Deceived - Part 3 Chloe's Revenge Eve Carter

After being rescued from a horrible fate in Paris and learning the truth behind the deception that tore her apart, Chloe is thrilled, not only to be back in New York, but also to be back in the arms of her true love, Patrick Collins. However, the conniving Baroness, Anna Von Lamberg, is not letting her claws out of Patrick just yet. Having bought the company, she is now his boss and makes sure that nothing comes easy for Chloe and Patrick. Will she succeed in once again breaking them up or will Chloe finally turn the tables and take control of the game. Find out what happens in the thrilling and sexy conclusion of the “Deceived” Trilogy in Deceived Part 3 – Chloe’s Revenge.

I think this was my favorite book of the trilogy so far. I am in love with Patrick and Chloe! They are the cutest couple ever! Totally recommended!

Holly Full Moon Bites Book Reviews says

I liked author Eve Carter's Deceived Part 3 Chloe's Revenge. While filled with steamy love scenes it was also filled with romance and some suspense about what is going on with Patrick's boss, the Baroness.

It was a pretty quick read, both because of the faster pace that it is set at and because of the overall length of the book.

I thought Chloe and Patrick were both fun characters and very much in love—even if Chloe was still clinging to her independence, it felt at times, like a shield. She has been burned in the past and I can understand her reluctance to move in with Patrick so soon. But I must say, while she kept protesting, Chloe was pretty much already living there and just going back to her place to wash clothes and stuff.

Overall I liked Deceived Part 3 Chloe's Revenge and would recommend it to anyone looking for a good erotic romance. However I think I would recommend that you read part one and two first as it would give more background about Chloe, her and Patrick's relationship and everything going on with the Baroness.

**I received a hardcover/paperback/eBook copy/ARC of this book for free to review from the author/publisher/tour site; this in no way influenced my review, all opinions are 100% honest and my own.*

On a last minute ask I took this review, and I am glad that I did. Although this is the third in the series, I found it focused more on characters and their interactions, so I wasn't at a great loss having not read the first two books in the series. BUT, I do highly recommend that you read all three (and I am going to get them now) for the best flow of the story.

Chloe and Patrick are an on-again off again couple, and they are currently working to renegotiate their relationship and tie up the loose ends after her rescue. As characters, both Chloe and Patrick are adorable: created with depth and display a logically felt and defined connection that goes from cute and sweet to highly steamy and erotic at a finger snap.

This is an adult's series, written with care and a solid sense of real-world issues: complaints about packing and picking up souvenirs are the first hint at the sense that there is something real and tangible about Chloe and Patrick. While there are liberal inclusions of sexy scenes, many are made even more sensual by the connection between the characters and their obvious enjoyment in one another.

I'd certainly recommend this book to readers, with the caveat they read the series in order.

I received an eBook copy from the author for purpose of honest review for Full Moon Bites blog tours. I was not compensated for this review: all conclusions are my own responsibility.

I loved the twists and turns in "Chloe's Revenge." I was happy to see Chloe get her act together, as well as her and Patrick working together again. I love Ryan! He adds a bit of flair to stories. I'm looking forward to wrapping my mind around the next installment of Chloe and Patrick's story.

Elizabeth says

This book was amazing. I couldn't put it down all night once I got it. The story of Chloe and Patrick is fantastic.

Deceived - Part 3 Chloe's Revenge (Deceived #3) by Eve Carter

Deceived- Part 3 is the final instalment in this series. Eve Carter's writing is good and the story flows so well you don't want to put it down. The entire series is easy to read and you can't help but get hooked.

If you haven't read book 1 or 2, I would say you definitely need to go purchase them both before you read Chloe's Revenge. In the third and final book Patrick arrives in Paris and saves Chloe from being attacked by a artist she had been seeing. Patrick and Chloe have a few issues they need to work out, especially the Baroness who deceived Chloe and made her think Patrick had been seeing her also.

This book is about revenge and I would say pay back and its a great read. Of course I don't want to say too much and spoil the story for anyone.

I have rated this series a 4 star rating and would recommend that you go pick up a copy of all three books. Eva Carter has written a great trilogy, they are adult themed full of hot steamyromance.

Deceived Part 3 is finally released on Amazon and B&N. I'm so excited to hear what you all think about the final book in Chloe and Patrick's sexy love story. Hope you'll like it.

Eve xoxo

The best of the three and still not worth my money and time. Thank God it was short.

Jacquie says

Payback is rough..this is a very good series.A good ending to Chloe and Patrick's story.

Veronica LaRoche says

With more determination to get back at the Baroness, Chloe & Patrick will do anything to get her out of the picture. Baroness is the most horrific person and so glad what happens to her. Chloe & Patrick deserve to finally be happy and to start a new adventure together. This ended perfectly and can't wait to read the next book

Bianca says

The author of this book so nicely provided me with an eARC . Where do I even begin about this book? I loved it! It is definitely my favorite of the series. Don't get me wrong, each book was great, but this one was amazing. It could be because we had so much more Patrick time. He is seriously one of my favorite book boyfriends. He is hot, charming, loving and all around swoon worthy!

Who's Patrick you ask? Well you have to read the book to find out! Start at the first book, Deceived: Part 1, New York. You won't regret it. At this point in the series, Patrick and Chloe have had their ups and downs and odds were against them and their relationship. They have been challenged in every way possible but again and again try to prove that their love can withstand anything.

What I really loved about this story were the swoon worthy moments with Chloe and Patrick. Their love and passion oozed out of every page. They were sexy and romantic. They were lovable and adorable. I really liked that this story was different than others. I've read books where I found such similarities, but this one was different in it's own right. Every book in the series were short, but I thought they had just enough to keep the reader interested. So many authors make three part books and they drag the story on, but this author wrote enough for you to get the entire story and feel like the story was complete. Although, I would not mind for a continuation of Patrick and Chloe's story!

I really enjoyed this third book in the series. I felt that I learned so much more about Chloe and Patrick as characters and wasn't ready for their story to end. I really enjoyed her writing style. I have read countless amounts of Adult Romance books, but have not encountered many written in this manner. There are good storytellers, and there are good writers. Eve Carter is capable of both. I felt like this was an adult book, meant for adult readers. How refreshing to read a well-written series.

What a way to finish up!! Holy Hell Eve Carter.....HOT, HOT, HOT!!
This was a fabulous way to finish up the series. Loved it!!!
You Rock ;)

Jill says

Great ending to the trilogy for Chloe and Patrick. Thanks Eve Carter, for a great ending that included payback and love!

Diana Marciniak says

Loved the entire story, could not put the books down till I read all three! Chloe's determined spirit was what kept the book going!

Jan says

I LOVED it !!! Loved the ending too ;)
