Debb says

I was given an advanced copy of this book to voluntarily leave a review. I loved this book so much I am going to purchase a copy as well to show my support to Alice Ward who is one of my favorite authors. I don't know where to start without being a spoiler. What I can say is WOW. This book had me from the start. I could not put it down. I highly recommend this book, there are 10 stories in it which makes it worth the money right there and all of the stories are good. You will not be disappointed.

Michelle says

There are 10 amazing Sexy Hot Alpha Romances with HEA. My favorite kind of books. The characters were believable and you can't help but root for them. With 10 different stories and over 3000 pages you can surely find something you like. There's a story for everyone. I was hooked from the first page to the last page. Hurry and click this great collection. I loved them.

I received this free copy for an honest and voluntary review of the books.

Boricuagal says

This is one heck of a Mega Box, what's not to love. It's a no-brainer, just buy it.

I love Alice Ward's books and actually already owned the ones included in this set. I especially love that her heroes are alpha, broody and hot.

I'm new to Jessica Blake, but totally enjoyed her stories, they are sweeter and more lighthearted than I'm accustomed to.

Now, when these two authors combined their talents in the Blue Grass Trilogy, I was delighted. I'm a fan of Psychological Thrillers and I love romance. So when I find a book that combines both, it makes me very happy.

"I received a free copy of this book and voluntarily chose to review it."

Blitzed by the Billionaire - Alice Ward

Behind the Scenes: An Alpha Billionaire Romance Novel - Jessica Blake

Recipe for Lust: An Alpha Billionaire Romance Novel- Alice Ward

Wrecked - Jessica Blake

Damaged - Jessica Blake

Crushed - Jessica Blake

Bluegrass Seduction - Alice Ward

Auggie's mother is very controlling, so controlling that she sends her to therapy with a psychologist that she knows. Auggie being a smart girl knows that this doctor will be running right back to her mother telling her everything she has said in their session, only to her surprise the psychologist she sees isn't the one that her mother sent her to but his new partner. Well, lets just say that right there things aren't going to go as smoothly as her mother thought. Oh Baby! The stuff that happens next has her mother twisting and not in a good way.

Worth finds himself in a quandary, does he take the position as a psychologist in his father's friends office or does he branch out on his own. Well it goes without saying that he takes the position with the hopes of branching out on his own. After a series of events things seem to be looking up in Worth's eyes.

Auggie and Worth have an interesting relationship that's for sure. There is an instant attraction but you know that it's unethical for a doctor to have a relationship with his patient and if Worth want's to keep his position as a highly respected psychologist he shouldn't do anything that could be frowned upon. Ok, Ok, we all know that Auggie and Worth get together because that's what the book is about but there is so much going on that you really don't care if they are doctor/patient or not but just know that nothing unethical happens between the two...now I cannot say the same thing for others. Auggie's mother is a wicked woman and her father is a Saint - he'd have to be to put up with that miserable woman for so long. And while I'm on the subject Worth's father is a total headcase it's no wonder Worth has such low self esteem and thinks he doesn't deserve any happiness in his life.

Bluegrass Obsession - Alice Ward

I'm on the fence with this one...I enjoyed the first book Bluegrass Seduction that left us with one whopper of a cliffhanger, and this book picked up with the return of Linc. Worth and Auggie have started their life together only to have it disrupted by the return of the bother they both thought had died, he explained what had happened and boy oh boy that was one crazy story. Now that Linc is back he wants what he feels is his birthright. I have to say that Linc's story was a strange one and not one I had been expecting.

At one point the story jumps to a point of time where Ford is now twelve and starts showing signs of a typical pre-teen...but as time goes on you realizes there is nothing typical about him.

This book was a long one that had so many twists and turns you just never knew what was going to happen next. We were left with another cliffhanger and I am very curious to how everything is going to play out in Bluegrass Rebellion.

Bluegrass Rebellion - Alice Ward

Torn - Alice Ward

Karen Durant says

A box set that contains 10 books! What a great bonus!! Contains 3 books from Alice as well as other authors. Enjoy!

Gwen Shafer says

I received a free copy of this book and voluntarily chose to review it. This book is full of 10 different stories by different authors. Need something interesting and steamy to read over the holidays. Grab this book cuddle with a blanket and forget all about those in-laws you cant handle being around and enjoy. I loved every single one that I read . Interesting story lines and tons of chemistry between the main characters . I love each and every one of the authors involved in this collection. Cant wait to read more from each one of them. I give 5 stars to each book in this collection.. Grab this book and enjoy some down time reading about happy endings.

Coral Mitchell says

Blitzed by the Billionaire - Alice Ward

After a lifetime of traveling the world with her uncle, Emily was ready for a normal, routine life. She had a job teaching kindergarten, good friends, and a stable man. She thought she was happy, until she walked in on a surprise that shook her world. Luckily, she had a good friend in Ethan McAlister. Except, what Emily felt for Ethan was more than friendly. He was the star quarterback for the country's newest football team. Ethan was charming, sexy, and the last thing she thought she needed. His life was the opposite of normal and routine, but Emily was ready to live her life without regrets and waiting. Except there are so many people dedicated to ripping them apart. Ethan and Emily both feel like they have known each other when they first met. Emily believes she is in a committed relationship and is ready to settle for what her boyfriend is giving her. Ethan will not take no for an answer and will be in Emily's life, even as a friend. He is there for her in her darkest times. Emily is framed for attempted murder and things continue to go wrong for them. They must decide how committed they are to each other and survive the stress of everything going on around them.

Behind the Scenes - Jessica Blake

Recipe for Lust - Alice Ward

Secrets, lies, and drama abound in this inside story of a reality cooking show. Claire is kind and naïve, way over her head to be with a group so underhanded and conniving to ensure their own win, at any cost. Claire falls for Aiden, his wit and charm, and is blind to anyone who says anything against him. Even though she just met him, she believes his insight to Shep. Shep is nothing but kind to Claire, offering her assistance and a word of warning about Aiden. I do wish Shep would have spoken much sooner and Claire not put so much trust into a person she just met and is now sleeping with, but she is too trusting.

Wrecked (Crystal Brook Billionaires) - Jessica Blake

Damaged (Crystal Brook Billionaires) - Jessica Blake

Crushed (Crystal Brook Billionaires) - Jessica Blake

Bluegrass Seduction (The Bluegrass Billionaire Trilogy) - Alice Ward

Auggie is privileged and the daughter of a wealthy equine family in Kentucky. Her mother is set on running Auggie's life for her, even though she is old enough to do for herself and graduated college. Bent on embarrassing his father, Worthington LaViere III uses his position as a highly respected psychologist to delve into the secrets he wants to explore. Especially the old money of the Bluegrass set. And Auggie. The green-eyed temptress he's unable to strike from his thoughts. It's the beginning of a dynasty built on a legacy of greed, selfishness and pure wickedness. Just remember, anything built on a foundation of lies can topple at any moment. Auggie is quite spoiled and acts very childish. Worth is controlling and believes himself to be a bad person, like his father, until he meets Auggie and wants to change for the better. Both are terrible at communicating with each other. This is further complicated by them hiding their relationship, causing embarrassing situations and arguments that may have been avoided with the truth.

Bluegrass Obsession (The Bluegrass Billionaire Trilogy) - Alice Ward

Although a handsome and respected psychologist, Worth is unable to free himself from the curse of his father's past. Nor can his beautiful wife, Auggie. Her mother's deceit spawned the devil incarnate. A brother who rises from the depths of hell to haunt them with hatred and retribution. Evil and manipulative, Linc doesn't care who he hurts to get what he wants and must be stopped before he goes too far. Can Worth and Auggie fight him and rise above it all, finding salvation in each other? More importantly, can they protect their family from the legacy of inherited evil? Bluegrass Obsession is a standalone novel, the second in the sizzling Bluegrass Billionaire Trilogy by Alice Ward and Jessica Blake. While it can be read alone, it is recommended that you first read Bluegrass Seduction, the first book in the Trilogy, in order to understand the plot better. I enjoyed this second book and love that each one is a separate story that adds to the previous. I loved reading about their son, Ford, and the discoveries they make as a couple.

Bluegrass Rebellion (The Bluegrass Billionaire Trilogy) - Alice Ward

The LaViere men – wealthy, controlling, self-centered and willful. Although generations separated them, they retained their legacies of power. Magnetic and perpetually driven to excel, their appetites for dominance over their women was unrelenting. While their wealth set them apart, the cost of those they destroyed was greater than any fortune imaginable. Auggie, the copper-haired beauty who mentally jostled with her handsome Worth, paid her price and yet asked for more. Liane, the sensitive creature with intuitive empathy sought to conquer her Hawk and paid her price as well – yet neither of them could deny themselves their men. The LaViere curse. They cause pain and torment, blame others for their issues, and take devastating revenge on their own families. It is a perpetual, learned cycle of abuse that is difficult to get out of. You have to see the issue, acknowledge it needs changed, and choose to do so. This was a wonderful conclusion to the LaViere's. Heartbreaking and soul searching.

Torn (Lords of the City) - Alice Ward

Imogen meets Corey, a wonderful man, during her trip to Thailand. Their attraction is undeniable, yet they have such little time together. He is wild and caring. Corey promises to find her in the US, soon. Imogen receives a job interview in Chicago from the prestigious Stafford Scientific. She will be working with Noah, controlled and always in charge. Brothers, similar but two sides of one coin in their differences. light BDSM. Imogen comes to know Noah and he cares deeply for many things, but he is unwilling to release control of his life for anything outside of his work. Corey is still the wild mystery she left in Thailand, unknowing if he will ever return to the US, much less her. She must find her way through the corporate world and decide to whom her heart belongs. Noah and Corey have decisions to face as well, both lead lifestyles unsustainable to having, much less maintaining, a steady relationship. I voluntarily reviewed a copy of this book.

Nicki - The Overflowing Bookcase says

Hot, Hot, Hot!!! What a great read - 10 different full length novels that had Alpha males all over them. LUST is the perfect name for this collection. I received a free copy of this book and voluntarily chose to review it

Tiera says

Good suspense and happily ever after

Good read! I enjoyed this book. The suspense with the main characters on if they would have their happy ever after was better than I expected. The part with who hurt the little boy you almost had me. The ending was my favorite!!

Jackie Burkholder says

Alpha collection

I loves this entire collection. So many great stand alone books. Lots of great story lines. Absolutely amazing. Definitely recommend this collection to my friends

Eleonor says

Disclosure: I received an ARC of this book and voluntarily chose to review it.

"Lust" is a boxed set of ten books:

Three books written by Alice Ward, all of which I read before:

1. Blitzed by billionaire - pretty good but because of many errors in edit I gave it 4 stars
2. Recipe for lust - light, delightful read - 5 stars
3. Torn - is a must read! - 5 stars indeed

Four books by Jessica Blake:

1. Behind the scenes - nice, a little too syrupy at the end - 4 stars
2. Damaged (Crystal Brook billionaires) - too verbose, endless meaningless banter, too much psycho analysis. It reads more like a psycho thriller than a romance - 3 stars
3. Wrecked (Crystal Brook billionaires) - a little too much of a dialog, a little too verbose but overall a nice light read - 4 stars
4. Crushed (Crystal Brook billionaires) - same as Wrecked - some meaningless information, a little too verbose but still a nice read - 4 stars

Alice Ward & Jessica Blake:

Bluegrass billionaire trilogy - so many deceptions, manipulations, twists and lies! These series of three books is more of a psychological thriller than lustful romance. Yes, romance is present as well as lust, but it is overpowered by insanity of it all. If I were to review the trilogy as a psycho thriller I would have given it higher rating but as a romance it deserves only 3 stars.

Entire boxed set is a good read. There's variety that ranges between pure romance with hefty dosage of lust to intense psycho thriller that will make your head spin.

Lucy Mejia says

OMG...this series was awesome. I couldn't put it down. Hot..Sexy...keeping me on my toes. this is a must read....

Book-Lovin-Momma says

A swoon-worthy collection sexy of romance books by two talented authors! Each one is a standalone story. There's a good mix of mystery and intrigue, lust, love, hate, and friendship here. Well worth the price, and well worth the time to read them and get to know the author's works.

I voluntarily reviewed an Advance Reader Copy of this book.

Ruza says

Mega Box of Alpha Males that you will fall in love with. Each story in this series will draw you in, and they are truly amazing. The men are all Alpha Millionaires who fall in love, and I love that they have to work for their HEA. I've read quite a few of Alice Ward's book and enjoy every single one of them. I am glad to have found Jessica Blake writings in this series of books. It's different from Alice's, but just as heart warming. I received a free copy of this book and voluntarily chose to review it.
