Every Shattered Dream: Part One

T.A. Chase

Every Shattered Dream: Part One T.A. Chase
Book One in the Every Shattered Dream series.

In fulfilling a promise made forty-five years ago, Logan discovers love in the most unusual way.

After retiring from the army, Logan Shelton finds himself at loose ends. Then he goes to buy a car from a man, and his life takes a strange turn. After the man's death, Logan discovers the man left him all of his personal belongings.

In the glove compartment of the car, Logan finds two letters and a package, and discovers the first owner of the Camaro is haunting him. The more he learns about the man, the more Logan is determined to deliver the letter and package.

Alishea says

Looks promising. Hopefully I'll be able follow the up with the rest.

Re-read so I can read the full serial. It's still darn good so far.

Teri says

Okay...so I liked this, but...well, I'm gonna be real honest...I got confused!

It started out like **Woah!**

and then it stopped and got well...to the story, I guess. And I liked the story. The guy meets an old man, they bond over the car and the army.

I do love soldiers!

I'd like to see where his little "journey" is gonna take him and I'll read the next one.

I guess I was just confused because it started out at "Hot as Hell" and then went down to like 2nd gear.

Anyways, super short, definitely just the teaser or rather "intro" to the story, but interesting enough to make me want to read the next one.

Heather K (dentist in my spare time) says

Strong 3 stars for a promising story that is done in dreaded serial format. It is just an intro, really, but I liked where the author was heading.

Sarah says

It's a good intriguing story.

Aymee says

Nice setup to what sounds like an interesting story. Very 'Riding with Private Malone'-ish, however.

Deanna Against Censorship says

This review is for the entire series of installments.

An interesting story based on this introduction and fulfilled by the subsequent installments. I enjoyed the MCs. Their relationship grew as they attempted to complete Kenny's task. The two of them were hot together.

Maybe there was a reason for releasing it in serial form. Sometimes that works, but I would rather see this combined into one book. There were also some editing errors that interfered with my reading flow. Overall I enjoyed the story and the characters. There was a realism about the people they met on their journey. The ending was beautiful.

Annie says

First time reading a serial from T.A Chase. I decided to read this book from the description and of course the cover was what first interested me. First I want to clarify that I read this on Scribd and took advantage that it was offered on the Scribd subscription service to read it. It was a short read but it set up the story and was entertaining. I liked the relationship that developed between Logan and Bert. I think it seemed like Logan thought of Bert as a grandfather even though they weren't related. Sadly, Bert passes away and Logan finds out he is listed in Bert's will and has inherited everything. One of those things being the ghost of Bert's youngest brother who died in the Vietnam War and needs Logan's help to get a message to the man he loved and left behind when he died. Overall, this is a short sweet read and a little sad when Bert passes away but I feel it's a great start to the serial.

TracyG says

I really enjoyed this series. Good story and enjoyable Hs.

Maria says

This was really just an introduction to a bigger story. I'm not sure why all the stories can't be one whole book, but since I really liked Logan and his friend Bert, I will read the other parts.

Logan on a mission to fulfill the wish of long dead soldier Kenny - who's also haunting Logan and it seems - sounds very promising to me.

Bookbee says

3.5 Stars

pkczetalife says

"Riding with Private Malone" I wonder if the author knows that song.

***~*~Fawkes, Padfoot, and Prongs~*~* says**

Got this novella for FREE! Sounds intriguing so I thought I'd give it a try.

Starting this now because I want to clear it from my "novella queue" :-)

A.L. says

[
1. old Chevy in an old barn being sold by a family member
2. Soldier died in Vietnam era
3. Haunting of the car/house by dead soldier
(hide spoiler)]

Susan says

I'm hooked now! I already bought part 2.

Coty says

This was a good story and I really like the characters and how the story unfolds. I would have preferred that it be one complete book instead of five short stories. Still, I recommend it.
