Accent Hussy

V. Kelly

Accent Hussy V. Kelly

I LOVE accents! I HATE Caleb Conaway.

It's true, I despise him! Caleb Conaway is an unaccented pain in my ass. No matter how many times I tell the sexy boxer I'm not interested in him, he just doesn't listen to me. People call me an Accent Hussy. That's because I'm only attracted to men with sexy accents, dripping in butter, oozing with sex and hit me straight in the vagina. Yup, that's EXACTLY what I'm looking for. Caleb's voice does nothing for me; it assaults my ear drums and makes me want to gouge out my eyeballs. I finally thought I got away from him, until a foolish date with a sexy Irishman ends with me arrested . . .

All I wanted was to complete my community service and go home. What I didn't expect was to fall in love with the kids at the Youth Center, or run into the one man that I love to hate . . . Caleb Conaway.

They say that every person has an Achilles' Heel, I just wasn't expecting mine to be Caleb Conaway.

JC Moore says

V. Kelly has done it again! I absolutely LOVED Everly and Caleb's story. The banter between these two will have you laughing out loud. Everly is obsessed with any man with an accent and is determined that is what she will have. Caleb is a fighter who does not have an accent and is determined to be with Everly. This story is hilarious and will keep you wanting more. I am so glad I found V. Kelly...she is a must go to on my author list from now on!!

Becky says

I am a bad friend, i totally didn't realise i hadn't already written my review, d'oh!

I had the pleasure of reading an advanced copy of Accent Hussy and i was thoroughly looking forwards to this as i loved Innuendos.

We briefly met Everly in the first book and along with the rest of the supporting characters i fell in love with her. She is what i look for the most in a leading female, strong, sassy and funny. I LOVE the banter between her and Caleb, yet there was soo much more to it than just banter. Whilst they had me laughing out loud with some of their exchanges, there were moments that truly touched my heart and made me tear up. It was the perfect mix of a rom com with an unbelievably sweet side.

And we got more Maggie and her chocolate god :D i can't wait to read more about them.

Fancy Peterson says

Hilarious and Frustrating

It is so RARE that I read a book and side with the man of the story and not the woman. However, that is EXACTLY how I felt while reading Accent Hussy. Every McGowan is your typical best friend who never listens to anything you say but you stick around anyway because you love that friend more than anything but you honestly just wish you could shake them or beat some sense into them! So kudos to the amazing V Kelly who developed such a dynamic character that you loved to hate! I was team Caleb from the first moment and through out the book you just fall more and more in love with him! Accent Hussy was hilarious, infuriating, appalling, inspiring, heartbreaking, heartwarming, addicting, and heartmelting all rolled into one story! I highly recommend you pick this book up so you can fall in love with a sexy Alpha with a dominating personality and a mean right hook!

She's a Lip Biter says

OMFG!!! I Loved This Book So So Much, I Laughed So Hard I Nearly Wet Myself And I Also Cried So Much My Head Hurt Too. This Book Had It All, For Me It Was A Fantastic Read That I Just Didn't Want To End.

Everly Was An Amazing Character That Has A Smart Mouth With A Thing For Accents Which She Lets Rule Her Life. To The Extent That She Doesn't See What A Great Man Is Under Her Nose. Caleb The Sexy Alpha Boxer And Is Determined To Get His Women.

There Are So Many Aspects In This Story, Including Strong Violence And Child Abuse But It's Not Described At All And Is Dealt With In A Very Sensitive Way.

You Must Get This Read, It's Amazing, You Won't Regret This Fantastic Book Full Of Laughter, Tears, Heartbreak, Stupid Mistakes And Poor Decisions But Its Also A Steamy Read Full Of Great Sex Scenes. It Was My First V Kelly Book But Its Definitely Won't Be My Last.

Jennifer says

I LOVED this book. Its fun to see a character who KNOWS what she wants out of life and the type of guy she wants.....

Until she is proven wrong! Absolutely hysterically proven wrong! Caleb is so much more than we expected and so much the perfect guy if Everly would just get over her misguided expectations.

I loved seeing the sides of the characters each tried to keep hidden and watching them grow. Mostly Everly lol.

Jessica Byrd says

Love this series!!

God I can't wait for more!! These books are hilarious!! I love the way they continue without being intrusive to the next story. They tie together really well! I can relate to Everly on so many levels! Who doesn't love a sexy accent?

Jonathan Cody says

The story was very well written and very funny from start to finish. How the main female character kept getting herself into those situations always made me ask what she was thinking, if she was thinking at all. Add a main male character that she believes is stalking her makes for one of the best reads I have ever had. Could not stop reading or put the book down for one moment. Highly recommended read.

Melissa Basnight says

Everly is drawn to any man with an accent and none of the relationships have worked out for very long. Caleb is a hot boxer that wants her and she is attracted to him, but he doesn't have an accent so she keeps

pushing him away. The interaction between her friends and family is funny and entertaining the quips had me laughing. Loved the book, looking forward to reading more stories. I voluntarily reviewed this book.

Lauren says

I LOVE accents!

I HATE Caleb Conaway.

It's true, I despise him! Caleb Conaway is an unaccented pain in my ass. No matter how many times I tell the sexy boxer I'm not interested in him, he just doesn't listen to me. People call me an Accent Hussy. That's because I'm only attracted to men with sexy accents, dripping in butter, oozing with sex and hit me straight in the vagina. Yup, that's EXACTLY what I'm looking for. Caleb's voice does nothing for me; it assaults my ear drums and makes me want to gouge out my eyeballs. I finally thought I got away from him, until a foolish date with a sexy Irishman ends with me arrested . . .

They say that every person has an Achilles' Heel. I just wasn't expecting mine to be Caleb Conaway.

This was an amazing book! Could not put it down. Great read

Clarissa Boggs says

I'm in love with this series and I can't wait to read more about these characters.hilarious and a great story to boot. Five stars

Michelle Brace (Wicked Babes Blog Reviews) says

This was my first book by V. Kelly and I am so happy that I was able to read this book. I wanted to read the last one but didn't get a chance and was glad I read Accent Hussy. The characters in this book were very entertaining and you will fall in love with them. Although Everly irritated me through most of this because of her obsession with men with accents even though she has had the WORST luck ever with them, she definitely earns her nickname Accent Hussy for sure. When Everly and Max meet it was instant chemistry and it just kept getting stronger as the book went on. The more we learn about Max the more you will fall for him and the banter between the two of them. Everly fights their attraction with all that she has but Max is determined. Will he finally get her to see they are meant to be together? Will Everly find something that is more important to her than a relationship?

Colleen says

V. Kelly certainly doesn't disappoint in her newest book Accent Hussy! I'm so fortunate to have stumbled upon this amazing author awhile back. She introduced me to the rom-com genre. All of her books I've read

so far are not only funny but her storylines flow so effortlessly that your captivated from the first moment right up until the end of her books!

Everly is unlike any leading female character I've met so far. If she were real I just KNOW we'd be friends! She's so damn sassy and head strong and hysterically funny to boot! Then there's hot and hunky alpha Caleb! The chemistry is off the charts between these two as well as the humor.

It was also nice visiting with Max and Breezy and all the rest of the characters from It Had To Be You Series! I can't wait to see what Vanessa dreams up for the rest of this series!

All Vanessa's books are a perfect cure to seriously dark book hangovers, ugly cry hangovers, can't find a good book blues and just life in general!! She is one seriously talented author!!!

I received an ARC in exchange for my honest opinion

Janneke Wolbers says

After reading innuendos and loving the dual POV i was a little dissapointed to this being a single pov. With that being said it didnt make it less good and as explained at the ending she might write the Caleb novella and im really hoping that will happen!
I did really enjoy this book!

Karen Hicks says

Funny, sexy and emotional!

I absolutely loved Everly and Caleb. Especially Everly!! She's hilarious, wanting to date only guys with accents. Every one brings trouble but she's not giving up. When she meets Caleb he's everything she's looking for in a man but he doesn't have an accent and she needs that. So she avoids him at all costs. Caleb is persistent and is running out of patience. Great background characters too!!!

Kimberley says

This is exactly the kind of story that gets me hooked from the first page. I loved seeing Everly change from an immature college student to become a responsible, compassionate, working young women. I loved witnessing the love/hate relationship between Everly and Caleb and seeing how it transformed. Another great aspect was adding more of Max and Breezy from Innuendos. Usually we get a glimpse of the original characters but with this it felt like so much more with the interaction with Everly and Max and breezy as well as other characters from Innuendos. I also loved that Everly's story starts towards the end of Innuendos but doesn't start where it left off. This way the reader gets a little refresher on how the first book ended. I have to admit I did get a little teary eyed at the end in a few parts. Everly is a beautiful person with a heart of gold and I can't wait for the next book to come out so I can continue my love for this group of awesome characters.
