*Anne McCaffrey , S.M. Stirling*

## **The City and The Ship** Anne McCaffrey , S.M. Stirling

Two novels in one large volume, both set in the same universe as *The Ship Who Sang: The City Who Fought*: Simeon was bored with running the mining and processing station that made up his "body." Then the invaders came. If anyone was to survive, somehow he must transform his wargaming hobby into the real thing and become *The City Who Fought*. *The Ship Avenged*: Ten years later, Joat, the eleven year old techno-demon heroine of the first novel is now an adult herself. She and her ship are on the trail of the Kolnari space raiders, trying to stop them before they can spread an infectious, mind-destroying disease among the inhabited stars and destroy civilization throughout the galaxy.

## From Reader Review The City and The Ship for online ebook

### Philena Garey says

**An exciting book full of action and emotion and even a little bit of religion.**

Both books combine to tell the story of the brain ship Simeon, his brawn, and a young orphan, Joat, who is a mechanical and electronics genius. They battle a cruel and merciless race of aliens through both books. The relationships that develop are interesting and genuine. A very compelling book.

### Soozie Bea says

Great reading!

---

### Theresa says

The City and The Ship (Brainship, #4, #7)  
McCaffrey, Anne  
this book is a combining the stories of two novels

---

### sandra thomas says

#### Long awaited

Great to hear what Joat had been up to Want to hear more about what happened to other characters though.  
Hope we get more books

---

### Eric Tackett says

#### Her book are the best

I love her books and her son does a great job keeping it going. I would recommend these books to everyone

---

### Truitti says

're-'reread October 2009, -read September 2014

---

## **Tom says**

### **Great read**

Certain authors can write a book that is good enough to be read a second or fourth time and still pull at your emotions.

---

## **? BookAddict ✍ La Crimson Femme says**

The combined book of the City who fought with Simeon in it and the Ship Avenged was good. I enjoyed reading them back to back. I still liked Simeon better as the City who fought. I always wondered why there were no additional follow up stories. Simeon, even though he's just a brain physical, was hot to me. His tenacity and smarts did it for me.

## **zjakkeliem says**

I really enjoy these brainship books. I only read the first one in this omnibus, since I understand there's not much brainship in the second. Also, I had quite enough of the bad guys after book 1. They are just a bit overly evil. Or maybe not evil, but then overly ambitious and ruthless, and I don't see why the authors had to make them superblack. Overall, this wasn't my favorite brainship book, but there was still a brainship (well, braincity), and I just love the concept.

---

## **Lavender says**

This book contains 2 volumes from the Brain Ship series. After having read the Crystal Singer series, I decided I wanted to read more about the Brain Ships. I wasn't disappointed. I borrowed the whole set from the library one after the other. I wished there were more.

---

## **Rachel says**

Good follow up to The City Who Fought. Nothing earth-shatteringly new.
