## From Reader Review The Letters of Virginia Woolf: Volume Two, 1912-1922 for online ebook

### McNorton says

The Question of Things Happening (International Psycho-Analytical Library) by Virginia Woolf (1976)

---

### Andrew says

As usual with the letters of writers, a very interesting, plebian rendering, in words, of the privater personas of a someone we know almost exclusively through words. This edition, to me, had two themes of primary interest: Woolf's as yet unsure measure of her own talent and fame; and Woolf's as yet unsure measure of James Joyce's own talent and fame. The vortices of correspondence about Ulysses are fascinating, as is her narration of meeting and befriending TS Elliot. Her letters confirm my appraisal of her: a brilliant, neurotic, Edwardian writer desperately trying to be a modernist; mostly succeeding in her work, failing hard in her personal life.

---

### Ellen says

Once again, cannot recommend this series of letters highly enough to the fan of Virginia Woolf. These are delightful to read and show Woolf's public persona quite clearly.
