A nice prequel to another series. Very very short so couldn't give full five stars. (Sorry about that).

Hot and interesting. Kinks for rope in this one. ;)

3.5 stars since I didn't get too much info and all I really got was sex. (Nice sex but nothing else to be honest). (Guess the author is saving the rest (character development) for the rest of the series).

After a long day, I was looking for a quick short story to read, while scrolling through my Nook, I ran across Roped by Eliza Gayla. So I decided to give it a shot. BOY, am I glad I did.

In Roped, we are introduced to the BDSM club, Purgatory, where Katie's favorite past time is watching 2 hot Doms, skilled in rope bondage. She would love nothing better to be tied up by these two sexy men, but doesn't have the courage to present herself to them. She doesn't even think they notice her, but she is wrong. They have been watching her for weeks as well. Leo and Quinn have been waiting for the right time to claim Katie and tonight is the night her fantasies come true...

Not only was this a short book, it was extremely hot! As the story was coming to an end, the author throws the readers an interesting twist, which threw me for a loop, but at the same time put a huge smile on my face.

My biggest complaint would be that this novella was too short. I'm hoping that we will see more of Katie, Leo and Quinn in the next book in this series.

An enjoyable, quick, erotic BDSM read dealing with rope work.

The story, even though uber short, really hit the erotic nail on the head, great lead in and build up.

I wasn't a fan of the ending, felt like the author just decided she didn't want to write any more of this story. Shame too, so many great ways this could have gone.

And that cover... beautiful!

But if you're looking for a way to pull your "erotic rope" and get "tied up in knots" during your lunch break, this one's for you!

I'm a fan of BDSM erotica and because I didn't want to get involved in a full length novel this late in the day, I needed something short, sweet, and to the point. Went looking on my Nook and came across *Roped*, the first short, in Eliza Gayle's *Purgatory* series. I'm not sure how long ago I downloaded this book or why I hadn't read it until now but I'm glad I did.

Color me intrigued. Like everybody else, I have my kinks and though bondage works for me, I've never read a book based upon the rope fetish itself. I liked it and now realize just how erotic and sensual rope can be when used in various different ways.

What a hot short *Roped* was. I liked the characters, I liked the setting, and I plan to take another trip to *Purgatory* in the future. I give *Roped* 3.5 stars.

Since when should an overweight woman only DREAM about fantasy sex? Kate is done dreaming and is about to live the dark rope fantasy she longs for with the help of two master rope men. **Roped** by Eliza Gayle is a very short, very detailed erotic read that relies on the cleverly detailed action for the clichéd overweight woman who finally gets her day in the ropes! If you are looking for a meaningful story line, you won't find it, but you will find pages the sizzle, steam and tease from the first to the last. I didn't go into this tale expecting a plot, so I was not disappointed when one didn't appear!

I received this copy from Eliza Gayle in exchange for my honest review.

Welcome to Purgatory!

It was a nice welcome, indeed. Ropes included.

The story is about Katie, who is very fond of Shibari. She particularly enjoys watching two riggers at the club play with different women, never daring to try it herself. But now she gets a chance to turn her fantasy into reality.

This was a very enjoyable read for me. With two skilled Dominants, one willing submissive, and rope, why wouldn't it be?

It was surprising, too. The turn the story took at the end, really took me off guard. So now I'm wondering what, if anything, will happen with Katie, Quinn and Leo. Oh, well...

If you're looking for a short, mindless, steamy read... Then this might be for you. But if you're looking for something more compelling, if so, then I don't recommend it. *Roped* is just a short story (I wouldn't even consider it novella) with little to no plot. It's more like a scene (in fact, there's only one chapter) where main character fulfills her fantasy. So don't expect much development, story and character wise.

Rida says

The 'Purgatory Trio' of short stories are very well written BDSM erotica.

They are basically BDSM scenes that involve members of the Purgatory Club. The stories are well constructed and meet the challenge of short story writing.

The other two books are: Watch Me Hide and Touch Me, Tease Me, Whip Me.

Maria says

Very short!! Also not thrilled with how it ended.

Susan says

This is a short, erotic read. Would I have paid for it? NO.

The girl likes to watch two guys tie up other women in a fetish club. Then it's her turn, but it's not her turn. It's really weird. For a short story it was okay. I would have liked to know more about Katie's background and why she's so self conscious. It was touched on, but not expanded.

For a story to purchase for more than .99? No. The next story is a few pages longer and .99, but the rest are \$2.99. Not happening. I'm not paying almost \$3 for one chapter, which is all this book was.

Gianna Simone says

Hmm, where'd my comments go? ANyway, I really liked this, the only part that disappointed was that the hottest part of the whole thing was in Katie's daydream. I would have preferred that be a real event in the book, rather than a fantasy. Otherwise, a nice interlud to read on my break, which I did.

Well written for a short

Story!

Maggie says

3.5 Stars

I liked that it was short because I'm still suffering from book hangover from the previous book I read...but what happened in the end? There's got to be more right? Regardless, it was hot and very very short, exactly what I was looking for. :)
