Ready to Rumble

Shayne McClendon

Ready to Rumble Shayne McClendon

Demitria Stavos has been secretly in love with her father's star performer, Nikolai "Granite" Petrov for years. She has an international reputation as a party girl and he doesn't even notice she's alive.

When they're thrown together on a promotional tour for the Stavos' professional wrestling entertainment company, each may have finally met their match.

Chrissy says

I absolutely LOVE Shayne McClendon and this book did not disappoint! Demitria is an amazingly strong woman and doesn't need anyone to help her with anything. (Except maybe her PA and best friend Claire) She has an undeserved bad reputation but she continues to work harder than anyone else to keep the family wrestling business going. She is an amazing female character and I loved it! Her chemistry with Nikolai is awesome and the story is very touching as they finally admit their long denied love for each other. I highly recommend this book!

Kimberley Humphrey says

Great short read. Hot characters & well written :)

Katerina says

4 stars for this helluva read!

Wow! I am so glad I don't need specs for reading. They would have steamed up constantly!
And the fact that Shayne McClendon wrote this, is the only reason that is keeping me from subtracting some stars and a half.

Oh boy, was this cheesy!
Hero and heroine ooh-ing and aah-ing over each other nonstop.
I was rolling my eyes.
I experienced secondhand embarrassment.
I sighed internally.
...a whirlwind of emotions!

The heroine's parents behavior made me cringe and shake my head simultaneously.

And then I got to the meat of the book!
In case you are wondering what I could possibly mean with that, I will quote from the author's note at the beginning of the story:
" The author proudly describes every sexual act and body part in thorough (and quite naughty) detail."

Nothing to add to that! ;-)

Lindsey says

3.5 Stars

I usually round down when rating, however I just loved the writing!

Demitria -

Nikolai "Granite" Petrov

Demitria was a great a great heroine!
Nikolai was super hot, alpha-like, and badass.

This story was just too short, and very little angst which is why it wasn't 5 stars for me, however this is my second book by Shayne McClendon that I have stumbled upon and I just adore her writing.

Ingie says

No, no it can't be more than 2 measly little stars for this short erotic romance. It was hot and a lot of steam but nothing more. Yes I skimmed but I couldn't stop to smile a little bit reading about this two shapely athletes and their little awkward way to reach each other.

I didn't really LIKE (but a little bit, they were, after all, a little sweet in their longing)

Trixie says

I want a Nikolai. Right now. The characters and plots are so easy to fall in love with. Sweet, simple, and very HOT. I highly recommend it! (once again, this is not a review I wrote, but again... I couldn't say it better)

Jenny Miller says

Wow! For a fairly short story, this was good from start to finish. It's nice to see a tough, hard-working chick get what she deserves :D Super steamy scenes didn't hurt, either..

Pippa says

This was a short an sweet love story i read in between reading some more meaty, longer novels.

I enjoyed it. Wasn't too heavy and the two main characters were really sweet in getting it together. Was steamy in places without being over the top.

Would have liked an epilogue as it was a bit rushed at the end.

Holly says

I so love Shayne M's books. I read them all the time. I want to have a man like Nikali in this books. I love Shayne and her books. Keep them coming.

Melissa Hong says

free read on Amazon. good love story

Carissa says

Will be reading a lot more from this author

Christine says

3.5- 4 stars.

I was looking for something with little to no drama, but with a good love story and that is what I found with Ready to Rumble. I read this in one day. I enjoyed the author's writing style. I really liked the book. My only complaint is that the story just ended. If the story just ends and there will be no sequel, then I need an epilogue. I have so many questions regarding the two MCs. I loved this couple, but the story just ended.

3 stars means that the book was ok and 4 stars means that I really liked the book. Well, I am in between. The ending...let's just say I needed more. I would have given it 4.5 - 5 stars if I just knew what happened with Nikki and Demi.

Jane says

In *Ready to Rumble* Demitria Stavos and Nikolai "Granite" Petrov are part of her family wrestling team company. Both have wanted the other for years and after Nikolai watches a male wrestler attack Demitria; they open up to each other about how they feel about each other.

I liked the connection, the deep emotional commitment and how they stood up for their values. It started a bit slow but finished with a happy ending.

Lorie Glowania says

Demi has been secretly in love Nikolai a star wrestler that her father has close bonds to. After many years she believes he doesn't even know she exist other then a little sister. A situation develops and she becomes under the care of Nikolai. Can she win his heart

Angela Goodrich says

I hate sports, but LOVE sports-related romances.

I almost feel bad that I was able to read this book for free, but it is definitely worth reading and I have now added Shayne McClendon to my "must read" list. I absolutely enjoyed that the main characters were in love with each other for years but were too afraid to acknowledge their feelings for one another (for their own reasons). Although this was a novella, there were enough references to their shared backgrounds and long-term feelings for one another that the speed at which their relationship developed was believable. It's nice to read a book that has a strong female lead paired with an alpha male. As this is categorized as an erotic novella, I feel that it's important to note that the sex scenes were hot and were pertinent to the story line. I'm looking forward to reading more from this author.
