Absolution Olivia Black

You have to be the best to go to war with the worst.

That's the motto the agents of the Federal Paranormal Agency live by. They train hard to hunt down those that go rogue, enforcing the laws set down through the ages. They deliver justice to those that break the laws and save the innocent. They are the enforcers of the paranormal world.

Ranger Caber is the newest member of the Federal Paranormal Agency. He left his home and pack behind in New Orleans for a fresh start in New York. While on a mission searching for missing shifters, Ranger is abducted and drugged. He's introduced to the brutal world of underground fighting. His only hope for escape is the members of the FPA and time is running out.

Abram Jackman is the leader of the FPA. He knows that Ranger is his mate, but he also knows that the wolf shifter moved to New York, leaving a lot of baggage behind. Keeping a secret of this magnitude from Ranger is slowly driving Abram crazy, but he isn't willing to say anything, not until Ranger's heart is free.

Between the underground fighting ring and their relationship, Ranger and Abram have a lot to overcome. But, the illegal underground fighting ring isn't their only problem. There's a chemist creating drugs that are deadly to paranormals and he must be stopped.

Like a 2.5...I'm glad to see ranger find his real mate after that crazy situation with Maddox. That was so sad! But tbh this book just wasn't that great. Apparently ranger is either a really bad agent and needs a new job or he has extremely bad luck. I mean he almost dies in two major situations two days in a row! Instead of the second near death experience, I would have preferred the conflict be within their relationship. The fact that Abram hid the fact that they were mates is a major deal and ranger had every right to feel rejected but it was over so quickly. That was disappointing.

Ranger I Love You!!!!

I have been waiting for his book forever. When I saw this was out, I didn't sleep until I got the book and finish it.

It took me 3 times to open and close the ebook to actually gather my courage and go thru with the reading. I was so freaking happy to have his book... And then... I was a little disapointed in the fact that Abraham was his mate.

The story in itself was really good but the love between them... I mean... I have to hold a candle to Ranger for not forgiving Abraham right away and to Abraham for the way he deals with Ranger until he is back to his former normal self.

What I loved about this book was the emotion behind it when Ranger was finally back home and in human form... I just... I love it because it felt so real.

Ranger! Al fin! Esperé mucho para conocer el final feliz de este chico, y las que tuvo que pasar para conseguirlo fueron bravas.

Desde el principio me parecía que entre Abram y Ranger había una chispa que indicaba mucho más que deseo y no me equivoqué, jaja.

No me pareció de lo mejor que Abram esperara hasta último momento para declararse, pero al igual que el lobo terminé comprendiendo su razonamiento respecto al anuncio.

Me encanta ver de a poquito un poco más del movimiento de la agencia y hay muchos de sus miembros de los cuales quisiera ver un final feliz, veremos que depara el futuro. Recomendable.

Warming up to this series, it something about it that makes me want to read on. Light action with a touch of fluff.

Love these books. Great spin off series to Olivia Black's Silver Bullet series that I love. If you loved the first you will love the new series. Totally worth the read.

Seriously. You can't have "his humanity melting away from him" until Ranger is just beast, and then have him reason and remember his past with his old pack and Maddox. I was willing to make allowances for the narrative to tell us what the people were saying outside the cage, even though clearly Ranger cannot comprehend the meaning at the time (except a little while later he kind of can), but this strange partial amnesia is pushing it way too far. The author has to make a choice there with what exactly she is trying to describe. This is idiotic – even more so than some other things I could list.

On the other hand, I do like the way the final crisis is resolved (on location, not the sex later). No silly heroics.

I suppose what I am clumsily trying to explain is that there's an interesting core to this story. It's a pity it gets bogged down by using sex as a remedy for or response to just about anything (although that's not as bad as it has been) and a distinct lack of thinking things through (as apparent in many small phrases that just miss or contradict the point they are trying to make).

Still, if you're in the market for something mindless and have no problem with bad editing/grammar, this might be a good choice.

Absolution [Federal Paranormal Agency 2]

This was good I liked it . I can't wait for more I hope it's soon I will be watching for more to come...

Theresa says

Detested Ranger for having sex with Maddox and helping him cheat on his mate Storm.

Midia says

So I actually read the Federal Paranormal agency series BEFORE the Silver bullet one (I know stupid, but this series seemed more interesting), so when I read this book I liked it and I was sad that Ranger was denied his mate for a long time because I didn't know who Maddox was nor did I know exactly what happened BUT I just read the 6 first books of the Silver bullet series and I HATE RANGER!!! The guy knew Maddox has a mate, he was friend with Maddox's mate, Maddox's mate entrusted him with his mate's safety (because

Maddox was underage so the mate couldn't mate Maddox so Maddox was sent away to study in Europe) and when Maddox turned 18, Ranger fucked him knowing Maddox's mate was waiting for his mate and trusted Ranger to keep his mate safe so now... Ok he says he loves him but i don't care it's fucked up.

So hen i first read this book, i put 3 stars (and i will let them) but if i knew Ranger backstory when i put these stars i would i put one only because i don't want him to be happy, i hate betrayers!!!

Abram and Ranger are FPA agents. Abram is the boss and Ranger is a new agent. These two have feelings for each other. But Abram keeps his scent hidden so Ranger does not know that Abram is his mate. Ranger has some problems that he needs to figure out and he does. Ranger ran into trouble and Abram realized he needed to let Ranger know that they are mates. Ranger was upset but understood why Abram did not tell him that they were mates. Everything works out and they let each other know that they love each other. I can not wait for the next book. Erin

Typical Siren typos and grammatical errors made me grind my teeth at points. Other than that, I was glad to finally hear Ranger's story.

I really like this series, why it took me so long to keep read it? it's very enjoyable.

RANGER

All imgotmto say is that it's a good book but I had hoped for closure on Ranger and Scout relationship.

I've been waiting on Ranger's since everything went to hell in the Silver Bullet series. This book had taken me by surprise, after reading a couple of pages I realized I was reading "the" Ranger from Silver Bullet. Really loving this new series by Ms Black
