Teresa Rae Butler says

Chunichi has a book that you gotta read two times. I had to go back, because even though it's crazy ghetto fiction, I love how it seems so real. Straight gangsta madness! Now I gotta find time to get the other part of this story read. What did I miss, yall? Thanks Chunichi!

Black Carrie says

Good read

Money Hungry

Slightly insecure divas.....

What a big slap in the face C, did everything for Vegas then once she killed him she had to go to shaking her ass & sleeping around for cash... she's shiesty asf for keeping it in the family her character really leaves a bad taste in my mouth. Poor Gina :(she was wrong for cheating but I still felt bad for ass.... Bj came off as a mini Ceazia.... Snake was really a Snake.... I wish his guilt for doing certain shit would've ate his ass up... why have it all and still go after a drug dealer and his nephew Danielle really dumb..... it's like all the women in this book were bloodhounds after the money if you got a good record , a car , and determination why not just get your own money. C is just a black widow if a movie comes out here's the cast

Ceazia Lauren London / or Golden Brooks

Snake / 50 cent

Duke / August alsina

Ray Ray / Trevor Jackson

Bear / Tony Yayo

Danielle / Lulu Simmons

Gina / Justine Skye or Seven Streeter

Bj / Logan Browning

Kellee says

I loved this book. I can't remember if this was the first one if the series or the second one, but they were good.

Giovanna says

The plot of Married To The Game was, admittedly, more confusing than A Gangster's Girl, but it was also more in-depth. Ranging from our old main character, Ceazia, and her deceased boyfriend's brother, Snake, who is searching for the murderer of his brother and has his suspicions, all the way to brand-new characters that make the story more interesting, but more heartbreaking as well. Because while reading this story you know that many people live like this.

A Gangster's Girl and Married To The Game are equally good, but read A Gangster's Girl first, otherwise you will get lost reading Married To The Game.

Kim says

Couldn't get with this one after a few chapters.

Linda Strickland says

I have really been sleeping on Chunichj books, so have to read them all, she is a beast at writing!

Lola says

Good book, but not good enough.

Chanterial says

I read the book in one day because I was really trying to see where it was going it was really all over the place. I didn't met the standards of the first book. Also I didn't like the way the book ended ceazia is around the city doing dirty and she can't be touched it seems I want her killed so we can put this series to rest!

Leah smiley says

This book was a good one if you like urban fiction

Diane says

Ok read!

Involves a ride or die gangster chick all the way to the end.....(paperback!)

Jackie says

The theme of this book would probably be more towards Dont go looking for trouble. I think this theme fits because the entire time the main character looks for his brothers killer and in the end it doesn't turn out good for him. Over all this book was about many different characters that had some kind of connection to the main character. There were alot of situations that could be related to like early pregnancy, depression, friendships, family, loyalty, violence, and drugs. Sometimes what we read are things that we don't have to go through but is a reality for others and thats what this book shows you. I really enjoyed this book because it talks about real situations that exist in the real world. It doesn't sugar code or substitute anything. I liked the fact that it

was very ironic and didn't end the way I thought it would.

Ta says

The woman you love to hate.

Kevin says

solid beginning but devolved as the story wore on until the end where it was a poorly wrapped up.

Diane Wallace says

fantastic writing..the ghetto life aint no joke

Monique says

good book
