From Reader Review Alphas of Seduction for online ebook

Fran Zoch, LSoR says

All I can say about this is if you read this and don't need a smoke , shower and rest then you did not read the same stories I have, I mean come on Jenna Jacob, whom I have read and thought wonder if she tries this stuff before she writes it, and Avery Flinn, Victoria Blue , these two I had not read before but will be changing that real soon. M. Clarke , Sierra Simone like I said I am shocked my kindle did not catch fire for how hot these stories are.

The Anthology- Alphas of Seduction was put together for a fantastic cause and all of the authors involved deserve a big round of applause for being a part of this wonderful project.

Alphas of Seduction - is an anthology filled full of short stories written by authors Victoria Blue, M. Clark, Avery Flynn, Anissa Garcia, Jenna Jacob, Isabelle LaPearl, Micky Miller, Lauren Rowe, K.M. Scott, and Sierra Simone.

My super favorites from this Anthology are ::Little Tease ~ Avery Flynn,The Secret Note ~ Lauren Rowe, Seducing Sophia ~ Jenna Jacob, Hard as Stone ~ K.M. Scott, Lost Seduction~ Anissa Garcia, and Red & White ~ Sierra Simone. These stories are short, steamy and full of romance. I loved the chemistry the main characters had in each story; in fact, the stories had great plot, good pace and witty banter in all stories. All books in this Anthology are awesome so dont forget to read Thread Bare ~ Victoria Blue, Always and Forever ~ M. Clarke,

Just a little Mischief by Isabella LaPearl, and Picked Up by Mickey Miller. This was a phenomenal read and i hope to see some of these short stories extended to full stories.

My rating: 4.7 stars \*\*\*\*\* (for all in Anthology)

### Heather says

Overall, I give this set 4 stars. Some stories were AWESOME, some were ok. It is a great anthology

---

however, for a great cause and for that alone I would purchase

Thread Bare ~ Victoria Blue: My first thought when reading this story was meh not really feeling it. This story did not hold my attention at all. It did have a good start and I would have loved more.

Always and Forever ~ M. Clarke: Hmmm a female Alpha. Crystal must have Max and goes full force after him. Hooked from the beginning of this steamy story.

Little Tease ~ Avery Flynn: Short but oh so hot. Love the best friend's little sis turn lover. So far, my favorite.

Lost Seduction~ Anissa Garcia: Holy hell hot. Woman expects escort but that is sooooo not what she gets. I think my kindle caught on fire.

Seducing Sophia ~ Jenna Jacob: Oh I love when a rocker falls and Burk fell HARD. A manwhore only because he is trying to get the one he really wants out of his system. Short, sexy & very heated. I want MORE.

Just a Little Mischief ~ Isabella LaPearl: Yowzers! Tease! I want more! Short and hot as h\*\*\*. Georgia is looking to lose her virginity and hot, mysterious Brian in a bar is the one to do it. One night of amazing sex, then she disappears. WHAT???? More... please give me more.

Picked Up ~ Mickey Miller: Short and ummmm sweet? NOT. Hot but with a twist that was kind of expected. One night stand... maybe?? Maybe not.

The Secret Note ~ Lauren Rowe: Ok, this is now my favorite. I loved Ben and his Aussie hotness. Shy and what? How is he still a virgin? Kayler, who is a wildfire decides to go after Ben. Fast forward 7 years and they pick up right where they left off, only now Ben is more experienced and is determined to have Kayler in his life forever.

Hard as Stone ~ K.M. Scott: An interesting short. I see this one developing into more. It was just too short and left me hanging. Playboy Ethan meets nice girl Summer, results in an explosion.

Red & White ~ Sierra Simone: Yowzers hot! MFF and oh what a very very naughty combo it ended up being.

I voluntarily reviewed an advanced copy of this book.

Not only was this Anthology done for a great cause, but OMG it was steaming.

Each Author really brought their A game for this. Victoria Blue kicked this Anthology off with Threadbare and let me tell you... You NEED to read this story, as well as, the book as a whole. Each story is unique and complete. It is packed with talent and stories that will leave you wanting more.

I was captivated from beginning to end.

I also highly recommend this if you are new to these Author's. Not only are you getting incredible stories, but you get a sample of their work and style. Trust me you will want to read MORE of their work.

DO NOT MISS OUT ON THIS! I promise you will be having some serious hot flashes with some panty melting moments!

I loved this anthology! One of my favorite authors wrote a story for it so of course I had to read it. I also have discovered several other new authors in the process. Each story is very different from each other & I love that. There is a little bit of everything in the collection. I am so glad that I have read it & had to order a paperback copy of it for my book collection.

This Anthology has been put together for a wonderful cause and all of these authors need a huge round of applause for offering their time to this project.

Overall, Alphas of Seduction is a great little Anthology that gives us heat, sexiness, raw sensuality and emotion.

These stories are best suited to be read when you are wanting a bit of spice to heat your veins.

Pour a glass of wine or a couple fingers of scotch, get comfortable, and settle in for some lusty lacivious loin whetting.

I have given this Anthology an overall rating of 3 1/2 ????

Just a little Mischief; The Secret Note; Hard as Stone and Red & White stood out amongst the crowd, however, all the stories in this collection will resonate with different readers. We all have favourites and they won't all be the same.

Below are my individual reviews....

### Threadbare by Victoria Blue

Daniel & Jane go through quite an emotional & traumatic journey to reach their HEA.

It takes a devastating event for Jane to eventually realise that maybe she can accept the love of the man she has always wanted.

A great little feelgood story.

3 ???

### Always & Forever by M Clarke

A hot CEO & a gorgeous employee...wo doesn't love a workplace tryst?

Plenty of hotness to be experienced here.

3 ???

### Little Tease by Avery Flynn

The old 'boyfriend gets caught with his pants down' storyline that drives Cyn into the arms of her brother's best friend Hunter. The spoilt rich princess seduces the guy that's been off limits to her...and oh what a seduction!

3 ???

### Lost Seduction by Anissa Garcia

A mistaken identity when she opens the door of the suite she is shairing with her friend, leads Emerie on a somewhat humourous and steamy journey that ends in her not only giving up her virginity...but also her heart.

3 1/2 ????

#### Seducing Sophia by Jenna Jacob

A bad boy rocker and his assistant get it on hard when they decide they just can't keep their hands off each other. Go hard or go home is the theme with this one.

3 ???

#### Just a little Mischief by Isabella LaPearl

Georgia loves her job, her sisters & her motorcycle. However, the one thing she doesn't love is that she is the only one of her sisters that is still a virgin & being the eldest of the three that still holds that pesky v-card does not sit well with her.

This story just didn't go long enough...would love to have had a little more of this couple...I think I would really like Georgia.

The only thing I didn't love about this story was the hero's name...please DO NOT name a hero Brian!!!! lol ?

3 1/2 ????

#### Picked Up by Mickey Miller

A thrilling tryst with a guy she meets in a bar maybe just what is needed for Dagney to get over her ex.....Is Sam who he really says he is? This tale is full of mystery & steam.

Sexy, smutty & oh so delicious, pull up a pozzy and get yourself ready to experience some aussie flavoured lovin...oohhhh it's a ripper!

4 1/2 ????

#### Hard as Stone by KM Scott

After a successful photoshoot, Ethan hatches a plan to deceive his family on the true state of his relationship status and Summer, who just so happens to be the editor's assistant for the magazine who hired Ethan, is gonna be the woman to help him out.

As Ethan & Summer embark on this ruse to deceive Ethan's family, their fiery and explosive chemistry will set alight a fire they do not want to extinguish.

3 1/2 ????

#### Red & White by Sierra Simone

Well this was a quick dirty hot read!

Scarlett, Snow & Liam make up one spicy triangle that is deliciously sinful.

Leaving one of the best til last is a great way to end this Anthology.

I bought this book to read Red and White by Sierra Simone.

I want to say so much but with this story being so short I don't want to give anything away. I read Red and White at work I would suggest that you don't do that because it is so erotic I almost overheated. Loved these characters. Loved this story!

Alphas of Seduction is an anthology that gives short stories about some very amazing alpha men! Some of these authors I have heard of and read frequently and others were nice surprises I need to read more off! In this anthology you get stories from Victoria Blue, Shannon Hunt, M. Clarke, Avery Flynn, Anissa Garcia, Jenna Jacob, Isabella LaPearl, Mickey Miller, Lauren Rowe, K.M. Scott and Sierra Simone. Let me tell you, that is quite an amazing collection of authors!

I loved every single story in this book. Each of stories were steamy and sexy and full of men we happen to love! Men who are strong, determined, and cocky. Avery Flynn, Mickey Miller, Lauren Rowe and Sierra Simone all showed me why I love their work so much. These are authors I know and follow and devoured each of their stories.

Victoria Blue, Shannon Hunt, M. Clarke, Anissa Garcia, Jenna Jacob, Isabella LaPearl, and K.M. Steamy delightful Anthology

Alphas of Seduction is a delightful steamy collection of short stories by various authors. I know and love a few of the authors, however I got to read stories by new authors to me and I found some new books to add to my TBR list. While I enjoyed every story, I especially loved Victoria Blue's story, Threadbare which I want to have more of. The writing is beautifully complex and the story piqued my interest. I want to read more about Jane and Daniel. The next story that I adored was The Secret Note by Lauren Rowe. Holy hot campfire campers!!!! This story melts everything. I love the way that Lauren writes and her character development is fantastic. I appreciated having the entire story with an epilogue. There is so much hotness, steamy, and delicious love in this Anthology. Besides all the yummy stories, this book was written for such a great cause- Proceeds from the sale of this book will go to 4 Paws for Ability. So there is a fantabulous book to read while helping this Agency. A total win for all the readers. Read this fantabulous book!!!

Enticing Read

Alphas of Seduction is a wonderful compilation of hot and sexy stories of Alpha males who find themselves confronted with their insecurities. They are challenged on what they fear most, commitment to another. I am familiar with most of the authors in this collection, but was also delighted to learn of new authors I was not aware of.

These stories will have you experiencing many emotions. The best thing about this body of work, is that it was created with caring and love for an inspiring and meaningful cause.

### **Sarah Kirk says**

This collection was fantastic! Lauren Rowe and Sierra Simone's stories were serious stand outs. Rowe's story is The perfect combination of sweet/heart-warming and hot/panty melting. Someone's story is sure to set your lady parts on fire. Holy hotness Batman. The whole collection is hot and each quick read is sure to leave you wanting more. I got introduced to some new authors that I will definitely be trying more books from in the future. Worth every penny you will spend on this one, plus it benefits a great cause.

just want to start by saying as soon as I heard about this anthology I knew I had to read it and I'm super glad I did. Not only is there some of my favourite authors in it but there's new authors I haven't read that now have me intrigued and I can't wait to search through their books and have a read!

So, I'm reviewing each story as I read it or else I'll forget all the words.

### **ARC Received in exchange for an honest review**

#### **Threadbare - Victoria Blue**

I'm a huge lover of second chance romance's and Threadbare was spot on. The story is heartbreaking. Janvier and Daniele have both had it hard in life and it's sad to see. I must admit I didn't like how pushy Daniel was, the girl was hurting give her a damn break but also Janvier, I hated that she kept pushing away and didn't talk it over but otherwise everything was spot on. I loved this.

#### **Always and Forever - M. Clarke**

Ah a fun, short, sexy read. An office romance is always a fun story to read and not only was this one fun but super freaking hot. Someone throw a bucket of ice water over me already. M. Clarke did fantastic with this story.

#### **Little Tease - Avery Flynn**

A forbidden romance, a sexy forbidden romance. I do love a best friends sister kinda romance. This story was sweet, sad and very sexy. I loved Hunter and Cyn, they're amazing characters, Avery did good with these two.

#### **Lost Seduction - Anissa Garcia**

Oh my gosh, Lost Seduction was a fun one. Heartbreak, sadness and a night that takes a turn for the better. I loved how this storyline went, I loved that Sebastian was the one that turned up and I loved where they went from that night. Would love to read more about these two.

#### **Seducing Sophia - Jenna Jacobs**

Ohhhh a rockstar romance. These kinda stories are some of the best. Their lifestyle and schedules make being in love with a rockstar hard but not this one. This one was different and I loved it. A BDSM club, a rockstar and a night of sexiness, yes count me in.

#### **Just a little Mischief - Isabella Lapearl**

Oh sweet Jesus that one was freaking steamy! I love me some biker/marine guy. A one night stand with a handsome as heck stranger, fuck yes. Isabella got the spot with this beauty! I want **MORE**.

#### **Picked Up - Mickey Miller**

Gah! A sexy one night stand between two strangers that slowly unravels into something different, heck yes! I absolutely **LOVED** this storyline and it's fantastic characters, would love to read more from these two.

**The Secret Note - Lauren Rowe**

Oh my god, once again Lauren slays my mind with one of her books. Even a short story has blown me away, this woman's talent never fails to amaze me. Ben and Kaylee's story was so freaking perfect omg.

**Hard as Stone - K.M. Scott**

Oh. My. God. **I NEED MORE**, like **NOW!** Where do I get more? Jesus. Summer and Ethan's story is intriguing, I would love to know how that's gonna play out. Seriously amazing writing from this author.

**Red and White - Sierra Simone**

Holy **SHIT**. That was wayyy more than I expected and super fucking hot, I need a cold damn shower right fucking now. That was a super freaking hot threesome and I'm obsessed, I want more of this one, like yesterday. Oh my god.

Each of these stories have been incredible, they're all so different and dirty and exactly what I need to read. Now I think it's time for a cold shower after all of that. Kudos to all 10 authors for the tremendous time and effort they've all put into their stories. I would absolutely love to read more from each of their characters.

**Kristi Metcalf says**

I voluntarily reviewed an Advance Reader's Copy of this book

Do you wanna read some hot stories with the money going to a great charity ? If so, buckle up baby because it going a be a bumpy ride, they are Alphas after all.

Now, these are all pretty short novellas, but they do pack a punch. While some of these author are some of my favorites, some were brand spanking new to me and maybe they have a new fan.

Theardbare by Victoria Blue

Who doesn't loves second chance romances; I mean come on you get reunited with your one true love, it's awesome.

Jane is back at her childhood home for her father's funeral. Her parents were her foster parents and decided to adopt her. Her mother was controlling and overbearing and she marred her perfect husband just to get away from her and because he was just the type of man her mother approved of.

Daniel was a boy that her parents fostered, they fell in love and her parents ruined that and made him leave. This was a lovely second chance story. I wanted to smack Jane upside her head and say "Get with the program!" Luckily she has some awesome friends in her corner.

Always and Forever by M. Clarke

Maxwell Knight has taken over the CEO position at his father's company Knight Fashion. Crystal is a new hire in customer relations at the company. On Max's first day they literally run into each other in the hall. Let me just say where this story started was NOT where I thought it was going to end. I love when you think you. Know what's going to happen and the author totally flips the script on you.

Little Tease by Avery Flynn

Cyn had been in love with her brother's best friend for years and she's only been going through the motions in her relationships because she knew she was never gonna get him. Hunter was everything she wasn't, smart, successful, and uptight.

Cyn is by no means dumb, she just lives down to everyone's expectations of her. Hunter knows that Cyn is off limits, not only is she is best friend's little sister the girl is a hot mess.

One midnight boat ride and a storm changes everything for the pair.

I always love little sister/brother's bff romances, they are so much fun!! The danger of what will happen when the brother finds out, how long can feelings be fought???!!!! Sometimes hot messes are the best kind of messes and being uptight is nearly as bad as you think.

Lost Seduction by Anissa Garcia

What's a woman to do when her boyfriend leaves her because she hasn't given up her V-card yet? Why hire someone to take it and be drunk when said person arrives!!! Lol

Emerie is helping is friend Lily at a HR retreat and the man she invited into her hotel room to get her card punch, that she thought she hired, she finds out is her bestie's boss and not a hired professional.

Sebastian is taken with Emerie and has been since he saw a picture of her in Lily's office. This was such a funny a cute little story. Emerie and Sebastian, after all the funny and v-card nonsense are very much two people who belong together.

Seducing Sophia by Jenna Jacob

Ok, this was one story I was sooooo looking forward to just because Jacob is one of my favorite Authors and has one of my alt time favorite series so reading her was like welcoming a old friend.

In this novella Jacob introduces to a whole new group of characters by way of a pit stop at my favorite place Club Genesis.

Licks of Leather is a chart topping rock group and Sophia is their assistant on this tour. Burk Jennings is the lead singer of the man and a total man whore. Sophia knows if he ever turned his powers of Seduction on her she would have a heck of a time turning him down, but she's not a blonde or skinny so she's not his type.

Man oh man!!!!!!! New friends, old friends, people trying to keep their true desires hidden Jacob brings it all in this little novella. Oh, OH, OH, and she's introduced us to her new series!!!!!! It's a tasty little amuse bouche and I can't wait for a full meal of these rockers.

Just a Little Mischief by Isabella LaPearl

Brian is a hard man, a professional soldier that has returned to a home that never really cared about him because he was the second son. He's a man so hard he doesn't do softness or relationships that he doesn't pay for.

Georgia is the oldest of triplets, she's the responsible one, the less adventurous of the three.

I really hope that we get more of Georgia and Brian down the road!! Talk about your cliff hangers, man meets girl in a bar, girl gives him someone else's name, she sneaks out on him after a night of hotness including giving up her V-card, then sneaks out on him while he's asleep!!!!

This was awesome!!!!

Picked Up by Mickey Miller

Dagny is having a rough week( it's only Tuesday) and decides she need a drink so she heads to a bar since she doesn't have to race home to her daughter.

While she's there she meets Sam, a handsome man in a suit that looks like he'd be trouble. They start talking and telling each other about their ex's.

Everyone needs a little human kindness and if that kindness comes in a hot suited up package even better.

They decide to spend one night together since he will be going back home tomorrow and she has to get back to her daughter.

Another tricky ending story!!! I loved it!! I definitely will be picking more up from this author.

The Secret Note by Lauren Rowe

Let's face it crossing a Hemsworth off my to be done list is never gonna happen however, I can live

vicariously through our next heroine Kaylee.

Kaylee is out camping with her college age brother and his school friends, one who is a student from Australia, giving him a secret note she invites Ben into her tent for the night.

Kaylee is the Alpha in this story, not only is she secretly inviting a dude into her tent; he's Australian, younger than her, and a virgin!!!

Poor boy gets his mind BLOWN!!!!

7 Yrs later Kaylee gets her mind blown when Ben calls her up and wants to see her!!!

OMG!! This story could totally be a movie and if Chris Hemsworth was in it I'd pay to go see it!!

Hard As Stone by K.M. Scott

Ethan Stone is the only son of worldwide hotel owner Tristen Stone and artist Nina Stone. Although he doesn't work for his father's company he is expected to fall in line and find a "normal" girl to settle down with instead of bed hopping with the models he photographs.

Summer works for Belle Magazine and is "normal" in every sense of the word. When Ethan meets Summer on a photo shoot he knows he's found the girl to get his family off his back for a while.

Why is it that men who think they can use a girl to trick his family never realize that it always backfires on them and they end up falling for said girl. Men really can be silly when it comes to matters of the heart.

Red and White by Sierra Simone

OMG!!! This one is hot from the get go!!! Two lovely ladies, Scarlett and Snow, get away for Winter Break. They two have been slowly coming together through out the semester and now is time for something to happen.

When a big bear looking man comes booming and passing out on them in their cabin, in the middle of a snow storm what can the girls do but help him out.

Liam is the bearded brooding man of every girl's dream and when he wake up to find himself in a cabin with not one, but two visions of loveliness he can't believe he's not dreaming.

Talk about your hot stories, this one might very well be the hottest of the Anthology. I mean you can't help but be hot with a threesome!! Think I found another new author, lol!!!
