Sin's Bastards: Spawn & Spitfire Volume Two, Part Two K.J. Dahlen

The second installment of the Sin's Bastards MC Duet...

They will bring you to your knees...whether you want them to or not.

Everything is finally going good with the Sin's Bastards MC when out of the blue, Deke and Cassie's children are kidnapped. Cassie thinks it's someone from her past and the pain of losing her babies just about kills her. Deke has no idea it's someone from his past who has taken them but he vows to bring his children home. The whole MC and everyone at Redemption House is ready to bring the fury of hell down on earth to get the babies back.

When a young woman named Cricket, from Deke and Sam's past brings his daughter back but not his son, Deke knows who has taken his children, and he needs the girl's help to save his little boy. Can Deke and Cassie get their son back, alive?

Volume Three Part Two Includes Hell's Fury, Lie & Liars, and Stone Cold

Note: All Volumes in the Satan Spawn MC series are standalone, full length super sexy, raw MC romance novels. They can be read in any order and do NOT contain cliffhangers. It includes lots of steamy scenes, biker slang, cursing, some violence, dark themes and elements about a fictional outlaw motorcycle club. HEA guaranteed.

Volume 3

Another great set of books featuring Satan Spawn mc as trouble from the past comes to town and the future is seen in the next generation

Marilyn says

Amazing series that has left me wanting more from this previously unknown author to me.

I am completely blown away by the different situations that happened in this book. And even more anxious wondering about what will come next.. K. J. Dahlen your imagination is amazing, I'm glad that I discovered your work.

Jeri L. Moseley says

Great read.

I'm in love with this series. I read the first volume and immediately went to the Kindle Store and purchased the entire set. While there are some grammatical errors they don't detract from the story. While available in Kindle Unlimited everyone should check them out and fall in love with good hearted alpha bikers and the women they love.

LaGina says

Each book is reviewed under its own title.

I love these books kim is a new author to me and she's captured me hook line and sinker what was I doing missing out on her books she has a way of bringing the story to life while being believable and strong I so so can't wait for the next part in this series I hope there is a next one I can't believe that the priest would just walk away from sawyer I want to know what happens I'm awaiting my next fix

Barbara Harvey says

This is the third instalment in this series and it begins by taking you back 17yrs when Deke Tory is about to leave his father's MC Club to travel to Troy New York and strike out on his own. You get to know some of the people from Deke's past. The story jumps back to the present and takes you to where the last book ended. Hell's Fury.

It is one of the people from Deke's past that come back into his life and turns his world upside down. Deke and Cassie are once again thrust into a life and death situation through no fault of their own making. Izzy is still trying to figure her relationship with her father and trying to decide if herself marriage to Mountain will be before their baby is born or after. Rainer finds himself protecting a woman while developing feelings for her and knowing that there are secrets she is keeping.

Lies and Liars

In this book you are introduced to a man named Bane Jessin who is a man no one really wants anything to do with, he is searching for Cricket the woman that Raine has sworn to protect. Once again secrets have a way of being revealed. Between Cricket's secrets that she has kept locked away for years and Izzy's situation with her father the club finds danger at their doorstep again. Calico is also introduced in this book after finding out he has a daughter who is in trouble and found in Mountains workshop. With secrets revealed and trusts betrayed this is another explosive story.

Stone Cold

After everything that happened in Lies and Liars the club settles down and gets into a routine there are new babies and happiness all around. Then Bane returns to the clubhouse with his son Micheal in tow saying he wants Cricket and Micheal to get to know each other. Cricket is faced with her past once again and doesn't like it one bit. Calico finds out more secrets have been kept from him that will change his life forever and that of his daughter also. It will also put his family in the line of fire from a dangerous man.

Once again you delve into K.J. Dahlen's world and find yourself immersed in the lives of the Sin's Bastard, and taken on a journey that will leave you holding your breath and sitting on the edge of your seats. You will be dying to know how this ends and who will be left standing at the end.

These books need to be read in order as they are all connected but if you haven't read the first two books I urge you to because you will not be disappointed. If you have read the first two this is a must read

Doris says

This is an MC read with not only sexy bad*ss bikers but a touch as hell woman who has one warning "Don't Touch Me". That is a fair motto for the life this woman has lived through since the age of three. As tough as it was she was the girl who tried to protect all the other children being held in this foster care home with a special lifelong protection of her best friend, Peaches. Nothing was better than when Cassie took out three bikers. As president of the Satan's Spawn MC, Deke was amazed at the tenacity of this little spitfire and needed to learn more about her.

This story will break your heart and give you twists and turns that will have your head reeling. I loved Zeke and Cassie's story and cannot wait to read more on this sensational couple.

A first time reader of Ms. K.J. Dahlen.

The stories that K.J. wrote about in this series of books are intercut and intriguing. She pulls you into there lives. You cry and cheer. You hate and yet you want redemption. The men and the women you will fall in love with. I truly hope there is more to come!!

Pat says

This series absolutely had me glued to my kindle from the very first word, to the characters that were so well fleshed out that I had a very hard time putting this book down! K.J. Dahlen has a way with her writing that made me feel like I was observing the characters from across the room which made me lose track of all time as each page was turned! If you love the MC genre like I do, then I highly recommend reading this series!

CoensK Review says

Oh good gracious!!! I am so beyond in love with this series!! Every single bit of it has kept me on the edge of my seat! I am absolutely pulled right into it, and after thinking nothing more could possibly happen to Deke and Cassie, I couldn't have been more wrong! No mater where you go the past will always find you it seems. The way that several story lines seem to flow and mesh into this series has me in awe of K.J. Dahlen. I can't wait for the next thing to come from this amazing author!

Lisa says

Fantastic series. Well written and exciting action

The series centers around an MC and each character's life as they get involved and meet their life partners. There ate several storylines occurring at the same time yet the writing is fluid and there are no inconsequential characters. The romance is sweet and the action keeps you guessing! One of the best MC series I have ever read.

Jamie Ellis says

Twists, twists and well more twists....

This series is awesome. I have devoured it. I know more has to come because I have a lot of unanswered questions.

This author definitely leaves this reader in awe and confusion lol!! So many characters, kidnapping, twists and dangit awesome storyline. And I WANT MORE!!

So if you like MC sexy alpha bikers, mobsters oh wait let's call it McMafia woohoo then this is an author and series you will want to read. Seriously so many twists and revelations you can't wait to bump the corner of your kindle to find out more. I as a reader am definitely intrigued and in love with this series. The females are strong, fiercely protective in their own right I love it!!

Highly recommend this McMafia book series.

Thanks Jamie Nibarger Ellis

It was kind of all over the place, several plots and it looks like it was 3 books in one, a little predictable but I did like the story (stories?).

Honey Sweets says

Great Read, HORRIBLE editing

These books are really good to read! There is a hook to grasp you in, and once your in, you don't want to stop.

To who ever edited these books from this author, needs a new job. There were so many grammar errors, punctuation errors, and constantly repeats. Also, when one thing was mentioned, it was completely different in another chapter. Also the timeline was just bad. I honestly can't describe the timeline in these books. Skipping way ahead of time, or mentioned something in the past as if it was 15 years ago, but says it happened a few days ago. Not too sure if that makes any sense. I'm not trying to bash the writer. I absolutely enjoyed these books. But to be an author, one needs to make sure the timeline is correct and that means to keep going over and over until you no it's correct. Also the repeats of the same thing was annoying. The authors editor seems like he/she got paid to do nothing.

I do recommend these books, but for me it was just too many errors. Some can stand it an others like myself can't get over it.

So Much More

This spellbinding cloak and dagger book keeps you engrossed in the storyline from start to finish. This book focuses on different characters each with their own story that all interconnect, that is done well and enhances the story. The sequence of the book is full of Intrigue, a romance with a little darkness, love stories, a steamy sensuality and elements of surprise riddled with secrets. Good vs evil with heroes and heroines gives this book and series variety that piques and holds your attention. Unanswered questions, mysterious people... I hope to see the continuation of this series with new adventures.
