The eagerly anticipated third volume of the Willowmere Chronicles

Sixteen-year-old Claire Norton has come to terms with her new identity as a twice-reincarnated witch, but many things in her life continue to haunt her. Though she now believes her mother fled years ago in order to protect her family from the evil Dark Circle coven, Claire is still no closer to finding her. And although the head of the coven has been weakened by the harmful after-effects of his own black magic, the sinister young warlock Nicholas van Buren is poised to take over as heir apparent. As well, Claire must confront her growing feelings for a boy at her high school and her desire to get closer to him while at the same time trying to keep him safe from the supernatural dangers that surround her.

What shape will her final destiny take? Will Claire be able to defeat her enemies and enjoy a normal life at last—or will the ultimate sacrifice be demanded of her?

### **Nova says**

Nou, die trilogie kan ingeleverd worden bij de Bruna voor Het Vergeten Kind. Die hoef ik niet nog een keer te lezen...

### **Johanna says**

A enjoyed continuing on with this story in book number 3.

I think some of the dialogue is just perfect when the author lets the spiritual or religious characters have more opportunity to talk. Allot more laughter in this one too.
