Amazing Tips to Make You Smarter: Hundreds of Helpful, Fun Facts to Improve Your Life! Sandy Silverthorne

Loaded with fun, offbeat trivia and Sandy Silverthorne's hilarious cartoons, this book will not only make you smarter but also much more fun to be around. After all, who wouldn't want to fall into a conversation with someone who knows...

how long most Americans spend waiting at red lights in their lifetimes

which two first-world countries still haven't signed a treaty to end World War II

where the phrase "a blue moon" came from

And just think how happy your friends will be when you share little-known but surprisingly helpful tips about sleeping well (a little peanut butter and/or honey on a piece of toast delivers a pleasant dose of tryptophan) or nailing that important job interview (try to schedule it at ten thirty on Tuesday morning).

A collection of fun facts sure to make you smarter and your life more enjoyable!

I won this in a Goodreads giveaway. My opinion is just that...mine...and completely unbiased.

Not only will you learn a few things, but you will find yourself exhibiting a whole lot of body language with this one. Head shaking, head scratching, frowning, eyebrow raising, lip pursing and even some rib tickling. Lots of fun for all!
