## Coming Out of Her Shell Gillian Colbert

When Susan Mallory decided to take up a hobby, she hadn't expected it to be a weekly, one-woman show for her sexy neighbor, Eric Tanner. When the teasing gets out of hand, however, Eric decides to take matters, or in this case, Susan, into his own hands.

### Michelle says

OMG, this book is amazing! Guys should read this book to find out what a woman wants. No joke. The sex is hot and steamy, no doubt. But it is the end of the book that make me love it so much. The male character, Eric, is a man. He lets Susan choose to continue with what they are doing. She does have the opportunity to stop it at any time. Yet it's Eric's slightly forceful manliness that is what women want. No, "I don't know Honey, whatever you want to do is fine with me," crap. Eric does have slight self consciousness, but he is still masterful over Susan but not in extreme measures. Eric hides his doubt in his manliness, telling Susan what to do. She enjoys every bit of it. Why? Because women want a man who acts like a man! Not every woman will want the sex that Eric and Susan does, but they want a man like him. Eric hate the fact that Susan is insecure because of what others have told her. Another thing I like is that even though Eric was just "controlling" Susan, at the end of the story, Susan is not shy about touching and talking to Eric. They both knew when the role-playing was done and were just enjoying each other. I know it's just a book and the characters are not real, but that is my idea of healthy relationship. Give and take and knowing when the role-playing is done.

I don't give 5 stars freely, but this book, i think is well worth it. Gillian, I LOVE this book, it's awesome. I hope there will be more! ;)

#### Makes me hot

a smoking hot, sexy neighbor who wants you relentlessly.. yep makes you want it.  
I love the details, to me it is all about the detail. this is a great story filled with great escapes and really hot sex. by a man that knows what he wants and the planning that goes into getting what he wants.  
great story

#### Coming Out of Her Shell by Gillian Colbert

I was so looking forward to finding out what happened to this story. I read the first two chapters at the end of **Forbidden Fruit** and it left me hanging. I thought that was the end...NOT! What a teaser...that's okay because I immediately went out and purchased the complete though too short story. It was worth all 7 chapters.

Susan is a professional woman who works too much. She doesn't have many outside interests and her love life is non existent. . Susan's been told she was a 'cold fish' and didn't know how to have fun. She WANTS to change and maybe find a hobby or some other interest besides work so takes time off every Thursday afternoon.

It all starts when a new neighbor Eric is introduced at a block party. Eric is F.I.N.E...Fine and Susan is

already imagining all sorts of naughty things about Eric. Her first afternoon off started simple enough with a little sunbathing by her pool. A bit of fantasy and a little 'O' later and she realizes that she had a watcher. Oh how Eric watched!!!

Eric... "was not a man who generally went without sex. That's not to say he was a man-slut, he was definitely picky, but Susan's little show crept into his head..." Eric liked to dominate and he wanted Susan to submit. No more teasing. It was time to put up or out in this case. LOL!

What a wonderful story. I'm waiting for Ms. Colbert to write a full length novel with the wit and creativity that she exhibited in this story.

A point to ponder about physical books and e-readers... "He was obviously an avid reader. Susan wondered what types of books he read, but she figured that would have to wait. His note hadn't said to wonder around his house and try to get a read on his psyche from his book titles." I agree that you can tell a bit about a person by what they read and I do so love a full bookshelf. You can brows through a persons library and it not be considered impolite. But what can you tell about a person and their reading material if all they have is an e-reader....HMMMM.

### **Under The Cover says**

That was a nice, short read that I enjoyed very much. Gillian Colbert has a way with characters and I love what she makes of them and of the story.

In this one, we have two nice characters. One is a bit stuck in her own ways and the other a bit of a control freak but they just click.

The sex is very hot, with a bit of exhibitionism and light BDSM and as always, the male character is a dirty talker!

---

### **Kia says**

Its an erotic book that clocks in around 150 pages. Good enough story that goes between her telling it and him. I liked that because you got to see how he felt as well.

---

### **Kim Chappell says**

smoking hot short read!!

---

### **Theresa says**

Sign me up! lol I need an Eric. While I'm not as repressed as the main female, Some days I'm close.

---

## Yelania Nightwalker says

Es un relato corto, la verdad es que la autora ha hecho un trabajo increíble. No se trata de sólo sexo por sexo, y de hecho, BDSM, sino que ha buscado la manera de que los personajes sean reales, sean intensos y que te encanten por su profundidad. Eric, sobre todo, me sorprendió gratamente.

## Brenda says

Susan Mallory is living in a new house and she has sights in a very gorgeous neighbor who is apparently very demanding. She start to make some sessions for him - she was never like this yet she can't help it. Afraid that he will reject her she make a last session of nudity and bye bye...

.....bye?! Eric can believe that she toy with him this all time and left him hard and sex-angry. He likes dom/sub relationship and goes after. And wow their face-face is damn hot. they can't help it. Eric was so rough. After his invitation to his house to finally fulling his taste. they had a hot-panting-melting-monkey-crazy sex. wowwwwwwwww. For just barely 40 pgs the author give us a good sex scene.

Of course they will be together yet they have a lot catch up.

## Raven DeLajour says

Another hot quick read by Gillian Colbert. I had to get this one after I was teased by the sample included in Forbidden Fruit. I'm happy to say I wasn't disappointed at all. The interaction between Susan and Eric was so real and sexy from the beginning. I really liked how Susan slowly shed her repressed personality and trusted Eric. Very sexy.

---

## Anime says

I really liked this book it was a great short story. The writing again was great very smooth and easy to read with great flow. I really enjoyed the push and pull of the characters. I really wonder what a full length novel would be from this author.

♥☆•◌~\*~\*◌☆♥TNT!♥☆•◌~\*~\*◌☆♥

Wow! This short erotic is smokin!

Susan Mallory lives out a blistering hot sexual fantasy with her UNknown neighbor, Eric Tanner.

What starts out as a private moment of self pleasure quickly turns into peep show and an all-to-willing Susan

---

to keep the show rolling.

I loved the game between the two and how the CAT catches the MOUSE with a trail of naughtylicious notes!

I found this on B & N as a partial freebee and read what was available. I had to find out where Gillian was taking her MC so I purchased the short on Smashwords. All I can say is what a super hot erotic short!

Recommended for the erotically deprived! Loved it.
