### Escape Part Two Sydney Holmes

USA Today Best Selling Author, Sydney Holmes, brings you a smoking hot trilogy that will keep you up all night!

ESCAPE~A Romantic Suspense Mystery in Three Parts

“Who knew romantic suspense could be this good!”

Part Two

#### SECRETS CAN DESTROY LOVE

Just when Rowan is finally feeling cherished enough to admit her feelings for Shane, she's forced to reveal one of her secrets. Now she's running scared, and he's left wondering what else she's hiding. When a couple, who seems to have secrets of their own, hire his firm to find their missing sister, all of their lives get even more complicated.

Struggling to save herself and her family from her past, Rowan faces the possibility of losing the new life she's finally built, with a man she may love. But Shane won't give up without a fight: a fight to stay in her life, uncover her secrets, and protect her.

Torn between fear and trust, will she succumb to her past and let it swallow her whole, or will she open up to Shane and let him help her?

## From Reader Review Escape Part Two for online ebook

### Melissa says

\*~\* I received an ARC in exchange for a honest review \*~\*

WOW... That was not what I was expecting to be her secret or the back story to it!!!

I love how Rowan is finally opening up to Shane. She is strong and fighting for what she wants. I love how the relationship with her and Shane are developing. I also really like the way her relationship is with Justin as well.

Shane is really good for her. I like that he knows when to give her space and when to push her. I really like how he is showing her how a real man should be and not what she has known. The way he is with her and Justin is really great. I like that him and his partners have really taken a liking to Justin to show him all of his potential.

Sydney has done an AMAZING job with keeping the pace of the story development and giving you just enough to want to know more. I have to say that I can't wait to see how this all ends.

---

### Pamela says

Shane rocks! Absolutely love him.

---

### Louise Maclean says

This is the second book I have read by this author. I thought book one Escape was a roller coaster, book two Escape Two is even more of a ride that brings a shock wave. This book was more intense than book one if that is possible. The story and writing just hits your heart with full force that you just fall totally in love with Shane and Rowan. As I told the author you find your self shouting to the characters, but they don't listen well to you. Thank you Sydney Holmes for another amazing book I am looking forward to reading Escape three.

---

### Jennifer says

Great second part of the story. But it took to long to tell us who Jolly, Jewel, and Colt were. And then a HUGE cliffhanger....aaarrghhh. Where's the 3rd part?

---

### BooksandBeyondFiftyShades says

\* \* \* \* \* 5 Stars

Shane had learned a big secret from Rowan, Justin was her son. Giving her some much needed space, to her

---

thoughts in order Shane leaves her alone, but he can't stop thinking about her and he decides it's time to let her know how he feels about her.

Rowan knows it's a matter of time she and Justin have to run again, just as she was loving this new life she had going on, especially since Shane was in it. But she knows better than get used to one place and let her guard down.

A new threat forces Rowan to come clean with Shane and she tells him her horrific past, now not only has she has to think about her and Justin's safety she has to think about Shane, the only man she has ever loved.

Can Shane help Rowan and Justin have their peace they deserve or Will she run away from the man she loves?

Holy Smokes, this is one incredible book. Sydney Holmes has me addicted to Shane and Rowan's story.

Suspense and Passion are the main ingredients in this book and I love it!!!

I absolutely recommend for you guys to read this 3 part series.

I can't wait to learn how this ends!!

---

### **Dawn Parker says**

WoW! So very good!! This is the second book in the series and picks up where the first left off. We learn more about Rowan and Justin's past in this book and relationships between everyone strengthens. This has a cliff hanger as well that make the reader want to grab the next book!!

---

### **Karinsa says**

Rowan come on now!! I wanted more of her history. How was she trained. How was Justin trained. I wanted more. Shane and Rob and Cody are working hard and was she betrayed by one of them. Maybe, she was seen by Cody or Rob at the end. Another good cliffhanger. Let's see what happens.

---

### **Saskia 'follow my shoes' Smith says**

Not much better than book 1, i didn't couldn't get away with it, i felt a bit lost with it all, the past keeps interrupting her current life etc, its predictable. I hate cliffhangers

---

### **Wendy Jensen says**

Although I have not read Escape Part One, I did not feel that I was lost with what was happening so I would

---

call this a stand alone book. Rowan is trying to build a life for herself but the past keeps trying to intrude. Will she have to run again? The ending leaves you wanting to grab Escape Part Three and read it right away.

I received this book for free through Goodreads First Reads.

---

### **Heather Lader says**

I was enthralled with the first book but the second had me addicted. I just have to know what happens next. Does Shane save Rowan? Do they get they're happy ever after? Is justin really kidnapped? I really have to know lol.

It's a must read and would recommend these books to any of my friends.

---

### **Yvette Karns says**

The 1st book started a little slow forme. This landlocked & makes you want to keep reading. Now starting book 3. Dying to know how it ends

---
