Fried Chicken and Gravy Sherri Schoenborn Murray

Missy Stuart is humiliated when she burns dinner for the super cute—if outspoken—new auto parts rep. But, when he suggests to her father that she should take cooking lessons from the old ladies down at his church, she wants to crawl under a car and die.

Missy is perfectly happy working in their auto repair shop and has no intention of spending more time in the kitchen. But if filling the hole in her father's heart is as easy as filling his stomach with fried chicken and gravy, it might be worth the effort. When she dutifully accompanies her father to church, she finds that she has more to learn than a bunch of recipes.

Lynne Moody says

This was a clean fun romance that's totally worth reading. The characters were sometimes weird and unusual that you couldn't help love. The storyline had me cheering for them ,laughing and crying at times. I keep hoping all would work out for the best. Which it did !

Deidre Avant says

Great read for all

Loved the way the story unfolded. It is true to life in many ways. Would recommend to any type of reader!

Karen DePriest says

Couldn't put it down.

Really enjoyed this book. Loved the character development. Each character was unique It was funny and not too predictable as many romance novels.

Ugochi Akwivu says

Inspiring Christian message. Thank you for ministering.

-Ugochi

Roger says

Fried Chicken & Gravy, my fifth read from author Sherri Schoenborn Murray. A wonderful Christian romance set in the 1970's that was a thoroughly entertaining book that I very much enjoyed reading/listening to. The narrator did such a wonderful job of narration. If I see Sherri Schoenborn Murray's name on the book I'm guaranteed a good read, this one was so good that when my wife walked in on me listening to it we finished the book together and I just finished downloading all of the author's books I own onto her Kindle for her to read.

Marcel Trebeh says

Incorporated a Christian message into a fun story.

Myrna says

Quick & Easy

Sweet book....Quick and easy read....I would have like a little bit more character development. Would have liked more back story on the mother. It was too easy and predictable the love story.

Elizabeth Meadows says

This is exactly my type of book. Set in the 70s (my formative years), very food-centric, clean romance with a Christian message. I thought it was adorable.

Feminists beware! You will probably not like the father in the story. But he does make some big changes throughout.

Windi says

Well. I feel as if I picked up a book written for middle schoolers. A shame really as it could be quite good except for the elementary style of writing. Even light hearted content can be, and should be, written with some substance. Abandoned at 17%.

Traceylee says

Why

At first I thought the book hasn't good till you get into it. It is a great Christian romance book.

Linda Dickerson says

Sweet, Christian, clean romance

What a sweet Christian romance novel with a wonderful sense of humor..... A very enjoyable read with characters you fall in love with in a time when things were more simple. Thank you Sherry Schoenborn Murray. I look forward to reading more of your Christian novels!!!! I highly recommend this book for sheer joy.....?

Kai says

Fried Chicken and Gravy is a christian romance story of Missy and Robert. Missy Stuart can fixed any car

but she cannot cook. Missy worked in her daddy's car shop, Big John's while her brother is trying to decide whether he should be a mechanic or be a roofer.

Missy has a crush on his brother's best friend but has never been able to get his attention until Robert entered into the picture. Robert is a new auto parts representative which Missy has been trying to discourage his interest in her.

When Missy's dinners kept getting burnt, Robert suggested that Missy should attend his church's cooking class. It is the last thing that Missy wanted. As Missy attend Robert's church and the cooking class, Missy discovered something about herself and God and maybe Robert is the one for her.

Fried Chicken and Gravy is a wonderful Christian romance story. Even though that Missy has a crushed on her brother's best friend, he has never treated Missy with respect. Robert may be a bit green as a salesperson but he treated and defended Missy on her cooking (yeah, it was bad) and when her haircut came out wrong.

Missy's father and brother depended on her so much. Missy has to cover for her brother when he decided that he doesn't want to be a mechanic and for her father when her father has to leave the office. It is no wonder that her meals kept getting burnt.

As her father and Missy started their relationship with God, everything in their lives, slowly started changing for the better. I just love the ending of this story. Missy did get the Man who is meant for her.

Fried Chicken and Gravy is a wonderful story for readers/listeners of all ages. It is a clean Christian romance with a bit of humor.

The narrator, Stacey Glemboski does a wonderful job narrating the story. Missy is the dutiful daughter and is wonderful portrayed by the narrator. I also love that irked portrayed by the narrator whenever Robert is told that he looks like Jerry Lewis.

I was given this audiobook by the author via Audiobook Blast in exchange for an honest review. I was not compensated or influenced in any way for writing this review.

Alice says

I did not hate this book. I read it to review for my assisted living gdoupo book review. Somskons suggested it and since IVs never done a "Christian romance" I thought is see how the group likes it. For me the story was just too shallow and the romance was not well developed. You can write clean romance and still create an emotional reaction in your reader. Over all, still a sweet, light story

Andrea says

This was a sweet story, though I felt bad for poor Missy. Her Mama died when she was young then her grandma died a couple of years later. Missy had to cook, clean, take care of chickens and work in the auto repair shop. Missy was not a good cook. I liked how she stopped for "Jerry Boy" despite having just bought ice cream. I liked the influence that Robert had on Big John. I liked when Missy realized she liked being with the women's group. I thought she was fixing great feasts a little too soon after one cooking lesson and

reading a cookbook, I think in real life there would have been a few mistakes. I really liked when Missy called 'Jerry Boy' by his name, Robert.

There were several fun moments throughout the book. A most memorable moment was when Big John became a Christian and the changes he made in his life. I liked how the author showed his imperfection during a fishing trip. It was funny and a great teaching moment.

Vikki Vaught says

This was a blast from the past. From the leisure suit to the lack of cell phones, just a delight to read. The spiritual message is outstanding. I really teared up when the heroine accepts Christ. Glad this one was in the romance package. Happy reading/listening!
