Welcome back to Purgatory!

For too long Emerson tried to gain the attention of one man, with no luck. Until she discovers his secret—in a sex club. With a mask and a plan she goes after him and ends up unearthing her own secret desires.

Rio wants what he can't have but isn't about to ruin his life over it. Now a new woman has caught his eye and he longs to discover why she hides.

As they get closer to the truth, the tension escalates and the forbidden becomes irresistible.

How far will a girl go to get a man's attention? That depends if the woman is Emerson and the Man is Rio. Emerson will take it as far as she needs to if it means Rio will notice her, or at least acknowledge her. What we learn very quickly is Rio has noticed the mysterious woman in the mask, but there is something familiar he just can't pinpoint.

In this short story about Cat and Mouse (not always sure who was the cat and who was the mouse J) Ms. Gayle again brings her readers into the world of Dominants and submissives, of fetishes and deep desires. As a reader, I was immersed in the world and would have been completely happy for this book to continue on a chapter or two.

For readers looking to take a new step into the underground world of fetishes, this is a great first step. For readers already there, this one will be enjoyable but I highly suggest her third installment of Whipped.

I am quickly finding if it has the name Eliza Gayle attached, I am already drawn in.

Evey says

I liked it more than the previous one, and I believe it was steamier. However, the romance between the main characters wasn't that much believable, probably because there was little development, done in a rush. Anyway, it was a quick read that I enjoyed.

Catherine Iriarte says

I kinda felt like I was walking into a book half way though.

Rida says

The 'Purgatory Trio' of short stories are very well written BDSM erotica.

They are basically BDSM scenes that involve members of the Purgatory Club. The stories are well constructed and meet the challenge of short story writing.

The other two books are: Watch Me Hide and Touch Me, Tease Me, Whip Me.

Cecily Kyle says

I really enjoyed this installment of the Purgatory series. I loved that Em went for what she wanted and I loved that Rio gave it to her. I like that these stories are more than just a sexual experience and have the potential to lead to something great. I also enjoy the slight connectedness of the characters as you read on.

Ronda Thayer says

Good

I enjoyed this book. I just wish it was longer! It a nice BDSM short story. I would have liked more back storyline, and what happened with Em's brother?

Steph says

Eliza's *Purgatory* shorts are just that - little bites of sexy goodness that leave you wishing you have the whole candy bar instead. **Displayed** introduces us to Emerson and Rio. Em is Rio's best friend's little sister, but he sees her as more. Doesn't matter though - he knows it's hands off where she's concerned. Em, who's unwilling to accept that, hides behind a mask at the Purgatory Club where she's found Rio. On the night of her big reveal, she wants nothing more than to be chosen by Rio.

This series, so far, gets a D for its torturously small word count, which doesn't allow for much character history. But, what it lacks in length, it makes up for with its heat.

Leslee Anderson says

I guess my biggest complaint is that the novella was way too short. Quick sweet read. There isn't a lot a depth or connection for me. I enjoy Eliza Gayle's books so I enjoyed the tale but Em and Rio's was too short really get into the story.

Janet Juengling-Snell says

This is the 2nd novella in the Purgatory Series, by Eliza Gayle.

This time around, we meet Emerson, who has a crush on her big brother's friend Rio, since she was a teen. As much as Rio wants Em, he will never act upon his desire.

But she has a plan, to become a submissive at Purgatory, were Rio is a Dom. Wearing a mask, Em is going to be presented for auction. She is taking a big risk, what if Rio doesn't bid. Has he even noticed her? What will happen when her mask is removed?

Rio has not just noticed Em but is intrigued by the mystery of why she feels the need to hide behind a mask. When he finds out that Em is being auction, he determent that no one else will have her.

As with the first book, Displayed was short, sexy and very entertaining. I was a bit disappointed that Katie, who we met in Book one Roped, only made a small appearance. Then again, this was a novella, maybe I was expecting too much.

I am moving on to Book 3, Whipped

Done as part of a series review at <http://scorchingbookreviews.blogspot.com>

Emerson has been moonlighting at club purgatory as the mysterious Em. Masked on every visit, she unwittingly drives all the Doms at the club mad with the desire to possess the little sub and be the sole keeper of her secret. Unluckily for them, she only has the desire to submit to one man, Rio. He is the man that she

has been lusting for years. Unfortunately, he is the only man who will probably run a mile when she is finally unmasked, as she is his best friend's little sister. Rio is can't help but be attracted by the mysterious Em. When he hears that she is to be auctioned at the club's notorious after-club party, how can he resist? However, will he send her packing when he discovers who she is? Or will he fulfil all her desires and more?

Wow, this really is a story of how far a woman will go to win the man of her dreams. The only question is will it be enough? I enjoyed this one far more than the first in the series. The sex is off the charts in the smut factor and I enjoyed the fact that, although Emerson blatantly enjoys being "displayed", there is still an element of intimacy kept throughout the scenes. The characters were very engageable; Emerson is a fabulous lady who is willing to do almost anything to be seen as more than the kid sister of his friend. What she doesn't really expect I to find that the club has more to offer than just Rio; she really does need that extra bit of kink. Rio is a stubborn ass therefore I liked him. He really takes that guy code thing seriously and tying up his best bud's little sister is DEFINITELY on the banned list. Will he let that get in the way of his chance of happiness with a woman who not only suits him, but also understands and shares his needs? I really like Ms Gayle's writing, she has enough knowledge on the topic to keep it realistic, but doesn't try to shove the different toys down your throat; I looked up a few of them mentioned because they intrigued me, but it wouldn't have made any difference to the tale if I hadn't. Word to the wise (This is a BDSM book, I don't know why I need to warn you of anything!) but there is anal play and F/F play. Oh and we get to see more of the players from book one in the club. Turns out I like Katie a lot more in this book, she has some balls :D

A good read with solid characters that have chemistry and motivations I could understand!

Judith says

Book Two in a three-part series of novellas based on "scenes" at the Purgatory Club and rooted in the BDSM lifestyle. Thought this story, like book one, was well written and yet felt that the brevity of the work detracted from telling the story fully. It is one reason that I have never really liked short stories or novellas. Ms Gayle is a very talented writer, but even her expertise is stretched in getting the point across or making all the aspects of the story hang together. Even extending this work just a bit into a short novel would have gone a long way in redeeming this story. Just didn't feel I had sufficient time to get my mind around some very fascinating characters. That being said, it is a work that, for all its limitations size-wise, is a good read.

Aimee says

This was a good story. Bit shorter than I would have really liked. I would have liked to see a little more tension between the two characters, I thought this could have made an excellent novel instead of a novella. But, the story was good. It was steamy, even if a bit rushed.

I read this out of order, Amazon doesn't really seem to care to put series orders on the kindle menu. But, it was enough to make me want to go back and read the one I missed.

Pam says

Liked it, but way too short...
