## **On Her Knees** Jenika Snow

Karina has never considered herself one of the svelte, beautiful women that could capture a man's attention, especially not the one man she's lusting after. Viktor Port is many things: arrogant, demanding, and wealthy. But he's also her boss, and she knows there will never be anything between them.

Viktor has to be ruthless when it comes to getting what he wants. He's never had to try to get a woman--until Karina. He's not ashamed to admit that for the last year he's been obsessed with her. Her timid and naturally submissive demeanor makes him hard, and has him fantasizing about her on her knees in front of him. He knows he can't ignore what he feels. He has to have her, even if it's only for one night.

When he finally has her in all ways, Viktor realizes he can't walk away. She's his, whether she realizes it or not.

### \*Dee's Reading Time Matters says

3.5 delish stars...quick but good read with a hfn ending....needs to be a series maybe...hint-hint!!!

### Jennifer Finn says

Viktor Port is a rich, arrogant, successful businessman who could have any woman he wanted. He is a very dominant man who can recognize a submissive woman from a mile away. He knows his secretary, Karina is definitely submissive and for the past year that she's worked for him he's become obsessed with her. He wants nothing more than to see Karina on her knees awaiting his commands and he's tired of waiting to do something about it. Karina has been lusting after her boss since she first met him but she would never do anything about it. She's a very curvy woman and thinks he would never want someone like her but she's about to find out exactly how wrong she is and how much he actually does want her in every position he can get her.

### Asounani says

Le falto muchísimo.

### Selene says

Karina is the insecure, plus-sized love interest of Viktor Port. He's an arrogant, filthy-talking, well-endowed businessman whose also her boss. He's forty. She's twenty-five. The steamy scenes are hot, there's plenty of them, and enough dirty banter to fill an entire ocean. This book is appropriately titled, as Karina spends quite

a bit of time on her knees. Short and smutty read!

### **Floripiquita says**

Corta, típica y muy superficial historia de jefe rico y empleada de curvas generosas, con mucho sexo y un toque de dominación. Hasta luego, señor/Viktor.

### **Marissa says**

What I liked:

1. He called her baby, and that just melts me into a puddle no matter what.
2. She's a size 16, and heck yeah I pictured Ashley Graham's gorgeous self.
3. Steamy

Unfortunately, the list of what I disliked was much longer.

1. If a man referred to my generous backside as 'that huge ass of yours' I would throat punch him. That IS NOT how you compliment a woman.
  2. Grammar errors throughout
  3. I didn't believe his emotional connection to her, mostly because repeatedly telling someone how long you've wanted them all year does not a backstory make.
  4. Who is Karina? I get who Viktor is right away, but I don't understand her at all. She's naturally submissive is not an adequate description.
  5. The ending. 6 months later you're still his dirty little secret, so there's not real commitment.

3.5 - not too shabby a read!!

### **Eve Recinella (Between The Bookends) says**

Holy smoking hot book Batman!! Victor, Victor, Victor...I want to lick you all over...sigh.

Could have used a look into the future epilogue though.

## Janie says

Quick, hot, smutty read.

Things I loved:

As soon as he met her there were no OW for him.

He chases her.

Hot, hot, hot chemistry.

Things I didn't love: (spoilers ahead)

An epilogue 6 months into the future with no real future happening yet. Their relationship is still a secret for the outside world. Her choice, not his.

I was hoping for at least a proposal in the epilogue but didn't get it.

The h was so down on herself always calling herself big and frumpy.

Still a decent short read but I want an actual HEA not a HFN.

## Melissa Murray Quintanilla says

This book is so HOT it's on fire!! Viktor and Karina are so dang hot together. Although Viktor wanted Karina from the moment he met her, he kept his feelings to himself for about a year.

Karina wanted Viktor and also kept her feelings locked inside until one day Viktor found the right moment to let her know. Karina was in her head a lot and didn't know what to do when it comes to him. She wants him but is afraid she will end up with a broken heart.

Will she give in to what Viktor wants? Buy the book you won't be disappointed!!

It's a lot of sex, a lot. And the word Jiz is used. Yup. Lol. No drama at all. Short with a HEA/HFN. Did I mention it's a lot of sex, a lot.
