## Ghost in the Ashes Jonathan Moeller

Caina Amalas is a Ghost nightfighter, one of the elite agents of the Emperor of Nighmar, and she has defeated both corrupt lords and mighty sorcerers. As the Padishah of Istarinmul prepares to make peace with the Emperor, the Ghosts must keep the Padishah's ambassador safe from assassins. But when an escaped slave begs for Caina's help, she finds dark plots stirring in the shadows. Plots that threaten to devour the Empire and unleash terrible horrors.

## From Reader Review Ghost in the Ashes for online ebook

### Nancy says

okay, I've jumped way into the middle of this series. I really liked it and read the next one as well. I might go back and read from the start. What can I say, I like magic and spies and good vs. evil books.

---

### Davek says

I liked this book all the way to the end.  
The build up was good - not rushed and the characters acting fairly realistically.  
The main 3 characters are nicely written.

But the actual main plot was lacking in punch.  
It just fizzled out to me.  
Maybe it was the rather understated space elves -  
I like sci fi. I like fantasy. I've read my fair share of scifi/fantasy. This was pleasant - but not gripping.  
I kept waiting for it to take off and it never really did.

---

### Mary Catelli says

Spoilers ahead for the earlier books.

For instance, the negotiations over the end of the war. Caina and Corvalis run the capital's coffee shop to garner gossip for the Ghosts, but their task for this book is to protect the emissary. Meanwhile, they happened on foreign assassins trying to capture a pregnant foreign woman and kill her father, a former gladiator. This strikes them as, at least, a remarkable coincidence.

The tale involves smoke bombs, coffee, the phoenix and its ashes, an archer on a rooftop, the secret of becoming a Master Alchemist, and more.

---

### Rebecca says

I enjoyed this more than the previous book; I think now Caina has Corvalis as a love interest it has added an extra dimension to her character, which is a good thing as her hatred and anger were in danger of becoming dimmed by having to read about them so often. Looking forward to the next one!

---

### Denise says

Caina's ghost circle has returned to Malarae, where an ambassador from Istarinmul is expected shortly to finalize peace talks with the Emperor. Aside from keeping him safe from assassins, Caina also has another mission on her hands: an escaped slave in fear for her life and that of her unborn child needs her help, and

---

Caina will do everything in her power to protect her. Another great fast-paced read with lots of action.

---

### **Charlene Hoffman says**

#### **Fun series**

this has really been a fun series. I love the main character, her experiences should have made her a horrible person but there is still a softness about her that is touching.

My only major complaint is the amount of editing errors that I have found in all of the books. They tend to interrupt the reading flow and in some instances even the continuity of the story. I haven't checked to see if the author is self publishing or not, but if he is, I hope he sees this review and has someone else read his work before he publishes his next. Only reason I didn't give a five star review.

---

### **Tony Hisgett says**

It was nice to have a story that was slightly different from the usual megalomaniac trying to rule the world. For the most part I thought this was a really enjoyable read.

I wasn't sure about the later part of the story, with Caina journeying into the netherworld, it felt like a bit of a 'make weight' add-on. Being chased by Fish monsters in the middle of a nightmare didn't do a lot for me. I'm afraid this spoilt the book a little, plus there was also the reappearance of Jadriga and Sicarion, I really wish the author would ditch these two.

---

### **Lee says**

as much as I like the demonsouled series my favorite series is the ghost

---

### **Jack says**

The latest of the Ghost books. Don't start here, go all the way to the beginning, "Child of the Ghosts".

Caina is an orphan, badly abused by her mother in a disastrous quest for illicit magical power. She is rescued by the Emperor's Ghosts, spies and night-fighters who try to preserve the empire of Nighmar's peace and freedom. She's raised as a Ghost night-fighter. This is one of her later adventures.

---

### **Laurie Hoover says**

#### **Great series**

The Ghosts books are a good series, they keep your interest, are fast paced, and are hard to put down.

---

## **Francis Chamberland says**

### **Ghost in the Ashes (The Ghosts Book 7) Review**

Dear Jonathan, I really enjoy reading your continuing adult Ghost story. I know in a couple of more Ghost books the story will continue with the Ghost in Exile series. Your imagination and creativity is astonishing and exciting to read. I highly recommend reading this series to any adult interested in reading a great story. Thanks for the entertainment and exciting action throughout the series.
