Blade's Desire: Adoring Kelly Leah Brooke

Kelly Royal has learned the pleasure of submitting under her husband's gentle, but firm, hand, but Blade's interest in dominating her seems to be gone forever. Going into labor a month early scared the hell out of her, and despite Blade's efforts, he couldn't hide his own fear—especially when things go terribly wrong.

Unable to forget the image of her pale and unmoving form in the hospital bed, Blade can't even imagine taking her back into his playroom, and as soon as he brings her home from the hospital, he empties the room, vowing to never dominate her again. His fragile wife has been through enough, and he can't imagine taking her the way he did before.

Kelly, though, has other plans. She wants her husband back, and frustrated that he thwarts her attempts to take her the way he did before, she takes matters into her own hands.

Jessy says

Oh. My. God.

Brooke must be running out of ideas. If that is the case then she needs to put a hold on the series until she gets her creative juices flowing.

I'm tired of reading the same plot every single book. She introduces these men as the ultimate alphas but at the first sign of trouble regarding their women they pull back and feel like they can't be themselves anymore. It just doesn't make sense to me.

Will I read this book? There is a 90% chance I will because I would like to see Kelly finally have the baby and this will probably be the last Desire book until the spring.

Charlene says

I adored this one.

Chevetta says

Love Blade best husband ever. Glad i got to see what going with Blade and Kelly. Very hot.

Kelly says

These two have been through hell with the pregnancy and birth of their baby. It sent Blade into a panic and it took creativity and strength from Kelly to bring her Dom back. Very sexy read!

Colleen says

It was good to catch up with Kelly and Blade.

Tina says

In Blade's Desire: Adoring Kelly by Leah Brooke we get to see a little bit about what happens after the happily ever after. This story is best read after Blade's Desire. Ms. Brooke allows us to see that sometimes

love needs a push. Blade is struggling to move past seeing how fragile Kelly is and almost losing her permanently. Kelly is struggling to be seen as more than a mother, more than a woman whose pregnancies were hard and remain a woman whose husband finds sexy. I loved how Ms. Brooke allowed us to see the differences in men and women. It was never more apparent when Blade and Kelly had such different ideas over the same facts. It was wonderful to see their friends attempt to rein them in. Both needed to be talked from the ledge but for different reasons. I loved that Ms. Brooke showed that love isn't always enough you also need communication and honesty. I loved seeing that even with adversity after their happily ever after both Kelly and Blade were fighting to preserve their marriage, even if what they were trying to preserve was slightly different. I thought this story was well written and full of emotional depth. While Ms. Brooke gave us a story that had some lows she balanced it well with highs. It was a roller coaster of emotion but well worth the ride. I love these glimpses into relationships we fell in love with and look forward to seeing more.

Five Shooting Stars

Bonnie says

This is a revisit to bring us up-to-date on Blade and Kelly. Emotions run high, but they both have an intense love for each other and with effort they overcome their fears.

Timeforme says

Main Characters:

Kelly Royal - A woman who has trouble giving birth to her son and whose husband has trouble dealing with the situation

Blade Royal - Kelly's husband and Dominant

Synopsis:

Kelly Royal has learned the pleasure of submitting under her husband's gentle, but firm, hand, but Blade's interest in dominating her seems to be gone forever. Going into labor a month early scared the hell out of her, and despite Blade's efforts, he couldn't hide his own fear—especially when things go terribly wrong.

Unable to forget the image of her pale and unmoving form in the hospital bed, Blade can't even imagine taking her back into his playroom, and as soon as he brings her home from the hospital, he empties the room, vowing to never dominate her again. His fragile wife has been through enough, and he can't imagine taking her the way he did before.

Kelly, though, has other plans. She wants her husband back, and frustrated that he thwarts her attempts to take her the way he did before, she takes matters into her own hands.

My Thoughts:

This was a good quick read. Blade and Kelly were the MC's of Blade's Desire so I already knew them from that book (and as secondary characters in other books of the series). The plot was fairly predictable once we saw Kelly's problems as she gave birth to Hawke but it was still fun to see Kelly trying to push her Dom back into their old relationship.

Tammy says

I lived visiting Desire, and so enjoyed reading more about Blade and Kelly

starsaga says

A sweet epilogue to Kelly and Blade's story

I enjoyed this short story. Then characters were as I remembered them from reading the previous book, not much has changed. I liked that Blade was uber-protective but I did not see his behaviour progress according to what was being written in the book. One moment he was vehemently against having sex but the next moment he was suddenly into it, it was a bit disconnected from his viewpoint. I liked the characters though and it was a sweet quick read.

Sarah says

This after the HEA book is great, you get to see a whole different side to Blade when Kelly goes into labour two month early. It's nice to see the desire Dom a little more human. Blade dismantles the play room thinking he would never be able to dominate in sub wife again but Kelly has other plans. Loved this short sexy book. Great ending.

Caitlin says

This is a fantastic insight to Blade's and Kelly's lives. I really liked this book because I of how great the characters are. I love these mini stories. They are great companions to the central Desire Series.
