### Some Lucky Woman: Jana's Story Carmen DeSousa

Some lucky women meet the man of their dreams and live happily ever after. Some lucky women focus on a career and make their own happily ever after. And then some women wake up after fifteen years of marriage and discover that their luck just ran out ... right into the arms of another woman.

Jana Embers isn't one to sit back, though. The first thing Jana realizes she needs to do is empty the joint bank account, then she's thinking she might take a tire iron to her soon-to-be-ex-husband's truck. After that, she's not sure what she'll do ... **Maybe she'll adopt a cat.**

After her divorce and a few too many crummy dates, Jana decides she doesn't need a man. A perfectly sized and shaped device and writing about the perfect hero will more than suffice. Determined to share her philosophy, she pens *You Don't Need a Man*, encouraging women everywhere to go out and experience life instead of waiting for a man to complete them.

Three years later, Jana has a *New York Times* bestseller and a contract for a movie adaptation, but she also has a shoulder injury, which has put a crimp in her new carefree lifestyle. Worse yet, she can't write. Her only hope is Dr. Adrian Kijek, a renowned physical therapist who hates her simply because she wrote a book about not needing a man, or so she thinks ...

WARNING: Although there are many adult situations in *Some Lucky Woman*, if say ... something crazy happened and a famous producer adapted this contemporary women's fiction into a movie, it would have a PG-13 rating. There are no erotic scenes, no graphic violence, and while there are a few allowed-on-TV curse words, there aren't a plethora of gratuitous foul words. Oh, and if you were looking for a cliffhanger, you won't find that here either. Please proceed at your own risk.

## From Reader Review Some Lucky Woman: Jana's Story for online ebook

### Rita Sheppard says

I loved this book and couldn't stop reading. If I could give this book a 10, I would. Any woman whose husband has cheated on her can relate to some of Jana's experiences and take heart that her life isn't over. Jana's can do attitude and pick herself up and go again can give hope that there is something better around the corner. Maybe there won't be a best selling book in her future but just taking stock of her life and what she can do may give ideas to go onward.

---

### Sara says

Was a truly beautiful book. Even though Adrian was a great guy, Howard was my favourite.

---

### Nubia Souza says

I really enjoyed this book which is actually 3 books in one and one book within another, one of them being sort of an auto-biography. I know it sounds confusing but it isn't. You have to read it to see. I found Jana's journey so relatable that I couldn't help but feel sad when she was sad and happy when she was happy. Very nice!

### **Chelsea Groff says**

#### **Very Relatable**

I loved how relate-able this book was. Oh my heart broke for Jana. I wish that I would have been as strong and self sufficient as she was. This book is a great reminder to be true to yourself and to always strive to get to know who you are. When you are all alone.

---

### **Kim Page says**

A complex and entertaining storyline of how Jana not only found herself as well as her self worth after the heart wrenching loss of her marriage. Her personality and strength help a great deal as she not only finds true happiness in herself but the true love that she deserves! Wonderfully written...great read!

---

### **Reader43 says**

#### **Wonderfully engaging.**

As I read this series I laughed and cried. A journey many have taken, not always with the same results. Finding out one's husband has been unfaithful is devastating. Jana's journey of discovery is both exciting and difficult, but she persists. Well written and an author I will definitely follow. For anyone on a journey of rediscovery.

---

### **Jo-Anne says**

This is a perfect example of the saying "If life hands you lemons, make lemonade." When Jana found out that not only had her husband cheated on her but the woman was pregnant, she divorced him. She hadn't held a job in her 15 years of marriage, so figuring out how to provide for herself and her teenage son was a challenge. She started a book blog and before you know it, she's writing a book! Several best-sellers, as a matter of fact.

I liked her spunk and determination. When she realized she could do the things she wanted to do now and not just what she was expected to do, she tried a lot of new activities. Kayaking was her favorite past-time so she spent as much time as she could doing it. During one of these adventures, Jana injured her shoulder, requiring surgeries and physical therapy. That's how she met a man who became very important to her, Dr.

Adrian Kijek.

This story had a very sad beginning with Jana's marriage ending but became very positive when she wouldn't stand back and feel sorry for herself. Jana's story is inspiring showing a woman doesn't need a man to be a success. She just needs to believe in herself. That positive outlook, among other things, made her attractive to men. She had several wanting her. One of which was her ex, even though he was now with the mother of his baby. I loved the part where he was trying to get Jana to forgive him. He said, "It was a mistake, Jana. I didn't mean -" Her reply was, "A mistake?" ... "Wearing different color socks is a mistake. Sending a text to the wrong person is a mistake. Sticking your penis in the wrong woman isn't a mistake!"

---

### **Sharon says**

I really liked the beginning, but as the book went on, I got irritated. The whole relationship with Adrian, at first, was really weird. I would have noticed! I thought he was gay. He certainly never acted like any guy I ever dated.

Dhe is good with words and characters, but the plot needs work to be believable. Almost a 4 star, but not quite.

---

### **Gale says**

#### **Pleasantly Surpriseed**

I actually clicked on this book by accident. I started reading it and was captivated by the mind of the author. This was a journey of a very smart women who can verbalize her feelings in a way that makes sense to the reader and didn't wallow in the "poor me" vein to the extent some books I've read do. I cried and laughed and cried some more. I usually read paranormal books but thoroughly enjoyed this journey. Great job.

### **Marsha Bernabe says**

#### **Loved it!**

This was awesome! When life hands Jana lemons she makes lemonade. She went out and created a new life for herself, and made herself happy!

---

### **michelle says**

#### **Great Read.**

Nice romantic book about starting over. Loved the ending. Nicely done! Will look for more to come in the future.

### **Jane says**

In *Some Lucky Woman: Jana's Story* the main character takes the highs and lows of life and finds the strength to grow stronger and independent. She faces a problem that is all too common in our modern world and that is a cheating husband. She quickly makes positive life changes, starts a reviewer's blog and then starts writing books and becomes a best-selling self-published author.

She meets several men along the way and finally finds one that likes to do the things she likes and feels a deep connection to start a new relationship. Adrian keeps a big secret that nearly ends the relationship.

One of Jana's books is being made into a movie and she leaves to meet the famous director and consult with the making of the movie.

I loved the strong characters in the book. I loved how the story moved quickly and covered five years of Jana's life and her growth to independence. I loved her cat, J'Austen. I loved her relationship with her cousin and how smart both women were and how they supported each other. This was first a delightful plot and second a good love story.
