Berserk, Vol. 23 Kentaro Miura , Duane Johnson (Translator)

Desperate as Guts, the Black Swordsman, has been to reunite with his former captain and lover, the now-mad Casca, he's quickly learning that being together is as dangerous as being apart. What should be a simple journey to the safety of Puck's homeland proves to be a gauntlet of perils, as the Mark of Sacrifice each bears brings the fury of Hell down upon them, and Guts discovers that in his darkest moments he himself is the greatest danger to the woman he loves.

Created by Kentaro Miura, Berserk is a fiery manga apocalypse, an ominous omnibus of furious action, fearsome horror, and funereal humor that strikes a power chord in the hearts of its devoted followers and strikes down the rest like a scythe through wheat. Bring in the sheaves!

Berserk, Vol. 23 Details

Ella says

Love this manga. Going to be buying the entire manga this christmas.

Fugo Feedback says

La lista de virtudes de este tomos es la de siempre. A eso sumémosle una de las escenas más horripilantes entre Kiasca y un Gatsu completamente del orto; la formación de la nueva Cuadrilla del Halcón, con bestias y demonios en sus filas; el comienzo del camino a una posible redención de Farneze, ex jefa de los Caballeros de la Santa Cadena y ex enviada del Vaticano en nombre de la Santa Orden de comprobación de Milagros, y Puck e Isidoro metiendo más escenas graciosas que de costumbre.

Peter Barr says

In Berserk, Vol. 23, Guts, the Black Swordsman is traveling with his love, Casca who has lost her mind and a fairy. To make matters worse, he is overcome at times by spirits and is not aware of his actions. This episode not only follows their journey but also that of Griffith, Guts' and Casca's former commander. It's an interesting tale.

Kyle says

What goes up, most come down, and there's a bit of a fall as the realization sinks in that we're bound for some repetition, moving Casca to yet another sanctuary, cheapening Guts's words from the previous chapters; on the bright side, the manga does benefit from a now expanded secondary cast for the first time since the original Band of the Hawk. While the direction of this volume seems to be away from the central journey towards Griffith and the rest of the Godhand, it does at least offer a new arc with potential behind it.

????? ??? ?????? says

Guts still fighting his demons and caring for casca but it all goes wrong when he loses control and chokes her and she gets scared of him and hates him but Isidiro, Farnese, Serpico and puck saves the day when they join guts and it seems everything goes back to normal again even better then normal.

what about casca killing those bandits who tried to rape her !!! she still has her skills but not her old self not just yet.

i dont even know if casca will ever be back it might be very unlikely to happen since the theme of the manga is Guts against the world if casca comes back she will be great help for him and kentaro will probably kill her off probably by Griffith too to make the grudge even bigger But lets not get ahead of the story lol Griffith is still on his campaign to fight off the kushan and retain Midland he gathered some legendary heroes around him and he is using apostles and demons to fight in his army as well he is so dam powerful that its very unlikely that guts can get to him at this level...

Carolina says

Agora Guts tem novas companhias em sua jornada. E será que tem dado certo? Farnese começa a fazer auto avaliações (finalmente), e o grupo se depara com um novo desafio a frente.

Karissa says

This is the 23rd volume in the Berserk series. In this volume Guts is struggling to take care of Casca when Lady Farnese, Serpico and Isidro join him; for once Guts appreciates the help.

We also meet Lord Mule who ends up being saved by Griffith's new band of the Hawk and joins Griffith on his mission to take over the Kushan kingdom.

After that it is back to Guts and his companions, where Lady Farnese is feeling very useless as she struggles to do basic chores.

Overall I really enjoyed this volume in the Berserk series. It's a bit of a transition volume but I enjoyed the new characters that we meet and I love where the story is heading. This whole series is recommended to those who enjoy fantasy horror manga.

???? ???? says

reeeeeeeeeeeeer

Milie_Baker says

Guts qui tente tant bien que mal de protéger Casca, des démons mais aussi de lui-même, accepte que Dame Farnese, Serpico et Isidor rejoignent sa troupe. J'ai été assez surprise puis je me suis dis que, inconsciemment, il allait se recréer une équipe comme la troupe des faucons.

En parallèle on voit aussi Griffith qui gagne toutes les batailles, il rassemble de plus en plus de fidèle et il est tout près de son rêve.

Nate says

poor casca just can't get a fair shake. on the flipside, griffith crushing it against the pseudomughals was pretty awesome, and looks like farnese, serpico and isidro are turning into (semi)permanent party members

Bradley Prior says

Series is more chill at the moment. It's still crack. Dark crack.

Savina Tsataros says

Took me almost a month but it was an enjoyable read, this arc is heading in the direction of war against the Kushan, I'm interested to see what will become of Griffiths new recruit and his demon army. As well as what will become of Lady Farnese and Casca amongst Guts and his groupie. Let's see :)

Jonathan says

Berserk's always been good, but man, this volume gave me major feels.

Eulercauchy says

Lovely

Timothy Pitkin says

Nice world building and also really good that we are seeing actually two stories with one being about Griffith and the other focusing on Guts' journey. Also really good that Guts is forming his own group as he journeys with Caska. Also nice that we get a glimpse of the old Caska as it was kind of getting frustrating that the once awesome battle hardened Caska being reduced to a feeble and stupid girl but we get a glimpse of her former glory.
