### **Shannon (Twilight Sleep) says**

This series was ok, but not great. I've definitely read better manwha.

### **Cera says**

Glad there's finally more, but it isn't as good as the earlier volumes.

### **Queenilyn Maglasang says**

awesome...

### **Katrina says**

This volume is lacking something that the first ones had. It just feels like the story is speeding along too fast and jumping around too much. I savored vol. 1 and read it several times. Vol. 4 disappointed.

### **Genevieve says**

I wish they'd put out the next book in this series! I always forget what I've read while waiting for the next one.
