Loved by the Dragon Collection

Vivienne Savage

Loved by the Dragon Collection Vivienne Savage

Two complete stories/No cliffhanger/120,000 words/Adult content/PROFANITY

*Author's Note: Be prepared for kinky sex and bad language. Originally published as *Saved by the Dragon*, *Mated by the Dragon*, and *Taming the Dragon*.*

Chloe's weekend getaway doesn't go according to plan when she's trapped in a cave with a gorgeous, golden-eyed rescuer named Saul. His fiery secret and a hot, one-night stand will set in motion events able to change her life forever -- but all dragons aren't ready to accept mortalkind. As shadowy forces in the draconic world object to their new union, Chloe must find the strength to fight for a future with the man she holds dear.

When Marceline Vargas agrees to join her friend Chloe for an island vacation in Mexico, she's ready for fun in the sun and an escape from her hectic career. After crossing paths with the resort's owner, she soon discovers the billionaire dragon shifter is a charismatic enigma -- sexist but kind-hearted, intimidating yet generous. Can his chauvinistic patterns be tamed? Marcy intends to find out.

Gladys Roldan says

Love Dragons

I enjoy reading this book. The story was well written. I would love to meet a handsome Dragon after reading this book. Can't wait to read the second book, so I can continue reading about the Latina Marcey with her new husband Teo.

Marina Channel says

Not bad for a first time

Fist time reading this kind of books. At first was very "detailed", and then the mood changes totally, it even looked like a whole different book. However it was entertaining in some parts. Not sure if I will be reading something like this again.

April ♥ "LOS" ♥ says

Fantastic Series

I love everything about dragon shifters and Vivienne Savage does a wonderful job creating imaginative characters. After meeting Saul and Chloe in the first book I was happy to see them throughout the series. This is an excellent series for PNR fans.

Jackie Fire and Ice Book Reviews (blog) says

I love PNR and dragons, and Vivienne Savage gave me one kickass story. From the characters to the plot and storyline, I loved it all. PNR fans will love this spicy collection!

Candace says

This book is written as four novellas. Two novellas are about Chloe and Saul. Two are about Marcy and Teo. Saul and Teo are dragon shifters while Chloe and Marcy are human. Both sets of novellas are love stories with HEA endings. The stories have simple plots and strong characterization. This book contains profanity

and explicit sex.

Chelon says

Got boring really quickly. Typical over the top stuff. The sex was mind blowing for her but I found it boring. I didn't bother finishing.

Kimberley says

I loved Chloe and Saul and watching her deal with learning to love her dragon and the issues that arise. Then To see Marcy and Teo struggle with there mating and Teo struggle with Marcy being independent he needed to learn how to deal with woman. Vivienne Savage was able to keep me on the edge of my seat I loved how she showed the diversity of each character and gave both couples not only there own story but each persons own aspects of the story as they saw it. I can't wait to read her next book

Krystina says

Holy Smokes!

Holy smokes, this was great writing, awesome plot and great set. Two books in the set with one about Chloe and the other about her best friend, Marcy. Perfect amount of smut, romance, and action/conflicts. Going to go find the next in the series now!

Jen says

I decided to try a shape-shifter paranormal romance, because it's not my usual type of book to read. This was a Kindle freebie and I maybe should have chosen a better representation of the genre, because while it started off good, it swiftly deteriorated into something I didn't want to pick up past the 23% mark.

The plot was ludicrous, the dialogue stilted, badly in need of continuity editing and a non-safe sex scene that really REALLY needs to be re-written. No BFF I know would be upset with their BFF if they passed up sex with a hot stranger they just met about five minutes ago, because no condom. If they were a true friend, they would be upset if their friend DID have unprotected sex with said stranger.

So yeah, REALLY bad scene that took away from any smexyness the scene could have evoked.

Two, I didn't hate it, but don't want to pick it up again, stars. Any suggestions for better written paranormal romance? I'm trying to stretch my comfort level, but have no clue where to start. So while this book didn't do it for me, that could be in part due to it not being my fav genre. Your mileage may vary.

Rene' Hurt says

Enchanted

It was a very good book. If you are looking for a good Dragon book this is it. It is funny sexy and a delightful read. I hope to read more of Saul Chloe Teo and Marcy.

The Book Junkie Reads . . . says

I enjoyed this series it was fun, full of adventure and intrigue. Having all three books together just made the reads flow together and get a fuller picture of the world it was surrounded by.

Debra Johnson says

Loved by the Dragon Collection (Dawn of the Dragons, #1) by Vivienne Savage is a Paranormal Adult Romance Sort of.

It started out good then fell flat on its face. There is an enormous amount of editing errors, typo's and just flat out bad writing. The characters are hard to like. The first 2 stories are about Saul, the dragon and Chloe, the human female. The third story is about Chloe's best friend, Marcy and Saul's dragon friend, Teo.

Both Saul and Teo are made to look like 400 plus year old virginal idiots. Chloe and Marcy are crude and juvenile. Ms. Savages's endeavor to make her leading females look dominate had the opposite effect.

There is very little real romance and the sex borders on boring. The most ridiculous things are said and done in all three of these stories. The end result is the stories are asinine.

Davinia says

I was expecting a romance and got a erotica. There is little love(ed by the dragon) just a lot of fucking :S So that is mostly the reason for the rating. Other reasons:

- sex on the first meeting
- sex without a condom, on the excuse "my best friend will kill me if I don't" ?????????? who the fuck cares! you are risking your very LIFE (hello aids!) because of the opinion of your friend. What kind of reason is that. I realize the "no-condom-thing" this is a recurring theme with a lot of sexy books but most of the time it's because of things like disease-transferance not being possible between species or pregnancy not being possible or just not 'at that time'. While certainly they are convenient reasons, those are better reasons than the opinion of a friend.
- "snatch" and "hole" and "crevasse" as words of the female anatomy? how very romantic and sexy :S
- Too shallow a tale, and I really disliked the heroine.

also... another feathered dragon *sigh*

Ashley Martinez (ilovebooksandstuffblog) says

Loved by the Dragon

A wonderful introduction to a new fantasy series. The story follows two best friends who manage to capture the hearts of two powerful creatures hiding in plain sight.

I enjoyed the adventure and flow of the story. It was sexy, sassy, independent and fun.

I always enjoy reading about dragon shifters. They're loyal, fierce and sexy.

This is not one to miss to all the dragon shifter lovers out there.

N.N. Light says

I love dragon shifter romances and I was so taken in by the premise and the cover. The story itself was cute but totally cliché. It was like all the bad romance lines came together in this dragon erotic romance.

Disappointing and actually didn't finish it. If you're looking for a funny fluff romance, this is it!

My Rating: 3.5
