The Iron Door Mine

R.O. Lane

The Iron Door Mine R.O. Lane

He wasn't a gunfighter, just a young lawyer. They kidnapped his wife to force him to give them the map to the Iron Door Mine and the gold hidden there. She told the kidnappers that her husband would kill them. They laughed and made fun of him.

Weeks later, on a fateful day in the Sonoran Desert, the young lawyer sat his horse and watched the kidnapper come toward him with a white flag on the barrel of his rifle. The kidnapper stopped and demanded he turn over the gold from the Iron Door Mine. The young lawyer told the kidnapper the only thing he would get was the bullet his wife had promised. The kidnapper made his play, and the young lawyer planted two bullets in the kidnapper's chest. The gold the Jesuits left in the Iron Door Mine has been sought for hundreds of years, but the truth is the young lawyer found it and took it away.

From Reader Review The Iron Door Mine for online ebook

Edward A. Gettler says

Wonderful book,as per usual.

Very different this time. A really nice surprise. Still easy reading through, with a new and exciting plot that kept me wondering what was next. Loved every minute of my time spent with Ben and Lilly.

Robin T. says

Spellbinder

Exciting tale, with lost treasure, gunfights and all. However the hero encounters too little hardship. The story might be a bit more interesting if he wasnt born with a silver spoon in his mouth.

Morris Williams says

Another good one

Good reading. Only problem, once I started reading, I did not want to stop. Waiting for the next Marshall Erin book

william lowery says

A good read

A well written book, well researched, I will read another book written by this author. This was a great story.

Tom Metcalfe says

Western True

This book was smart, modern in ways, and still true to the western classics. I really enjoy this author and his conscience

Masina Lane says

Searching

This story is somewhat different from other stories from ROL. However, it is well written and fast moving with plenty of action involving criminals who are willing to do anything to get what they want. I highly recommend this author.

Ed Lake says

Great book

I really enjoyed this book. Great story, well told with very real and well established characters. I look forward to reading more of his work.

Tricia Hungerford says

The Iron Door Mine ?

This not your usual Western!!! The story is amazing, unexpected and totally absorbing! I wish I could give it 10 stars! I love Westerns and the author amazed me with it's twists and turns.

ROBERT ARCHER says

Good Guys Win

A straight forward book with a few twists to keep things interesting. Lawyers doing cowboy things. No cussing that made my day

D. E. says

A Good Mine Western in the SOCAL desert West of Tucson

RIO has written a western about a young man whose grandfather left him a map to a gold mine. Once he received the map his wife was kidnapped for the map and was not released as promise. This began the chase from Sacramento, San Francisco, Denver, Tucson, Mojave Desert, the mountains of SOCAL. This is an excellent read for the genre.....ER

Trina Brooks says

A wonderful. Western about lawyers..

A wonderful action western. A surprising twist with cowboys, outlaws and Indians.. then we get a gold mine

thrown in. A grandpa's love and sharing his experience of guns.

Norm S says

3 Stars

Starts out slow. Grandpa gets a treasure map. Then helps grandson get a job at a law firm, he learns to box, meets Lilly gets married, then Grandpa dies. That's about the first half of the book. After that it does get better. All and all 3 stars is the best I can give it.

Charles Castell says

As always, Mr. Lane did another magnificent job with this exceptionally heartwarming and entertaining story. There is never a dull moment and his uncanny renditions of our old western folklore adventures is so fulfilling that the urge to read the entire story before setting it aside. I have certainly enjoyed several of his novels, but this one is definitely one of his very best.

Yes, it is another five star masterpiece by a very accomplished and prolific writer. There is plenty of family-friendly and family-friendly episodes to satisfy your every whim. I can definitely testify as to the very best storytelling adventures that will appease your I deepest interests.

The selection of characters is unsurpassed , especially Ben, Lily, Moon, and Logan. They don't take Jack off anyone. Great storylines that maintained my complete attention immediately, and throughout the entire book. There is enough romance and gunplay to satisfy your every expectation, and the author certainly did his homework based on the excellent camaraderie of the good guys involved.

I, most certainly, recommend this book to all readers who definitely enjoy somewhat "true episodes" of our real old western folklore. This story grabs you immediately and doesn't let go until the final paragraph. Read it, but please, set aside a few hours of uninterrupted time, as you will not want to set it down until the last word.?

neal mirin says

Woww

A great storyline, A keeper. Reminds me a little bet like how louis l'Amour wrought .Will be reading more R.O. Lane

Kenneth B Alger says

Great story, a real page turner.
