## **The Sheikh's Defiant Girlfriend** Leslie North

Amir Botros, the younger brother of Sheikh Tariq Botros, could not be more different than his brother. He is a notorious womanizer, but he may finally have met his match.

Soraya can't believe how the arrogant and obnoxious Amir Botros could be so rude! He was always showing up to her university or the restaurant where she works uninvited. He won't leave her alone and won't take no for an answer. So why is she so attracted to a man she knows she should hate?

To Amir, Soraya is fascinating. She is beautiful, elegant and fiercely intelligent - very different from the dozens of other girls he had been with. She constantly pushes him away, rejects him in public and refuses to return his calls. There was absolutely nothing he could do to make her smile. Not once had he been able to make her feel comfortable around him. She never let her guard down around him.

But when he kisses her she melts into his arms.. he couldn't figure her out. She was his biggest challenge. He knew one thing; he was not going to give up on her.

However, when he discovers Soraya is related to one of his closest friends, he'll have to decide how far he will go to win her over..

## **From Reader Review The Sheikh's Defiant Girlfriend for online ebook**

### **Laura says**

This is a good book but I think it could have ended differently!!!!

---

### **Mary says**

Story mostly about Sara and Tariq; hardly any substance to it. Ended poorly. Very disappointing.

#### **Hotness Rating 3 out of 5**

Review to come...

### **Jeannette says**

#### **Love**

I love this author and this series. Cannot express how wonderful and good this book is. Can't wait for the next book.

---

### **Amy Griffin says**

Not a bad quick read but still the steamy scenes we're Sara and Tariq. Still love them and ok to include them but felt not enough of Amir and his girlfriend.

---

### **Yvonne says**

Is this book about Sara still? It is supposed to be about Soraya but Sara seems to be mentioned in this book since start.

### **Dena says**

#### **a web to weave**

I like how the story engulfs the brothers instead of their individual story. They are on the ride together and it makes me want to continue the series.

---

### **C.J. says**

A great addition to the Botros Brothers' story. I like the fact that each read is a continuation of the story in general and doesn't solely focus on one couple and their relationship. Love both brothers and adore Sara.

#### **The story has no flow to it**

It looks more like notes to be worked out into a story.

As I read book one and am familiar with the characters i kept on reading hoping it will mushroom up into a happy story.....when, abruptly, it ended. Just as it was moving towards a happy end, albeit in points instead of flow, it stopped. What happened?

Hope this is not one of those stories split up into a few "books" to get the reader to pay more for the one story. At least make the stories "stand alone" ones, for goodness sakes!!

### **Melissa says**

Enjoyed this story which introduces Amir's love interest, Soraya. It also continues the story with Sara and Tariq. It is stand alone but reading Botros 1 helps. Now onto 3 which continues the tales of the Botros clan.

ok. I hate leaving reviews that aren't awesome.

I loved the characters from book one however I did not like how book two was suppose to be a new couple and their characters were more of a supporting role than a main and background love story to the original couple. Also I disappointed seeing Admir more in the first book than in the 2nd as well. smh
