Britain's End

Frank Tayell

Britain's End Frank Tayell

Humanity is at a crossroads. Either all will survive, or our species will perish.

Anglesey became a refuge for survivors from across the world, but living in the shadow of a decrepit nuclear power station was always a precarious existence. There is only one destination for their final exodus from Britain, but Belfast won't become their new home.

There are fewer undead on the island of Ireland, but their numbers still count in the millions. With farming impossible, with the weather worsening, with ammunition exhausted, desperation turns to despair. All seems bleak, but the survivors don't know how truly desperate their situation is.

During the chaos that ensued after the calamitous election, they misjudged the evidence. Their true enemy is still among them, and that enemy is about to act.

Set nine months after the outbreak, in Britain and the island of Ireland, when humanity is at a crossroads. Either all will survive, or our species will die.

Joshua Mckay says

Great Book.

Great series of books the story still has exciting plots and twists to it as the group's left try to survive.

Sarah says

Action packed

One of my favourites in the series so far. Full of action and fast paced drama with an air of desperation throughout.

Karen says

binge read all 12 books, now the horrible wait for a new book nooooooooooooo

Miss Sharron McLean says

Excellent work

Love this series. Hoping there is more.

I love following the different stories of all the survivors. I am really hoping to read the one when they are all together.

Christin says

Easily one of the best

Absolutely love this series and the is easily one of the best! Constant action, a gripping plotline with believable plot twists, sensory orientated details make for a too short novel. It flies by, leaving me wanting more (only drawback) and knowing I can't get it soon enough!

amanda foulkes says

Gripping

Fantastic and usual gripping edge of the seat moments intrigue sadness and joy all rolled into one book loved it

Stephen Elgie says

Entertains as do all in the series

lyn mason says

Brilliant!

I was so looking forward to reading this, and you didn't disappoint! The way you described Sheppey was perfect, coming from Sittingbourne I know the docks and the car yards.

Really well written

Lisa Young says

I loved this book and I'm enjoying where the story is going! Can't wait for the next one

Leigh Swanson says

More, More, more!

Wow, I was enthralled by the latest book on this series. I didn't want to put it down. The characters have developed amazingly, I loved the different narratives and the twists and turns. Next one please :)

Helen says

I love this series. The first book was a freebie so I thought what the hell! Let's give it a go! It hooked me in and I find I am invested in the characters. I also love that this is set in Britain so far, and as a result defensive weapons have to be somewhat more diverse than just guns!

Liz (Quirky Cat) says

With this novel I am finally up to date with my Surviving the Evacuation series! Granted, I said the same thing last year, and before I knew it I was three books behind, so there's that. Anyway, we know there's going to be at least one more novel in the series, but beyond that it's anyone's guess. I'd like to see the series continue of course, but I also trust Tayell to know when it's time to end it, so I think I'll be okay with it either way (as long as he starts another series that is!).

This is the twelfth book in the series, so obviously I'd suggest against starting here (you'll have no idea what's going on or why particular characters are behaving/injured in certain ways). It's hard to believe that this novel is set only nine months after the outbreak – it feels like it's been ages (and I'm sure the characters would agree with that). I love the steady and detailed pace Tayell has taken with this series.

D L Jones says

Continuing super saga

Thoroughly enjoyed this latest installment. Written in a very reader friendly style. Once started couldn't stop. Can't wait for the next one

Nicola says

Probably the least hopeful, most depressing instalment so far :(I've ordered the next, but I hope Tayell isn't about to go down the grimdark route.

gabi g says

Another great book

Can't wait for the next one. The characters are intriguing and compelling and the story line is fascinating. Next please
