## **Punishing Their Virgin: A Reverse Harem #1** J.L. Beck

Three gorgeous, possessive, over the top alpha's that want to share me, that want to punish me.

I'm a bad girl, a very, very bad girl and I've got my sights set on the Maxwell triplets. They're three of the hottest billionaires in New York and they also happen to be my bosses.

It's always been my dream to be taken by more than one man, but I never thought I'd want three.

There's Jake, the dominant alpha, that wants to spank me. Micah, the sensitive alpha that makes love to my mouth in a way no man ever has before and least we forget Trevor the fun, willing to try anything alpha.

When they find out their sweet, little assistant is still a virgin, and better yet has a fantasy she wants to fulfill they promise nothing but pleasure, mixed with a little bit of punishment.

Bad girls get spanked, good girls get spanked, and \*ucked and even though I want to be a bad girl I definitely want all three of them at the same time.

This is the first book I've read by JL Beck and it won't be my last! The Maxwell brothers are sexy as hell but very different. Jake is a dominant alpha, dark hair dark eyes. Trevor is fun with blond hair and blue eyes and Micah is sensitive with dark hair and emerald eyes. When Jenna starts working as Jake's executive assistant they are all drawn to and each want her. Jenna is a sweet virgin who writes a journal with what she wants to do with each Maxwell. When they find it things get really hot and steamy. Can they and will they make her fantasies come true? There are plenty of laugh out loud moments with them falling over each other to get her attention. I enjoyed this reverse harem with an office romance thrown in.

Jenna has just gotten a dream job as executive assistant to Jake Maxwell. Jenna is innocent in many ways but when she meets all three Maxwell brothers it isn't long before her imagination gets the best of her. Each brother has his own individual style in whatever he does and that appealing to Jenna. Jake is a dominate alpha male that wants to have a submissive to tend to his needs as he tends to hers. Mica is the sensual of the brothers and it shows in how he looks after Jenna when they're together. Trevor is the more playful one of the brothers. Jenna doesn't realize that she wants to claim them until the night she goes to an art show and finds out its Micah's. The men aren't sure of Jenna's feeling until she forgets her bag at work one day and they find her journal. When they women start groping at him and Jake she takes them into hand. The brothers talk amongst themselves when they know that the only way to have her is to share her. Can Jenna accept the unconventional relationship with the guys after saving herself for the perfect guy?

This was an amazing story about four individuals exploring a unconventional relationship together. The chemistry between Jenn, Jake, Micah and Trevor is sizzling hot. If you aren't a fan of this author before this book you definitely will be one after you have read it. Another five star hit.

I voluntarily read and reviewed this book. I enjoyed it so much I bought my own copy.

Jake, Trevor and Micah were very well done. I love when you have different men with different personalities and they stick to each personality through out the entire book. This is a treat for me when I read a story with multiple characters.

Jenna is a sweet and strong woman. She knows what she wants, doesn't hide what she thinks and she comes out from the page as a real person in the story.

I had to remind myself a couple of times that this is not a realistic kind of story and that I shouldn't look for that in this book. Wich is my default this days, look for the realism in romance novels.

This an erotic romance and for that reason there is a lot of steamy scenes involve. Those are just the right amount of hot each time. Specially because it feel like the relationship goes up in stages. Each man has alone time with her before they overwhelm her together.

This is a menage with a complete focus on the woman of the story. I really had a great time reading Punishing their Virgin. I would recommend to those that don't mind a fast pace story with inta-lust and great characters.

Little did Jenna realize that the 3 hot guys she met her first day at Maxwell Industries would become her fantasy. She really tried to be good but they were just so damn good looking and so attentive. There is a great scene at a restaurant that's sweet, funny and very telling. Instinctively she knows what each brother wants/needs. When they discover she's a virgin the fun heats up. Great characters and a story with real heart. Thank you Ms. Beck loved the attention to detail.

Sigh...I thought this one might be good for a quicky, but I wasn't in the mood to read pages of one of the heroes having sex with some random woman other than the heroine. Why do authors think starting a romance book this way is a good idea? All it did in this particular case was make me close the book and not bother reading any further.

When Maxell brothers Jake, Trevor and Micah meet Jenna Hawkins, they all instantly feel something for the beauty, so it isn't long before the three brothers are trying to find a way to have her – either alone or together. Jenna also feels something for the three men, and even though she is a virgin, she begins to fantasize about what the brothers would be like outside of work, she begins to keep a journal of all her naughty thoughts. When the unmistakable happens and Jake finds her journal, her sexy fantasizes begin to become a reality, but can she really sleep with her boss and co-workers?

While the book was good, I found it a bit confusing that the blurb mentions that the men are triplets, but then it is mentioned a few times that the reason that they all look different was that their father slept around a lot and they have different mothers. I also wish that the story had gone on a bit longer, or tied up some of the loose ends. Maybe a sequel is in the works?

I voluntarily read and reviewed an advance copy of this book.

2.5 hot billionaires stars.

A steamy hot one from J.L Beck. A fast-paced reverse harem read that full of hotness.

Three Maxwell Brothers got their eyes on shy virgin Executive Assistant, yup this book is about office forbidden romance.

There's not much drama here, there are unanswered questions in the end and there's cringe moments for me, but the banter between the Maxwell brothers is the one that makes everything better, I wished there's more though, it ended abruptly, I still enjoy it nonetheless, it's an easy fun steamy read for me.

As for characters, I love the Maxwell brothers, they're so different, each has their own charms, and I love each one of them. Well who doesn't love three alpha males.

And Jenna, hmmm this girl is pretty confusing sometimes, one minute she's so shy the next minute she's a temptress, not my fav character, but I admire her to stick to what she wants and never say no to new crazy experience.

If you're looking a fast-paced steamy read with three hot billionaires, this one might be the one for you.

Although I have seen this aauthor's name a lot, I'm not sure I've read her before, which was a mistake,,,, J.L. Beck is amazing,,,

Jenna is so proud of herself, landing a job as Jake "old man" Maxwell's EA... she is so excited to start, she has everything she needs, now to get their without getting lost,,,, in the elevator she meets this delicious

smelling, handsome man ,, she rides up the elevator and they make small talk,, introductions are made and she gets off the elevator, he goes one way, she goes another,,only to meet an equally handsome young man walking down the hall to her desk,, there, she has a seat at her desk and then someone shows her around and then she meets "old man" Maxwell,,, who is just as young and gorgeous as the other 2,, then she finds out they are billionaires,,, Jake is definitely the Alpha and Jenna's direct boss, Trevor is the kinda relaxed, funny one and Micah is the loving, caring, more sensitive brother,,,

Jenna is a virgin and back at her apartment, she takes out her new journal and writes things she is thinking about the Maxwell boys, and things kinda turn sexual and she thinks of which individual Maxwell would be like in bed,, she writes this for several days and when her mom comes to town, Jenna takes the journal with her so nobody could read it,,, but then she forgets her briefcase and said journal at work,,, this shouldn't be a problem,,,,, right,,, ???

Ok,, I'm leaving you hanging there, which is truly unfortunate seeing this is such a good book, and you REALLY wanna know what goes on next,,, it will melt your reader,,, go and grab this book,,, J.L. Beck is an awesome author and you may just thank her after you read this,,,

I got this ARC voluntarily to put in an honest review

*A Dec 2018 I'm sick as shit read*

DNF super early.

The heroine gets into an actual fight over one of the heroes. Even before she bangs one. Nope. I do NOT do women fighting over men. Fuck that shit.

Also, cover AND title has changed.

JL Beck has written a red hot and sexy story! This is a reverse harem story that involves The Maxwell brothers (Jake Trevor Micah ) and Jenna. Jenna is a sweet virgin who instantly has all the men pegged –she just has that way about her on how to read the men and tell their differences, their likes and such. The relationship between Jenna and the men came across as real, not put on. I loved that the men were triplets and for Jenna to be that one special woman for them. Even though this is a reverse harem troupe, this also is an office romance as well. I liked that Jenna was a virgin and the Maxwell men were alpha to the core. Each had their own personality traits, just the main one was alpha/dominance. This was spicy, intense, funny, and sexy. The author did a great job writing the reverse harem storyline and I hope maybe there could be a follow-up or a quick novella on how they are all doing in the future. This is a story that will have you emotionally invested in the outcome on all.

My Rating: 4.7 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

## Melanie says

This is a reverse harem story, but not quite like the rest. The Maxwell brothers (Jake, Micah & Trevor ) are all different both in looks and personality Jake being the dominate male that knows what he wants, Micah deep, sweet and intense but still all alpha and Trevor the fun loving middle child that knows how to have fun and knows what he wants. Jenna a sweet virgin who instantly has all the men's personalities figured out even though she does not know it—she just has a way about her to be able read the sexy men and tell their personality differences. They are the bosses and she knows she should not want them but she does, and they feel the same. The way the story is written it comes across as believable, not one that is just hot writing where they just say we want you and consequences be damned. I loved that all three men were alpha not just one and the other two following.

I don't like spoilers so I will leave it at that, but this is a defiant must read book.

Sweet innocent Jenna meets three men, Jake, Trevor & Micah when she starts her new job as an EA to Jake. She meets them one by one is flabbergasted that three hot men all work in the same place as she does. From day one she has fantasies of all three men and all three of them seem to be into her as well. But how will it work and what if they don't want her the same way ?

OK...WOW...what a steamy great read but also a great story that goes along with it. I loved how the author was able to distinguish each man with their own unique personalities and altogether they make up the perfect man. Jenna surprised me as her personality was just as unique, meeting all three men's fantasies and personality match perfectly. There was more to this story than just steamy scenes, the tension builds up and then when it happens it explodes with all four of them, separately and together. Not only that but the humour that went along with it, with the three "fighting" over her, her sticking up for herself and speaking her mind and not letting them get away with anything but also having three men on their knees for her....sigh swoon sigh. Only thing missing for me was an epilogue (I love my epilogues), otherwise it was a 5 star read but I do want my epilogues, especially with this read.

## Rhonda says

This is a reverse harem story but not like a lot of others I've read. I didn't like the fact that Jake was with a woman before Jenna came into his life but at least he didn't know her yet. Jenna is hired to work with the Maxwell company and gets totally confused by 3 men. As the story goes along, we come to know Jake, Micah and Trevor. I like how they talked through their feelings for Jenna between the three of them, even though each was completely different from each other. When they find out she's a virgin, it's game on and while it takes most of the story to make 2 of the brothers realize they love her, it does happen. But what happens when their friend walks into their house on a weekend? Quick story and one I recommend for anyone who likes reverse harem stories!
