In His Own Defense Ann Jacobs

Lawyers in Love - In His Own Defense By Ann Jacobs Book 1 in the Lawyers in Love series The minute Tony Landry sees his legal opponent across the courtroom, he knows he has to have her. Kristine feels the instant heat as well, but she's determined to do what's right, and Tony's on the wrong side of this case. When the barriers between them evaporate into a night of steamy passion neither can deny, Kristine promises herself it's just for one night -- to get the infuriating man out of her system. But Tony has other plans. To win his heart's desire, he'll have to make the most compelling argument of his career -- to Kristine. in his own defense.

Chele says

My copy of this story can be found in this boxed set: Lawyers in Love: The Defenders

Emma bramley says

This is the first book in the series and what a fab start it is. This is a good easy read you'll want to get your teeth into. The story is about two people finding their happy ever after whether it be together or separate. The story doesn't have many hot and steamy scenes but still a fab story. This book has a fab ending. I can't wait to read more from this author in the future.

Highly recommended

Jo Notary says

157pgs, contemporary, Romantica, Ellora's Cave

Jujubee says

Really enjoyed it.

Sarah says

I wasn't a fan of Tony cos he defended criminals but as the story went on u actually warm up to him. The story does get a little long winded but the ending improves greatly. Really good HEA.

Emily says

Kristine's whole life has revolved around her becoming a lawyer and putting away drug dealers who prey on the innocent. Kristine's sister overdosed and with the haunting memories of her death, she has no remorse when it comes to anyone affiliated with drugs. When her newest trial begins she finds herself up against one of the best defense attorneys out there, Tony Landry.

From the moment Tony sees Kristine in the courtroom, he knows there is something special about her. With her disdain for who he represents, Tony knows he will have to fight to keep her and if there is one thing Tony is good at it is presenting a winning argument.

At first I was not sure I was going to like this book, however midway in I couldn't put it down. I liked Tony, you know he has found the one but for a high profile lawyer he has a hard time showing his vulnerability but is more than willing to show it to Kristine. Kristine battles with herself over where her loyalties lie, has some interesting twists and an enjoyable read filled with scorching chemistry.

Cara Ellison says

This might very well have been a good book but I kept getting tangled up in the details of the legal profession, which were often wrong.

Tanya says

Received this as a free read. Good easy read. Not much sex but the story line was endearing with two people finding their HEA with each other.

? BookAddict ✍ La Crimson Femme says

This was a free read for me. It's a soft erotica with a sweet happily ever after. No complex plot or evil villain. Just two people coming together.
