Love isn't on the menu...but this Vegas Bomb is!

Delilah Torres is a bombshell former model who is left with nothing after a terrible breakup with her long-term boyfriend. She finds herself working at one of the hottest bars in Vegas, The Little Black Dress inside of the Millennium Hotel. Night after night men hit on her and night after night she turns them down. Until she gets an offer that she can't possibly refuse. A single night changes the way she looks at men and makes her rethink her stance on relationships. Can a one-night stand turn into a happily ever after?

#### Fantastic

This is a really amazing quick read. Ryan, Gavin and Delilah are perfect. The flow of this book is done well. Highly recommend this book.

### Antonette says

#### A sexy quickie

This was a fun and sexy story. Who wouldn't want to have a threesome with 2 sexy men who would worship them? I know I would! This story definitely lived up to its name and put the "sin" in Sin City. The characters were great and their chemistry was off the charts hot.

Derek Masters continues to wow me with his storytelling and I've enjoyed seeing his writing develop with each story. He definitely did the job in delivering an easy read that sucked me in from beginning to end. I highly recommend this book to anyone looking for a sexy quickie.

#### His Vegas Bomb

Wow, this one wasn't a slow journey. This one took off with a mad sprint. Delilah had been hurt & used by her ex boyfriend so she only wanted men for sex. Nothing else. Ryan & Gavin are handsome friends that like to share & have their eyes on Delilah. Together the three of them find what they need, friendship, intimacy & love.

The Cocktail Girls novellas are quick reads yet a complete story with an HEA. I like that I can read them in one quick sitting, get the romantic flutters and still be a functioning member of society.

### Goth Gone Grey says

#### 90% MFM action, 10% plot

This series is samples of various authors, all written about waitresses at the Little Black Dress and the wealthy alpha males that rescue them by sexing them up.

This book changes it up a bit with two alpha males and their eager lady. It's a short read, under 20 minutes for me, and most of it is seXXXy action. It's not my favorite in the series; the lack of real character

---

development makes it read more like a RedTube video than erotica, with a touch of kink. The men are primarily horny, the woman complains about her ex and her boss.... Oh, and is also honry. Shocker.

I still may look for more from this author as a full length book could have a different feel to it. An example of the writing:

"As soon as we got home, I grabbed Delilah, capturing her mouth and dragging her up my body closer. As she moaned against my lips, something inside of me became unhinged. The need, the want, the desire just flooded through my body. The need I had held back for fear of scaring her away broke through me like a tidal wave.

I was a hedonistic animal full of desire that I couldn't control. I ripped at her dress, splitting the dress right down the middle as a sharp breath escaped Delilah's lips."

His Vegas Bomb is part of the Cocktail Girls collection from 14 great authors. Derek Masters is a master at writing a great menage scene as evidenced by his previous books and his newest release leaves little to the imagination. His Vegas Bomb is exploding with sizzling sexual chemistry that will leave you breathless and wanting more, so much more. This quick afternoon novella is also filled with humor and kept me giggling like a school girl from beginning to end. All in all, this was a fun read and I really enjoyed seeing the fun, quirky side of this author's imagination.

Delilah has one self imposed rule, NO DATING. She made that mistake once with a douche canoe named Cosby. He not only destroyed the life she built for herself modeling, but stole all her money and then kicked her out the house she bought and paid for. Now she works at a casino night club as a server and lives with her best friend. Ryan and Gavin are best friends for a reason. Total opposite in many ways, these two make the perfect man sharing women, and they have their eyes on Delilah.

What a sexy, passion filled tale Derek Masters has woven. Absolutely titillating, well done!!

Fantasy come to life!

Ryan and Gavin like to drink at the LBD just to see Delilah. She's been their fantasy girl for awhile.

The guys are ready to make their move and Delilah is more than willing. Just one hot, unforgettable night because Delilah has been burned and doesn't do relationships.

One night, two guys and everything you ever imagined. However, maybe Delilah has finally found what she's always needed?

It's a really quick read with tons of heat and lots of menage sex!!! Enjoy!  
3.5??

This is a sweet novella with some hot sex. Ryan and Gavin have the hots for a waitress at LBD named Delilah. I loved these characters and the chemistry is off the charts. I enjoyed this sweet story. And can't wait to read the other books that go along with this book. Although they are all standalone.

Delilah is coming off a bad break up and swears off dating. Sex and only sex is what she wants. Delilah's ex stole all her money and kicked her out of the house. Delilah works at a casino night club as a server. Ryan and Gavin go to the night club just to go see Delilah. Delilah has made one rule for herself no dating just sex. I loved reading this book. I loved the storyline and plot. This was a short read but a good one. I received a free copy of this book via Booksprout and am voluntarily leaving a review.

Wooo Hooo! Derek Masters has delivered a red hot steamy quick read for us here in His Vegas Bomb: A Menage Romance (The Cocktail Girls) which is a fabulous series of saucy stories by some of the very best selling authors of romance in the USA. Can Delilah heal her broken heart when she meets the two handsome hunks Ryan and Gavin who both want her. Or does her heart not really need healing but just needs to meet them? I received a free copy of this book via Booksprout and am voluntarily leaving a review. Definitely recommended

So good that I bought my own copy to keep and support the author!

*I was on a rooftop with two sexy men and they both wanted me. As badly as they wanted me, in that moment, I'm pretty sure I wanted them even more.*

*Ryan and Gavin were men. Real men. They had wicked smiles, naughty smiles, and they wanted me with an intensity that I'd never experienced before.*

If you're looking for a quick, dirty, filthy read then this is it. When cocktail waitress Delilah gets propositioned by these two sexy males there's no way she's saying no. She's been hurt before and she's got one rule, no dating, she's only in it for the sex, but Ryan and Gavin have other plans that involve not just using but keeping their delectable Vegas Bomb. A night of raw sex isn't enough for any of them and Delilah may have to set aside her no dating rule in order to spend one more night with these intensely passionate alphas.

Derek Masters delivers one of his steamiest reads yet. Make sure you leave your panties at the door ladies, you definitely won't be needing them for this hot, sexy story.

## **Tre Talbot says**

With the title alone and not reading the blurb was pleasantly surprised with this being a ménage. Delilah gets hit on time and time again but when she finally decides to give into an offer things will never be the same for her again. This is a great quickie read that I felt gave me enough details when it comes to the romance but wasn't an overkill and there's closure with the characters. The bonus is we even get a drink recipe that had me chuckling with how to go about making and drinking it.

## **Jasmine says**

Delilah has gotten out of a bad relationship where her ex stole her money and then kicked her out of the house her money paid for. But she is now working at a casino night club/bar. She has sworn off relationship but keeps sex casual as possible. But when Ryan and Gavin, two of her regulars, come in and ask her for a night with her, will she accept? Will one night be enough?

Ryan and Gavin have wanted Delilah when they first laid eyes on her, but can they both have her? Will she go to them willingly?

This is such a quick, short and sweet story, it will have you hooked. Really enjoyed this book. I received a free copy of this book via Booksprout and am voluntarily leaving a review.

## **Lauren says**

His Vegas bomb is a short story that is part of the cocktail girls novella series. This book is also the first book of Derek Master's that I have read and it won't be the last. I found the writing style easy to follow, the characters likeable and the storyline enjoyable. This story is short, fast paced and hot. I read this book in one

sitting and was satisfied throughout. I liked Ryan and Gavin. I liked that they wanted Delilah and they didn't give up when she kept pushing them away. I liked Delilah. I understood that she had been hurt by her ex and his actions but I wanted her to give Ryan and Gavin a chance. The Chemistry between the three of them was undeniable and the passion between them was through the roof.

Some of the scenes in this story are kindle and pantie melting hot.

I loved that Delilah had a chance to confront Crosby and that she spoke her mind to him.

The storyline for this book is easy to follow and a hot read.
