left a review I would have. This book is horrible. I could not read until the end. Seriously the hero gets beat up by a short fat guy and doesn't fight back but a very short time later he tosses 2 mobsters out of the heroines apartment after beating them up? Poorly written, poorly edited, thin plot with 1 dimensional characters. I recommend staying as far away from this book as possible. Glad I borrowed with KU I would have been p!\$\$3@ if I had paid for it. Waste of time.

Cheryl says

I loved this book, this author is one of my favourite authors, and this didn't disappoint. It's a lovely emotional at times story about the lengths someone will go to, to protect their child. A different take on a mafia book, which could be read reasonably quickly, whilst still been long enough to have a decent storyline. I Conner and Leah were both likable characters, and the book was well written. My only issue, maybe because I'm not familiar with US family law, but from my perspective, as biological father with parental responsibly, and the main carer at the time his son went missing, and having reported his child as a missing. Once it came to light where Ryan was, he should have been returned. But I suppose that wouldn't have given much of a storyline, and a element of reading is suspending disbelief.

Jackie D says

Mafia Familia ties, missing babies, death threats, drugs, and starting over are some of the many things intertwined in B.B Hamel latest book!

Tensions were running high between Connor and Leah, I am talking about the suspense building and sexual kind!

Brought together over common love, and a universal dislike these two set out on a hard fast paced in your face hot, harrowing journey to fight off the mafia families wrath to save themselves and the ones they love! Can they protect their hearts from each other?

A yum fest of feels, with tension building scenes, quite an infuriating tale with strong, soulful characters GAH! I was all in from page one till the very end! The twisted ming game turns, and uncertainties had me wanting to shake some fictional beings, BUT that shows how much I got into this story!

Loved every minute of this action-packed, melt your heart one!

5 Stars from me!

Peggy says

Conner and Leah meet when Conner tracks down his son, Ryan, who Leah adopted at her dying cousins instance. Ryan's mother was a drug addict and kidnapped him from his father, Conner in one of her drug fueled hazes running away with him. It took Conner two years to track down his son and that only happened when he read an article in the news. Conner falls in love with Leah the now adopted mother of his quiet and shy son. However the boy's mother's family who are mob members also want Ryan. A full out struggle over the little boy ensues. There's lots of heat between Conner and Leah during the tug-of-war. I couldn't turn the pages quickly enough to find out if they'd achieve family and HEA status. I am voluntarily reviewing an ARC of this book and eagerly awaiting the next book by Ms. Hamel

B. Koe says

Emotive, creative and inspiring – I could not put it down!

It is amazing, how BB Hamel can create marvelously believable and virtuous characterizations who were raised within the clutches of the Mafia. Perhaps even more important for her readers is author Hamel's ability to create these characters without one or more becoming an anti-hero to foster the promised happy ending. I am in awe. Then, to top it off, author Hamel designs a storyline that generates a Kindle melting relationship between the biological father and the legal mother of a child that the Mafia Boss wants and BAMB! Readers get DRAMA, theatrics, SEDUCTION, kidnapping, STEAM, and the off-the-charts emotional adventure of another B.B. Hamel HIT, "HIS DREAM BABY"! The romance is real, titillating, and HOT. The story is plausible, emotive and compelling. "HIS DREAM BABY" is the cure for any MARCH MADNESS woes, but fair warning: Once started, it is impossible to put down! I received an ARC copy of "HIS DREAM BABY" to prepare this honest, voluntary review of a MUST-BUY novel by one of my favorite authors, B.B. Hamel. Get your copy of B.B. Hamel's HIGHLY RECOMMENDED, "HIS DREAM BABY", today. You will be so glad you did. Happy pages ?

MJM says

Red, Hot Daddy!

Leah promised her cousin harper, who was a drug addict and part of the Mafia family, that she would look after her little son, Ryan, when she died. Leah had no trouble making such a promise as Ryan was adorable and she was going to make sure that he had a great start in life away from crime and drugs. So she adopts him and things are going well when his father, Connor, appears to claim him and her! Connor has been devastated when Harper took Ryan from him in the middle of the night two years ago and he has been searching for them for them ever since. his first lead is when he sees the notice of her death in the paper. He gets straight on a plane to Ryan to bring him back home but he hadn't figured Leah in the equation! Now Connor is absolutely gorgeous and Leah is stunning as far as Connor is concerned so he is more than happy to have her come with Ryan as the chemistry between them is off the charts and their passion for each other is like none they'd encountered before plus the witty repartee/banter and flirting make them a wonderfully hot couple that I so wanted to have their own HEA. To find out if they get one you need to get a copy of the book and find out if Harper's Mafia family come after them as the Boss wants Ryan! B.B. Hamel is a fantastic author who creates such terrific storylines and amazing characters. Connor is such a wonderful dad

and I felt so sorry for him missing out on two years of his son's short life - absolutely heartbreaking. But the way he consistently shows his steadfast love and devotion to that child is heartwarming and his passion for Leah is when you need to switch the fans on to MAX cool! Whew she really knows how to raise the temperatures in the passionate and lust filled scenes that she composes for us to enjoy. I received a free reader's copy of the book and voluntarily leave my honest opinion. However, as I loved the book so much and wanted to support the author, I have purchased my own copy and fully intend to read the bonus stories over the weekend. Looking forward, as always, to her next story!

Definitely Recommended

Angie ~aka Reading Machine~ says

Connor Hunt goes after what he wants no matter the consequences. He especially wants Leah Terry. Leah isn't easy to impress but that doesn't stop Connor from trying . Will both Leah and Connor get what they want? Your answers await you in His Dream Baby.

Hamel has done it again. The story and characters are rich, bold, unique, complicated, and heartfelt. I can wait for this autjo's next offering.

Leslie Ooten says

This was okay for me. Connor and Leah are good together, and they have good chemistry. My issue is with the rest of the story. I don't feel like I'm giving anything away, this happens in the first couple of chapters. Connor's baby is taken by his drug addicted mom. He's missing for 2 years, and then after the mom dies, is adopted by his aunt. Connor finds out, and goes to find him. This whole thing would have been avoided, all he had to do is call the cops, say this is my kid, and get him back. Leah and Connor keep making my roll my eyes with their actions. The ending is a little far fetched for me, but I do like a HEA. While this hasn't been my favorite by this author, I will be looking forward to what's next.
I voluntarily reviewed an advacned readers copy of this book.

Mary Clark says

An excellent storyline that portrays the length Connor goes to, to locate his missing son, Ryan. Ryan is also the grandson of a Mafia boss and the Gallo crime family is adamant that Ryan should be brought up by them. Leah is getting on with her life and the last thing she expects is to suddenly become a mother, but that is exactly what Harper asks of her. As Leah starts to bond with Ryan, Connor turns up and Leah is afraid he has just come to take Ryan away from her. There are some interesting twists and turns in the story that makes it quite intriguing and it is certainly a book I would have no hesitation in recommending.

It was 3-years ago when Connor first met Harper, but he ignored the warning signs; she was beautiful, outgoing, funny, but she had a drug problem. This only gets worse as their relationship progresses, but when Harper gives birth to Ryan, suddenly this little boy becomes the most important person in Connor's life. Then Harper has a relapse and disappears. For 4-months Ryan is Connor's priority, until one night he wakes and finds the boy gone; Harper has taken Ryan, and no amount of searching reveals where they are. 2-years pass and then Connor sees an obituary; Harper is dead, but Ryan is alive, living in Philadelphia. Now Connor

is going to get Ryan back after years of searching for him. Leah and Harper were close when they were younger, but their families never really got along; nevertheless, it is Harper's last wish that Leah adopt Ryan to keep him away from her family. Ryan is a quiet boy and doesn't want to talk; Leah has no idea what Ryan has been through or even who his father is. Leah is not ready to be a mother, especially not to a shy, quiet, strange little boy that she barely knows. The Gallo crime family is the most powerful Mafia in Philadelphia; they own the town although most people didn't know it. They also knew about Ryan and want to raise him in the Family; Harper didn't want that for him and neither does Leah. Harper's family is notoriously difficult and dangerous; all Harper's problems had started because of her family, even if she had tried to run away from her demons. Ryan consumes Leah's life, but eventually she gets him into a routine, until Connor suddenly turns up at her door unexpectedly. At first Leah refuses to talk to him, but after looking for Ryan for 2-years, Connor is not giving up or walking away; he has to show Leah that he is Ryan's real father and that he is worthy of getting him back. Leah is convinced Connor has come to take Ryan away from her; she is just starting to bond with him and having his father come into the picture is going to complicate matters immensely, particularly since there is also the added attraction between them. But Connor isn't the one Leah should be afraid of. Mario Gallo makes it plain that he wants his grandson and there will be consequences if he is not handed over. All Gallo's scare tactics and innuendoes are to no avail, because Connor will never let them have his son. When there is an impasse, there is only one way out. A copy of this book was provided to me with no requirements for a review. I voluntarily read this book and my comments here are my honest opinion.

JoAnn says

I finished it is probably the only good thing... first the hero of this story is def no alpha type man!! It just seemed so stupid from the beginning... his baby gets kidnapped by his doped out baby momma... then he finds the kid which is were the stupidity comes in... it's his kid how the hell does he let the heroine control everything.... she is stupid too how does she feel like she control anything he's the kids father... every time she said I'll call the cops I just kept yelling do it!! Second this whole mafia situation why the hell did they stay in philly so long when they kept coming after them?!?! They own the city LEAVE... omg!! Ok now my favorite book bc I was waiting a miracle baby!

♥?Fantasy Land Blog Book Reviewer♥? says

Not a normal BB book

So I love B B and her books. But for some reason this one was off for me. Right from the start i couldn't get into it. There was no chemistry with any of the characters and the story was a little weak. I was disappointed.

Sharon Richmond says

His Dream Baby: A Miracle Baby Romance
By B.B. Hamel. 4.5 Stars

OMG I can't decide which I Enjoyed more in this book, The excitement of the plot or the steamy passion!!!
Lol

Conner really is courageous and determined. I applaud his character for his strength in trying and not giving up to find his son Ryan. Also how he supports Leah who adopted his son. Talk about devotion and understanding.

The Mafia, a mafia princess with a drug addict, a kidnapped son, a niece who adopts Ryan and Enzo Gallo's family who tries to steal him. And that's just the cusp of things.

This story is, Great, Thrilling, Exciting and Really Passionate. Must read.

Mature readers, strong language and sexual content.

I have voluntarily read and reviewed an Advanced Reader Copy of this book by its author.

Judy says

This is a wonderful story about Connor and how he deals with his girlfriend, Harper and their baby, Ryan. Connor is a special man who takes responsibility and care for those who need it no matter the situation. Harper and Connor dated and he found out she has an issue with drugs and he sticks with her and even gets her to rehab but it never works. One day they find out she is pregnant and Connor does everything he can to keep her clean during the pregnancy and once Ryan is born she disappears for months! Connor raises his son until one night Harper comes back in the middle of the night and takes Ryan and disappears a second time for two years. Connor does everything he can to find her and after two years he finds out she has passed away. Connor knows what darkness Harper grew up with her Mafia family and starts there to find his son. After finding Leah, Harper's cousin and his son does he find a way into their lives. I enjoyed how Leah and Connor develop a relationship for all the right reasons, love and care for Ryan! He has some issues with Leah and Harper's family along the way. As strong as the Gallo family is will they be able to take Ryan and raise him the way they want or will Connor get his son from Leah or will she give him up? I received an ARC and I am leaving a voluntary review.

Bookbytch5 Janet Gray says

Another amazing story BB, OMG I was completely hooked from the start and could not put it down. Connor and Leah's story brought me on a roller coaster of emotions through drug addiction and child been taken. They have steamy hot chemistry that off the charts, there's plenty of twists and turns. Can't say too much without telling the whole story. ONE-CLICK NOW find out how Connor and Leah's story ends. A must read, I voluntarily reviewed an Advance Reader copy
